OVERVIEW

The Sanlorenzo SX76 is a refined 23.75 m (78 ft) crossover motor yacht that blends the classic poise of a flybridge vessel with the adventurous spirit of an explorer yacht. Conceived by Studio Zuccon International with interiors by Piero Lissoni, every space is thoughtfully arranged into a fluid, sociable plan framed by sweeping glazing and an expansive aft deck that doubles as a beach club — an inviting platform for family voyages and elegant gatherings. Accommodating up to 8 guests in sumptuous suites plus crew, the SX76 propels itself with twin Volvo Penta IPS units, achieving a top speed of around 22 knots while maintaining efficient cruising. Infused with Italian refinement and artisanal workmanship, this luxurious superyacht is a versatile flybridge cruiser fashioned for modern yachting.
