OVERVIEW

The Azimut S8 sportfly is a celebration of outdoor living, sculpted to make the sea effortlessly accessible and every day aboard feel like a carefree escape. A broad hydraulic swim platform lowers to form a private beach-club, while the generous aft cockpit melds cushioned sun loungers, an alfresco dining enclave and a refined grill for slow, convivial meals. Ahead, the bow becomes a tranquil sunward haven with deep sunpads and a retractable awning that offers cool shelter. Above, the flybridge of this performance cruiser doubles as a flexible social salon, complete with a summer galley and an upper helm that invites the owner-operator to relish an involved, spirited drive.

Descend to the lower deck and discover a sanctuary of calm and fine craftsmanship. Four beautifully appointed cabins include a full-beam master suite isolated from mechanical noise to ensure utter serenity. Two twin cabins equipped with Pullman berths and a forward VIP stateroom accommodate up to 10 guests in total, all enriched by bespoke joinery, opening portlights and elegant vanity areas that refine daily routines. Crew quarters are arranged to house three crew, allowing discreet, professional service without intruding on guest comfort.

On the main deck, the salon and dining area flow seamlessly to the outside through a sliding glass door that links interior and aft deck life. Panoramic windows flood the space with daylight, while automated Roman blinds provide privacy at a fingertip. Twin opposing sofas, a concealed pop-up television, and graceful cabinetry create an inviting ensemble for sociability, supported by an interior bar with a dedicated fridge. The glass-topped dining table sits beneath an opening glass roof, crafting a light, airy atmosphere for eight diners. A thoughtfully placed, fully equipped galley enables gourmet preparation without disturbing the tranquil ambiance—perfect for those who seek the refinement of a luxury motor yacht, the sociability of a flybridge yacht and the

dynamism of an open sports yacht.

Beneath the elegant lines lies capability: confident high-speed handling coupled with reassuring poise and stability at anchor, aided by advanced systems such as a Seakeeper stabilizer, DPS and the Naviop suite among other integrated technologies. A tender garage houses a 4 m tender along with a jet ski and a full complement of water toys, and expansive deck areas reinforce the floating-villa feel that defines the S8.
