DETAILED DESCRIPTION

Propulsion & steering

A direct-drive configuration channels power with minimal loss to a refined five-blade propeller, converting thrust into silky acceleration, quiet running, and poised control across the speed range.

Electrical

The yacht's electrical architecture operates on 220 V, anchored by one new set of batteries installed in 2024 to provide dependable reserves. A new E-plex system added in 2021 streamlines monitoring and control, while one new set of underwater lights fitted in 2025 bathes evenings at anchor in a captivating glow.

Mechanical

Self-sufficiency and comfort come assured with one water maker installed in 2024, a sanitation system updated in 2021, and one new air-conditioning unit that maintains an ideal onboard climate.

Deck

An Opacmare hydraulic swimming platform lowers at the touch of a button, complemented by an Opacmare hydraulic gangway for effortless boarding. Confidence at anchor is enhanced by one new anchor chain, while the ambiance is freshly renewed with carpets, mattresses, and cushions all replaced since 2023.

Galley & laundry

The galley and laundry are fully equipped, with all-new equipment installed in 2024 to deliver professional capability with effortless, everyday ease.

Audiovisual

Entertainment remains cohesive throughout, with TVs in all cabins replaced in 2018 to ensure consistent viewing quality.

Tenders & toys

Ready for spontaneous adventures, one Williams Jet tender fully overhauled in 2023 delivers spirited performance and dependable access to every anchorage.
