## OVERVIEW

---

The 2024 Sunseeker 76 Misty K marries generous interior volume, spirited performance, and meticulous workmanship in a genuinely luxurious motor yacht. Propelled by twin MAN V12 1550 engines, she offers effortless, economical cruising and presents with impressively low hours; in immaculate, near new condition she is turnkey and ready for immediate enjoyment.

Her accommodation layout comprises four guest cabins plus a dedicated crew cabin, a configuration equally well suited to private ownership or fully crewed operation. On the main deck the salon is composed with the lounge to aft and the dining area and galley forward, creating an airy, contiguous living environment with an efficient service flow. Above, the expansive flybridge defines outdoor life with alfresco dining, generous sunpads, a well appointed bar and an upper helm that provides commanding visibility—features that underscore her identity as a refined performance cruiser.

A broad beam enhances stability and unlocks remarkable interior volume across every deck, while expansive glazing floods the interior with natural light. Below, the staterooms are arranged to maximise privacy, comfort and abundant storage, finished with superyacht level detailing. Modern navigation suites, intuitive helm ergonomics and streamlined systems make the Sunseeker 76 straightforward to handle, equally accessible to an owner operator or a professional crew. As a luxury motor yacht, flybridge yacht and bluewater cruising yacht all in one, Misty K elevates every passage.

# DETAILED DESCRIPTION

---

## 2024 Sunseeker 76 Yacht

---

The 2024 Sunseeker 76, Misty K, presents a refined balance of space, performance and intelligent design, powered by twin MAN V12-1550 engines with exceptionally low hours that deliver efficient, confident cruising and a near-new condition ready for immediate enjoyment. Her thoughtful layout offers four guest cabins plus a dedicated crew cabin, equally suited to private ownership or fully crewed operation, while the main-deck salon places the lounge aft with dining and galley forward to create an open, fluid living environment and an efficient service flow. Designed to optimize interior volume and natural light, the generous beam enhances stability and increases usable space across all decks, and the lower-deck accommodation is arranged to maximize privacy, comfort and storage. The expansive flybridge defines outdoor living with a dining area, sunpads, a bar and a helm station with elevated visibility, and a flybridge hardtop with an electric retractable canopy provides adaptable shade at the touch of a button to ensure comfort from dawn to dusk. Premium specifications elevate life on board: a Beach Club package with drop-down electric BBQ, rain shower and fold-out seating transforms the transom into a waterside lounge; a hydraulic bathing platform handles a tender or jet-ski with ease; tropical air-conditioning rated at 153,000 BTU maintains perfect interior temperatures; and an installed water maker extends autonomy at anchor. Entertainment and finish are equally considered, with a Sonos system featuring multi-zone outdoor audio, teak decks across the cockpit, foredeck and flybridge, and a suite of eight underwater lights that underscore her presence after dark. With modern navigation systems and streamlined controls, including a full Simrad suite, the Sunseeker 76 is easy to operate whether by an owner-operator or a professional crew, and celebrated

for its blend of style and practicality this 2024 example, with minimal use and meticulous upkeep, stands out as a particularly compelling opportunity on today's brokerage market.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
