OVERVIEW

"Tempus Fugit" is offered turnkey and impeccably maintained by Naples Nantucket Yacht Group, presented in genuine showroom condition after a meticulous professional regime. Commissioned by Sunseeker with a complete suite of factory upgrades and further refined upon her arrival in the U.S., she also benefits from bespoke additions and more than \$100,000 invested in premium audio/visual systems. Every service is current, her life safety certifications are up to date, and a fresh bottom job was completed in July 2025. Zero speed stabilizers deliver rock steady comfort both at anchor and underway, and her gloss Wenge joinery and refined interior finishes remain virtually new, creating an elegant atmosphere that befits her dual role as a flybridge cruiser and bluewater superyacht.

A powered hardtop with an electric retractable center panel and a Sunbrella Plus powered awning provide on demand shade and sunlight, while Side Power systems together with hydraulic bow and stern thrusters make close quarters handling effortless. Potable water is produced by a Dometic watermaker with Spot Zero, tropical spec chillers supply a combined 165,000 BTU of air conditioning, and long range electrical needs are met by twin 60 Hz, 29 kW Cummins Onan generators with approximately 1,316 and 1,325 hours respectively. Electronic convenience and security include remote access cameras covering port, starboard, bow, and stern, and two 55 inch rise and fall televisions grace the saloon.

Crew and social amenities are thoughtfully appointed: a separate Miele washer and dryer pair, a stainless refrigerator with a lower freezer for crew use, an upgraded cockpit bar with two stools, an oversized independent refrigerator/freezer on the flybridge, and under mount refrigeration drawers at the bow lounge elevate the entertaining experience. The Sunseeker 76 Yacht combines the confident ride of a new generation deep V hull with

class leading volume and expansive glazing that floods the interior with natural light. The main deck is laid out for effortless entertaining with near 360° sightlines, and exterior spaces balance sun soaked lounging and cool shaded retreats—delivering the definitive experience of a performance flybridge yacht with genuine superyacht presence.
