OVERVIEW

AMITATU is a 2024 SUNREEF Sunreef 80 Power, hull 19, conceived from the outset for seamless private use and charter. The galley is set down in the port hull with a dedicated crew stair, allowing a five person team to operate discreetly, while the near full beam saloon, glazed on three sides, flows straight to the aft cockpit so sea, shade and lunch become one continuous space.

Built from day one to the Malta Commercial Yacht Code 2015, she has already completed a Balearic charter season at €85,000 per week—proof of concept for a charter investor and, for a private buyer, a fully finished 2024 yacht on the water versus a distant delivery slot.

Forward is her calling card: the extended jacuzzi package crowns the foredeck within a broad sunpad zone, and a projector with screen converts it into an open air cinema after dark. Teak overlays every exterior deck. Machinery and hotel loads are properly doubled up with two parallel 28 kW generators feeding 240,000 BTU/h of air conditioning, all wrapped in an insulation package whose value is felt within minutes aboard.

Lying Mallorca. Viewings by appointment through the central agent.
