## OVERVIEW

---

VILLAGGIO is an impeccably maintained 2018 Azimut 77S, presented in a striking metallic blue hull that underscores the clean lines, dynamic performance and contemporary styling that have made the 77S one of Azimut's most desirable sport yachts. Delivered to and retained by her original owner, she has never been offered for charter and has benefited from meticulous care and attentive maintenance since handover, remaining in turnkey condition for immediate enjoyment.

Powered by three Volvo Penta IPS pods with approximately 650 original hours, VILLAGGIO offers spirited speed, precise joystick handling and exceptional maneuverability. The vessel is equipped with two Onan generators showing roughly 850 hours and maintained on schedule, supporting her readiness for cruising. Additional highlights include a Williams jet tender and a personal Jet Ski stowed in the aft garage, duty-paid status and potential private dockage. With a motivated seller receptive to a modest trade, VILLAGGIO presents a rare opportunity to acquire a carefully preserved Azimut 77S sport cruiser.

# DETAILED DESCRIPTION

---

## Features

---

The yacht wears a striking metallic blue hull that immediately announces its presence; a single-owner vessel that has never been chartered, it has been immaculately maintained with all servicing up to date and duties paid. Performance and reliability come from three Volvo IPS units showing approximately 650 original hours, backed by two Onan generators with approximately 850 hours. A Williams tender and a jet ski are neatly stowed in the garage, the yacht is berthed at a private dock, and the owner is highly motivated, with a small trade welcomed for consideration.

## Optional equipment

---

A carefully chosen selection of options enhances both onboard comfort and functional capability, beginning with an extra folding berth in the starboard guest cabin and extending to the inclusion of a bidet and a safe in the master suite. Linen packages are available in a variety of configurations to suit every need: a set of linen excluding the crew cabin, a dedicated set for the crew cabin, sets for the third berth in both crew and guest cabins, and a set of towels for one person supplied with Azimut Log.

Social spaces and relaxation are elevated by a salon bar complete with refrigerator, icemaker and sink, complemented by a wine cooler and Oskar cockpit chairs. A tasteful coffee table adorns the bow, while a co-pilot seat on the flybridge and teak decking on the flybridge provide additional comfort and style. Shade and insect protection are addressed with an electric awning for the aft cockpit and mosquito nets for the portholes, and the vessel's exterior can be finished with a painted hull for a refined aesthetic. Practical upgrades

include a neatly arranged storage compartment beneath the galley floor, wooden flooring for the salon, dinette and helm stat, a hi lo system for the TV (TV not included), and a combined washer/dryer unit.

Handling and seakeeping are bolstered by a cockpit docking maneuvering station and winches with hauling launching fails for jetskis in the garage, while a Seakeeper stabilizer delivers composed motion under way. Navigation and monitoring are provided by the NAVIOP monitoring system in the Medium package, Raymarine AIS 650, the Raymarine Platinum Package, a Raymarine T450 thermal video camera, and an additional Raymarine VHF third station for extended communications. Nighttime visibility and ambiance are catered for by three floodlights on the aft flybridge, two floodlights on the bow, two underwater lights, plus two underwater lights on each side.

## Advanced pack

---

Refine every passage aboard with the Advanced pack, an ensemble of features conceived to enhance comfort, entertainment and control. The cockpit is appointed for effortless hospitality with an integrated barbecue, dedicated icemaker and refrigerator, while the tender bay is safeguarded by a garage door cover curtain and equipped with winches and hauling rails for secure handling. Foredeck amenities include an automatic Sunbrella Bimini that deploys at the touch of a button and elegant sea stairs for graceful water-to-deck access. The primary helm is designed for commanding comfort, offering a co-pilot seat and a comprehensive Raymarine CAM200IP suite with cameras covering the cockpit, flybridge and engine room, augmented by an electric searchlight and electric spare conduits; an additional Seakeeper control station on the flybridge brings stabilization control to the upper helm. Propulsion and handling are enhanced by the OPT AS77 Platinum Volvo package together with the OPT AS77 Zinchi Di Rispetto, and the profile is distinguished by a carbon radar mast paired with a white-finished metal mast,

complemented by a bespoke flybridge layout crafted to your specifications. Crew amenities include separate washer and dryer units within the crew cabin and an extra folding bed in the crew quarters to ensure practicality and rest. Interior finishes showcase elevated materials and refined details, from a salon bar top in Emperador dark marble and a galley worktop in Palissandro marble to Frag Bella model dinette chairs and a dinette table specified to match the 72FLY; an upgraded decor package unites these elements, and alternate leather paneling specified differently from the starboard side can be provided at additional cost.
