OVERVIEW

The 2026 Custom Line Navetta 30 is a tri-deck expression of Italian elegance, marrying generous volume with meticulous finishes to create a refined superyacht experience. Powered by twin MAN 1,000 hp engines, she moves with composed authority, her hull and superstructure finished in Optical White while interiors are softened by Alpi Bleached Grey Oak. The yacht's 320 sqm of total area has been planned to dissolve barriers between interior salons and open-air terraces, forging a fluid relationship between indoor comfort and exterior living.

Of that overall footprint, 207 sqm are dedicated to living and lounging, conceived to accommodate both relaxed days at sea and sophisticated entertainment. A 37 sqm alfresco dining area provides an elevated setting for meals and social moments, while expansive, interlinked walkways and vantage points encourage effortless circulation and a continuous connection with the sea. Atop the profile, a full-length 32 sqm flybridge sundeck serves as an exceptional open-air retreat, anchored by a panoramic sea-view bar that becomes the focal point for sunset gatherings.

Accommodation is arranged to prioritize privacy and comfort: a 35 sqm Owner's Suite on the main deck offers a serene private sanctuary, and the lower deck features four ensuite guest cabins — two doubles and two twins — to welcome family and friends. The crew is accommodated in three ensuite cabins for up to five crew members, ensuring professional and discreet service throughout every voyage.

Stability and comfort have been addressed with a Seakeeper Gyro 70 and Sleipner fin stabilizers, delivering smooth behavior both underway and at anchor. Specified for charter use and built and outfitted for charter operations — subject to commercial registration — she includes an Atlas Marine electrical conversion system for dependable shoreside connections. Every detail has

been considered to emphasize privacy, ease of use and contemporary sophistication, resulting in a 2026 Custom Line Navetta 30 that harmoniously blends space, style and cruising comfort.
