OVERVIEW

MOANA is a long range, expedition capable explorer catamaran crafted to access the planet's most remote ocean cruising destinations. Her bluewater credentials were demonstrated on an uninterrupted 3,500 nautical mile passage from San Diego to the Marquesas Islands at 12 knots, a voyage completed with plentiful fuel still in reserve. Combining true ocean going range with versatile, well appointed living areas, MOANA is a luxury power catamaran for owners who wish to pursue bold adventures without foregoing refined comfort.

DETAILED DESCRIPTION

Key features

This seasoned expedition catamaran has sailed in excess of 118,000 nautical miles, a testament to its reliability, and boasts an exceptional 3,500 nautical mile cruising range that has enabled non-stop Pacific crossings. Its shallow draft provides relaxed island-hopping and the freedom to reach remote anchorages, while commendable fuel efficiency makes every passage go further. Built with a GRP hull and superstructure for strength and low maintenance, the yacht combines rugged durability with refined workmanship. In 2026 the main salon AC compressors were replaced to enhance onboard comfort. The interior layout comprises four staterooms accommodating up to ten guests, and a comprehensive fishing fit-out—including a bait tank, rotating fishing stool, and outrigger bases—caters to anglers, while a dedicated diving compressor tank readies the vessel for underwater exploration.

Walkthrough

Designed for transpacific passages, MOANA's 27' beam fills the interior with abundant natural light, creating airy, open living areas while delivering exceptional stability underway. The main salon is arranged to capture sweeping panoramas and to facilitate effortless entertaining, and accommodations for up to ten guests are configured to preserve privacy and ensure luxurious comfort. Generous outdoor spaces invite a life lived al fresco, from sunrise coffee on deck to sunset cocktails overlooking a secluded anchorage. Broad side decks, a practical foredeck and an inviting aft cockpit provide a secure, unobstructed flow throughout the yacht, putting safety first without diminishing enjoyment. Whether crossing the Pacific or easing into shallow anchorages, every area aboard MOANA is engineered for

self-sufficient, long-range cruising while offering the refined comforts expected of an expedition catamaran.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
