## Walkthrough

---

FIRTH'S CHASM is a fully refitted 77 Convertible with an Enclosed Bridge, a proven offshore sportfish that artfully combines tournament level fishing capability with true motor yacht comfort. Built on Hatteras' solid fiberglass hull with a 22' beam, this celebrated platform is revered for its seakeeping, generous interior volume, and long range cruising ability. A comprehensive 2024 refit elevates her throughout with all new soft goods, new flooring and carpet, and all new appliances, while a brand new full teak cockpit with a fighting chair anchors a purposeful fishing program augmented by a ten camera Hikvision security system with night vision, two FLIR night vision cameras fore and aft, and a marine Starlink receiver for confident situational awareness and offshore connectivity. The teak cockpit is purpose built for serious angling, offering expansive deck space, mezzanine seating, in deck fish boxes, and dedicated tackle storage, and excellent engine room access keeps service and inspections straightforward, with a layout that deftly supports both competitive crews and an owner operator. Step into the bright, inviting salon to find high quality custom woodwork, large windows, and a comfortable seating plan with a spacious L shaped settee to starboard and fine cabinetry and an entertainment center to port; the salon flows seamlessly forward to the galley and dinette to create an ideal main deck environment for cruising and entertaining. The galley is fully equipped with all new appliances, including a full size Miele refrigerator, new marble countertops, and abundant storage, while the forward dinette offers excellent visibility and a convivial gathering spot; just forward to starboard a utility room houses a new Samsung washer and dryer. Below, FIRTH'S CHASM presents a highly desirable four stateroom, four head arrangement with a full beam amidships master featuring a king

berth, ample storage, and a private en suite with separate shower, a forward VIP with a queen berth and private head access, and two additional guest staterooms—one twin and one double—each with en suite heads to ensure comfortable accommodations for owners and guests alike. The enclosed bridge doubles as a commanding helm and a climate controlled sky lounge; forward the helm affords excellent sightlines and houses an all new electronics suite with three 22" Garmin displays, while aft comfortable seating and entertainment amenities—including an overhead mounted TV with Starlink connectivity and a full bar to port with sink—make it an ideal venue for hosting while underway. Crowning the yacht, the fully equipped sky bridge carries a 22" Garmin display, VHF, bow and stern thruster controls, ABT Trac stabilizer controls with zero speed capability, and a large Garmin gauge display, all newly installed in 2024. The 2011 Hatteras 77 Enclosed Bridge remains one of the most sought after large convertibles on the market, distinguished by exceptional build quality, performance, and versatility—perfect for owners pursuing long range cruising, tournament fishing, and comfortable extended stays aboard.

## Equipment

---

Power comes from MTU 16V 2000 main engines showing 1,876 hours each (port serial # 536107065, starboard serial # 536107064), paired to ZF transmissions and monitored by two MTU displays in the wheelhouse. Comfort and poise at sea are assured by ABT Trac fin stabilizers with zero speed capability, while American Hydraulic bow and stern thrusters enhance close quarters control. Ship's power is supplied by two Onan 27.5 kW generators (60 Hz, 120/240 V) with 2,967 hours to port and 2,837 hours to starboard. Navigation and awareness are elevated by three 24" Garmin displays in the wheelhouse and one on the sky bridge installed in 2024, a Garmin open scanner radar (2024), two FLIR night vision cameras (forward

and aft), and an ACR search light. Running gear and deck equipment include new seven blade Nibral propellers (48x80.5), a Maxwell stainless steel windlass with new polished stainless steel anchor and chain, and a 1,000 lb Nautical Structures davit on the foredeck. The exterior presents with Alexseal "Cloud white" paint and four underwater lights. Systems aboard comprise Cruise Air air conditioning, a VACS America central vacuum system, Bennett trim tabs, an air compressor, Mastervolt battery chargers, a Sea Recovery water maker (AWC 450-1800), a water heater, and LED interior lighting. The cockpit is outfitted for action with a refrigerator, an ice maker, fish boxes with macerator pumps, a salt water washdown, and an ice chipper in the cockpit that needs service, while Glenndenning shore power cable management simplifies hookups. The upper decks feature Sea dek decking. Safety and sound are covered by two six person Datrex life rafts and JL Audio speakers distributed throughout the exterior. Communications include three ICOM VHF radios in the wheelhouse and one on the skybridge—specifically two ICM 605 and one IC M802. Interior conveniences span a full sized Samsung washer and dryer, a trash compactor, and a Fusion microwave. Please note: WILLIAM JET TENDER IS NOT INCLUDED IN SALES PRICE.

## Enclosed bridge

---

The enclosed bridge serves as a refined command center and lounge, featuring two 24" Garmin MFD screens installed in 2024, two ICOM IC M604 VHF units, and one ICOM IC M802 VHF, all complemented by MTU digital engine displays and a Garmin autopilot fitted in 2024. Bow and stern thruster controls fall readily to hand, and a pneumatic sliding door adds a crisp, premium touch. Comfort is equally prioritized with a full sized couch and a full bar, anchored by a 50" Samsung TV for entertainment, while the helm is appointed with a Pompanette Platinum Series helm seat to deliver ergonomic support expected on long passages.

## Sky bridge

---

Above, the sky bridge is all business with three helm seats, one Garmin 8624 MFD 24" screen installed in 2024 and one Garmin 923 MFD 9" screen installed in 2024, MTU controls, and an ICOM VHF for clear communications. Additional seating forward of the helm keeps guests engaged with the action, while a Fusion MS RA55 stereo control sets the soundtrack to the horizon.

## Salon

---

The salon invites easy living, with a full sofa to starboard opposite a day head to port and convenient bridge stairs also to port. Entertaining is effortless at the portside bar with ice maker, while a 55" TV with Bose surround sound faces the forward starboard dinette, and a dedicated wine cooler keeps vintages at the ready.

## Galley

---

Thoughtfully equipped for extended cruising, the galley features a full size Miele residential refrigerator, two freezer drawers, a convection microwave, a Frigidaire cooktop, a trash compactor, a dishwasher, and an ice maker—everything at hand for effortless provisioning and gourmet preparation underway.
