OVERVIEW

Ferretti 800 delivered in 2026 and lightly used for a single season, presented in a four-cabin layout and propelled by twin MAN V12 engines of 1,800 CV each. This elegant planing flybridge motor yacht arrives comprehensively equipped with Zero Speed and Seakeeper gyroscopic stabilisation, joystick control at both helm stations, a full Simrad electronics suite, an onboard watermaker and Starlink connectivity. Interiors are finished with carefully curated materials and refined detailing, while the exterior spaces have been arranged for effortless life at sea, with teak decking on the flybridge and bathing platform, engineered sunshade solutions, a foredeck dining area and a flybridge wetbar with galley facilities. With minimal hours and a turnkey specification, AURORE represents a rare opportunity to acquire a late model Ferretti 800 ready to cruise immediately, without the wait of a new build, and a mooring can be made available in Antibes.
