OVERVIEW

The Bering Catamaran BC80 sets a new standard in catamaran innovation. This extraordinary yacht, the largest in its category at 24 meters (78'7"), offers an impressive volume akin to a 120-foot superyacht. Constructed from durable aluminum, the BC80 combines remarkable strength, efficiency, and an unparalleled level of luxury, making it a standout in its size class.

The Bering BC80 is the ultimate vessel for adventurers. Equipped with standard 800 horsepower engines, it glides effortlessly at speeds up to 15 knots. For those desiring more speed, optional engine upgrades are available. However, the BC80's true brilliance lies in its outstanding fuel efficiency. Cruising at 8 knots, it boasts a transatlantic range, perfect for embarking on grand voyages across the ocean. If you're considering a yacht for sale, the BC80 is an exceptional choice in the current boat location. Explore yacht sales and buy a yacht that promises both performance and elegance.
