OVERVIEW

July 10, 2025 Preliminary Listing: Additional details and photos to come:

"Ritz Sea" offers a rare opportunity to acquire one of the most stunning 80-foot Hatteras Motor Yachts on the market. This yacht, with its enclosed bridge and expansive open deck, is ideal for hosting sizable gatherings.

In 2025, she received numerous decor updates, giving her a fresh, new feel. The salon, skylounge, and lower accommodations now feature new carpeting. A custom-designed sofa enhances the salon, paired with a bespoke glass dining table and chairs, as well as matching bar stools. An occasional salon chair with storage adds to the allure.

The lower deck boasts new padded fabric wall coverings, along with updated comforters, sheets, bedding, and accent pillows. The foredeck is fitted with new cushions, sheltered by a custom gypsy-style awning.

In March 2025, a cutting-edge Starlink system and a Yacht Controller were installed. The yacht has been meticulously cared for with ongoing upgrades, as outlined in the specifications.

The yacht includes a spacious platform for the tender, making it easy to deploy and access the water for children and grandchildren. Every aspect of "Ritz Sea" has been thoughtfully crafted, including a large aft deck with boarding gates on both port and starboard sides. A generous bench seating area with a teak table and matching chairs offers an alfresco dining experience.

Through double stainless steel sliding glass doors, you enter a full-beam salon featuring a custom-built sofa to port and a lowered custom bar to starboard, allowing unobstructed views throughout. The dining area, located forward in the salon, includes a new table and chairs for eight, with backlit china storage enhancing the formal dining ambiance.

Moving forward from the dining area, you enter a well-appointed galley with an

island counter and full-sized appliances, providing all the comforts of home. The forward section of the galley includes a large settee for casual conversations and light meals.

The Hatteras 80 offers the spaciousness of a much larger yacht, with four staterooms, each equipped with ensuite heads. At the base of the grand staircase, a large foyer houses a concealed washer and dryer, along with a linen closet.

The Master Stateroom, located aft of the foyer, features a full-beam layout with a California King Bed and large port lights for natural illumination. Underwater lights create a romantic atmosphere at night. The Master Head includes separate His and Hers facilities with a central shower, all adorned with high-quality stonework.

The three forward staterooms consist of two VIP rooms, each with ensuite heads, and a fourth stateroom with crisscross over-and-under berths and an ensuite head.

Ascending an indoor staircase from the galley, you enter a spacious Sky Lounge with ample seating for cruising or entertaining. A walk-up galley/bar aft serves the large seating area, which can be covered with a gypsy awning.

No other 80-foot Hatteras has been crafted with such attention to detail, featuring original factory upgrades and continuous enhancements throughout its ownership.

DETAILED DESCRIPTION

Recent upgrades

Over the past few years, the yacht has been meticulously upgraded, maintaining its status as a leader in luxury and functionality. In March and April of 2025, new carpeting was laid throughout the enclosed bridge, salon, and lower accommodations, enhancing both aesthetics and comfort. The salon now features a custom sofa with bespoke fabric and storage, paired with a new glass-top dining table and matching chairs, as well as low-profile bar stools at the salon bar. The lower accommodations boast padded wall coverings, and mirrored accents in the salon's forward cabinets create a sense of spaciousness. The master headboard has been reupholstered, and new bow cushions have been added. All staterooms now have custom bedding and accent pillows, and a new yacht controller has been installed for improved navigation.

In 2024, the yacht's rudders were removed and fitted with new seals, and the hull was waxed to preserve its pristine condition. Two new hydraulic rams were added to the swim platform, and the Head Hunter waste treatment plant was upgraded. The master cabin was enhanced with new blinds, blackout curtains, and galley cushions. All countertops were polished and sealed, and tables were refinished. The generator hours are recorded at 4,760 for the port and 4,790 for the starboard. Four new Apple TVs were installed, along with a new refrigerator on the aft deck and a new crew refrigerator and chest freezer. The ABT stabilizer controller was upgraded, and the hull underwent a comprehensive three-step waxing process. The rudders and stabilizers received full servicing, and the master stateroom headboard was reupholstered.

In 2023, the flybridge windows were resealed, and the props were balanced.

The hull and topside were fully polished, and the engine and generator services were completed. The Hatteras monitoring system was upgraded to a glass panel touch screen, and both 100 amp power cables were replaced with 125-foot cables. Remote controls were added for the Glendenning cable masters, and the exterior camera system was enhanced. The flybridge tables were refinished, and the Headhunter Treatment Plant was serviced. The water maker and spot zero machines also received maintenance. New exterior covers, boarding stairs, fresh water pumps, and windlass servicing with anchor chain marking were added. The bottom paint was refreshed, new cutlass bearings were installed, and two new underwater lights were added.

In 2022, the yacht was fitted with 10 blue and white underwater lights and a new JL Audio sound system with a subwoofer for the aft and bow. The master stateroom received a custom, top-tier handcrafted mattress. A hydraulic lift swim platform was installed, along with blue and white LED exterior lighting. The helm monitor was upgraded to a touch screen, and a Marine NAV system was added. The galley now includes a Wolf 4-burner induction stove top, and the salon is illuminated with LED lighting. A cabinet was added behind the bar, and a forward sun pad was installed. Awnings and sunshades were added to the aft sky lounge deck and forward areas, and the windows were tinted for heat reflection. New cushions were installed throughout the exterior, and hydraulic HI/LO tables were added to the exterior bridge deck. The upper aft deck sky lounge received a new teak deck in 2018. The Hatteras monitor systems were updated with a new ship's computer, and new aftercoolers were installed on the engines in December 2021. GP Link engine monitoring was installed in 2022, along with new underwater lights, ensuring the yacht remains at the forefront of technology and luxury.

Aft deck

The aft deck of this yacht seamlessly combines practicality with opulence,

crafted to elevate your time on board. On the starboard side, a fold-down wing station offers effortless control for smooth navigation. A freshwater wash-down outlet ensures the deck remains immaculate, while a stairwell door grants easy entry to the crew quarters and engine room. Steps on both the port and starboard sides lead to the side decks, facilitating easy movement around the vessel. The deck is bathed in overhead DC LED lighting, with options for blue and white hues to create the ideal atmosphere. Safety is a top priority, with AC duplex outlets featuring ground fault protection. Boarding gates on the port and starboard side decks are paired with a new teak deck, adding a sophisticated touch. The port side of the flybridge features a Macassar Ebony cabinet, and molded bench seating with cushions and covers offers both comfort and elegance. The aft deck is further enhanced by Crown LTD table pedestals and a custom Macassar Ebony table, perfect for dining under the open sky. For entertainment, an electric fold-down TV drops from the ceiling, while the JL audio system delivers premium sound throughout the area.

Salon

The salon of this yacht exemplifies modern elegance and luxury, creating a welcoming and refined environment. In 2025, a bespoke sofa was added, blending comfort with style. The high-gloss buffet cabinet introduces a layer of sophistication, while the Macassar Ebony dining table, crafted by Release Marine, acts as a striking focal point. Paired with the table are Linrose dining chairs, set on custom dinette pedestals by Crown Ltd, offering a dining experience that is both opulent and comfortable. The salon also includes a Macassar Ebony cocktail table, enhancing the cohesive aesthetic.

A notable feature is the aft deck's welded and polished stainless steel sliding door, which effortlessly merges the salon with the outdoor area. The custom uplit sunken wet bar, featuring an onyx backlit countertop, stands out as a

sophisticated entertainment space. Beneath the counter, a Sub-Zero ice maker and refrigerator ensure that refreshments are readily available. The floor of the sunken bar is finished with Athens Grey Piano Brick tile, adding a modern touch, while the rest of the salon showcases Dellamano Frangelico custom wood flooring.

For convenience and ambiance, electric blinds are installed throughout the salon, allowing for easy adjustment of natural light. The Control 4 AV Automation system offers cutting-edge entertainment options, with a TV that emerges on the starboard side for optimal viewing. A Control 4 touch pad provides intuitive management of the salon's features, ensuring a seamless and luxurious experience.

Galley

The galley of this yacht is a gourmet's paradise, outfitted with premium appliances and sophisticated finishes that blend functionality with elegance. Central to the galley is the Wolf Oven SO30F/S L-Series, paired with a Wolf Cooktop CT301/S induction cooktop, offering precise cooking capabilities. The galley island includes a seamlessly integrated Wolf Microwave MD24TE/S drawer unit for added convenience. For dishwashing, the Miele Diamond G5915SC1 dishwasher delivers sparkling results, while the Miele Ventilation Stove DA 1180 effectively handles cooking odors.

Wine lovers will appreciate the Sub Zero 424 wine chiller, nestled within a stainless steel cabinet on the port side of the galley, ideal for maintaining your collection at the perfect temperature. The galley also features a Sub Zero upright refrigerator with a freezer and icemaker, providing ample storage for all your provisions. A forward outboard cabinet near the galley sink area includes a slide-out trash can for easy waste management.

The galley is designed with stainless steel pedestals supporting a stone table, complemented by finished wood storage cabinets that offer plenty of space for

all your culinary essentials. Stainless steel sinks and stone countertops with a matching backsplash add a layer of sophistication, while a 1/2 HP continuous feed garbage disposal ensures efficient waste processing. The stone countertop center island not only provides additional storage but also serves as a central hub for meal preparation. A conveniently located control touch pad offers easy access to various galley functions, making this space both practical and luxurious.

Day head

The day head on this yacht exemplifies refined elegance and meticulous design, offering both practicality and style. The area boasts custom tile flooring that establishes a sophisticated ambiance, complemented by hardwood baseboards that introduce a touch of warmth. The walls are embellished with custom tiles from Walker Zanger, enhancing the room's luxurious atmosphere. A stone countertop provides a robust and elegant surface, while the base cabinet offers generous storage and is topped with a glass mirror for added convenience.

The ceiling features a unique plexi-mirrored finish, creating an illusion of expanded space and light. Practical elements include a towel ring and a freshwater toilet, ensuring comfort and ease of use. An AC air freshener blower, operating at 120 volts, maintains a pleasant environment, while a holding tank indicator light alerts you when the tank reaches three-quarters capacity.

The forward lower companionway is fitted with custom wood flooring by Dellamano Frangelico, adding a layer of sophistication. A cedar-lined storage locker offers a dedicated space for linens, and a Whirlpool oversized washer/dryer ensures laundry tasks are handled effortlessly. The stairway leading to the salon is thoughtfully illuminated, enhancing both safety and ambiance. Flush panel doors with doorstops lead to the heads and

staterooms, ensuring privacy and a seamless aesthetic throughout the yacht.

Master stateroom

The master stateroom of this yacht is a haven of opulence and relaxation, thoughtfully crafted to deliver an unmatched experience. At its core is a bespoke king-sized berth, featuring an upholstered headboard, luxurious spread, throw pillows, shams, sheets, and a mattress pad, all designed to ensure a peaceful night's rest. The HMC System 5 mattress offers exceptional comfort and includes cedar-lined storage beneath, providing a practical space for personal belongings.

The stateroom is outfitted with full-length mirrors and auto-light cedar-lined storage and hanging lockers, offering generous room for clothing and accessories. Dressers are strategically placed to port and starboard, while nightstands with drawers provide additional storage solutions. The room is embellished with Walker Zanger custom tile work, infusing elegance throughout the space.

For added convenience, the master stateroom includes custom His and Hers heads, ensuring privacy and comfort. The custom carpeting underfoot enhances the luxurious ambiance, while Roman shades and Duette blinds with custom wood valances offer both style and practicality. Port and starboard opening portlights allow natural light to fill the room, complemented by electric blinds for effortless light management.

A Control 4 touch pad provides intuitive control over the stateroom's various features, ensuring a seamless and personalized experience. To elevate the ambiance, underwater lights are positioned outside the windows, creating a captivating view and a serene atmosphere. This master stateroom perfectly combines elegance, comfort, and modern technology, making it a true sanctuary on the water.

Vip port

The VIP port stateroom on this yacht is a lavish haven crafted to provide guests with supreme comfort and sophistication. At its heart lies a queen-sized HMC System 5 mattress, promising restful and refreshing sleep. The bed is elegantly dressed with a custom bedspread, throw pillows, standard pillows, pillow shams, sheets, and a mattress pad, all contributing to a plush and welcoming ambiance. The berth bases are upholstered, adding an extra touch of refinement.

A full-length mirror amplifies the sense of space and light in the room, while an auto-light cedar-lined hanging and storage locker offers generous space for clothing and personal belongings. Above the berth and along the hull side, blanket lockers provide additional storage options. The custom carpet underfoot adds warmth and comfort, enhancing the stateroom's overall luxurious atmosphere.

Nightstands with drawers are conveniently positioned for extra storage, and guests will appreciate the private head access, ensuring both convenience and privacy. Electric blinds allow for effortless adjustment of natural light, creating the perfect mood at any time of day. A Control 4 touch pad offers intuitive management of the room's various features, enabling guests to customize their environment to their liking. This VIP port stateroom perfectly combines comfort, style, and modern technology, making it an ideal retreat on the water.

2nd vip stateroom (bow)

The second VIP stateroom, situated at the yacht's bow, is a sanctuary of opulence and comfort, crafted to offer guests an extraordinary stay. At its heart lies a queen-sized HMC System 5 mattress, ensuring restful and refreshing sleep. The bed is adorned with a custom bedspread, throw pillows, standard pillows, pillow shams, sheets, and a mattress pad, all contributing to

a plush and welcoming atmosphere. The berth bases are upholstered, adding a layer of sophistication to the space.

A full-length mirror amplifies the sense of space and light, while an auto-light cedar-lined hanging and storage locker provides generous room for clothing and personal belongings. Above the berth and along the hull side, blanket lockers offer additional storage options, maintaining a tidy environment. The custom carpet underfoot adds warmth and comfort, enhancing the stateroom's overall luxurious ambiance.

Nightstands with drawers are conveniently positioned for extra storage, and guests will appreciate the private head access, ensuring both convenience and privacy. Electric blinds allow for effortless adjustment of natural light, creating the perfect mood at any time of day. A Control 4 touch pad offers intuitive management of the room's various features, enabling guests to customize their environment to their liking. This second VIP stateroom perfectly combines comfort, style, and modern technology, making it an ideal retreat on the water.

Guest stateroom forward

The forward guest stateroom on this yacht is crafted to provide a cozy and inviting retreat for visitors. At its center lies an HMC System 3 mattress, adorned with a custom spread, pillows, throw pillows, shams, sheets, and a mattress pad, all ensuring a restful and luxurious sleep. The room features an auto-light cedar-lined hanging and storage locker, offering generous space for clothing and personal belongings, while a full-length mirror amplifies the sense of space and light.

Conveniently positioned nightstands on both port and starboard sides offer additional storage, and overhead cabinets on each side provide further organizational options. The stateroom is fully carpeted, adding warmth and comfort underfoot. Guests will appreciate the private access to the head, ensuring both convenience and privacy during their stay.

A Control 4 touch pad is available for intuitive management of the room's various features, allowing guests to tailor their environment to their preferences. This forward guest stateroom seamlessly blends comfort, style, and modern technology, making it an ideal space for relaxation and rest.

Captain's quarters

The captain's quarters on this yacht are meticulously crafted to offer a comfortable and efficient living area for the captain. At the heart of the quarters lies a queen-sized base and mattress, equipped with the HMC System 3 for superior comfort. The bed is elegantly adorned with a custom spread, throw pillows, standard pillows, shams, sheets, and a mattress pad, ensuring a restful and luxurious sleep setting.

The quarters feature an auto-light cedar-lined hanging and storage locker, providing generous space for clothing and personal belongings. A conveniently placed nightstand offers additional storage, while a full-length mirror enhances the sense of space and light in the room. The entire area is carpeted, adding warmth and comfort underfoot.

For modern convenience, a Control 4 touch pad is available, allowing the captain to effortlessly manage various features of the quarters. Additionally, the quarters are equipped with a Garmin depth and anchor alarm, delivering crucial navigational information and peace of mind. These captain's quarters seamlessly integrate comfort, style, and functionality, making them an ideal retreat for the captain while on board.

Crew lounge and quarters

The crew lounge and quarters on this yacht are thoughtfully designed to offer a comfortable and efficient living area for the crew, ensuring they have all the essentials to perform their tasks effectively. The sleeping arrangements

include HMC System 3 mattresses, adorned with custom spreads, throw pillows, standard pillows, shams, sheets, and mattress pads, creating a restful and welcoming atmosphere. The berth bases are upholstered, adding an extra layer of comfort and style.

The quarters feature over/under berths specifically designed for the crew, optimizing space and functionality. A cedar-lined hanging and storage locker with automatic lighting provides ample space for clothing and personal items, while a dedicated crew storage drawer offers additional organizational solutions. Custom fridge drawers, along with a Jen-Air microwave unit and coffee maker, ensure the crew can easily prepare meals and refreshments.

Access to the crew quarters is conveniently provided via the aft deck stairwell, and a door with a viewing window leads directly to the engine room, facilitating easy monitoring and maintenance. The area is finished with custom tile flooring, adding durability and a clean aesthetic. A watertight door from the swim platform ensures safety and security.

For modern convenience, a Control 4 touch pad is available, allowing the crew to effortlessly manage various features of their quarters. These crew lounge and quarters seamlessly integrate comfort, practicality, and modern technology, making them an ideal space for the crew to relax and recharge.

Crew head

The crew head on this yacht is thoughtfully crafted with both practicality and comfort in mind, ensuring the crew has access to all essential amenities. The space is outfitted with HMC System 3 mattresses, adorned with custom spreads, throw pillows, standard pillows, shams, sheets, and mattress pads, creating a restful and welcoming atmosphere. The berth bases are upholstered, adding an extra touch of comfort and elegance.

The crew head includes over/under berths, optimizing space and functionality

for the crew. A cedar-lined hanging and storage locker with automatic lighting provides ample room for clothing and personal items, while a dedicated crew storage drawer offers additional organizational solutions. Custom fridge drawers, along with a Jen-Air microwave unit and coffee maker, ensure the crew can easily prepare meals and refreshments.

Access to the crew head is conveniently provided via the aft deck stairwell, and a door with a viewing window leads directly to the engine room, facilitating easy monitoring and maintenance. The area is finished with custom tile flooring, adding durability and a clean aesthetic. A watertight door from the swim platform ensures safety and security.

For modern convenience, a Control 4 touch pad is available, allowing the crew to effortlessly manage various features of the head. This crew head seamlessly integrates comfort, practicality, and modern technology, making it an essential component of the crew's living quarters.

Enclosed flybridge and deck

The enclosed flybridge and deck of this yacht exemplify luxury and cutting-edge nautical design, offering an ideal mix of comfort, elegance, and modern technology. At the helm, electric Pompanette captain and companion chairs provide a commanding view and supreme comfort. The aft section of the flybridge features custom seating with built-in storage, complemented by Macassar Ebony tables with Hi-Low functionality, perfect for both entertaining and relaxation.

The area is adorned with custom exterior throw pillows and Release Marine custom chaises, offering a luxurious lounging experience. Crowne Ltd pedestals support both the aft deck table and the lounge table, adding a touch of sophistication. A custom wet bar, complete with a sink, ice maker, and refrigerator, ensures that refreshments are always within reach. Sub-Zero appliances, including an ice maker, wine storage, and drawer fridge, provide

top-notch convenience and style.

The flybridge is equipped with a control station featuring single lever clutch and throttle electronic controls, complete with emergency backup and engine synchronization. A dimmable light compass and a comprehensive control console with storage and DC lighting enhance the navigational experience. The Ethernet monitoring system, with an LCD touch screen display, provides audible and visual alerts for various parameters, including carbon monoxide detectors, bilge pump control, and fire warnings, ensuring safety and peace of mind.

The flybridge windows are tinted with V-Cooling, and the area is finished with Dellamano Frangelico custom wood flooring, adding to the sophisticated ambiance. An electric aft window to the outside and fold-down wing stations on the boat deck port and starboard enhance functionality. The flybridge also features electric intermittent windshield wipers with safety glass, elevated L-shaped lounges with storage, and a Macassar Ebony table with a stainless steel pedestal.

For entertainment, a pop-up TV and Garmin electronics, including an auto pilot, are available. The HATTERAS patented quick disconnect freshwater wash down and dual Control 4 touch pads ensure convenience and control. This enclosed flybridge and deck are crafted to deliver an unparalleled yachting experience, blending luxury, functionality, and state-of-the-art technology.

Engine room and electrical systems

The engine room and electrical systems of this yacht are expertly crafted to guarantee peak performance, safety, and efficiency. The yacht is fitted with two 24-volt banks of heavy-duty batteries housed in fire-resistant fiberglass boxes, alongside 12-volt marine batteries, ensuring robust power support. Navigation lights and smoke detectors are strategically positioned throughout the bilge and engine compartment to enhance safety.

The water lines are made from durable polyethylene, and the area is illuminated by both AC fluorescent and DC LED lights. A DC ventilation blower ensures proper air circulation, while the engine and generator are equipped with freshwater fill hoses for easy maintenance. An OMNI directional TV antenna and carbon monoxide detectors are installed throughout, providing both entertainment and safety.

The electrical systems include ground fault protection on AC duplex outlets, with DC LED lights and a 240-volt automatic battery charger compatible with gel and lead-acid batteries. Wiring is tin-coated, labeled, and color-coded for easy identification, and magnetic circuit breakers are present on both DC electronics and AC/DC distribution panels. The AC receptacles and lighting circuits are equipped with ground fault protection, and the rudder shelf is constructed from pultruded fiberglass for durability.

The battery control panel includes fuses and isolation switches, while the AC compressors are soft-starting, 4-ton units with reverse heating and chilled water air conditioning. The AC compressed air system features an air line and regulator, and the dockside water inlet is equipped with a pressure regulating valve and automatic tank fill. All underwater through-hull fittings are electrically bonded and feature bronze/chrome ball valves through-bolted in solid fiberglass.

The yacht is equipped with heavy-duty float switches and protective guards, with bilge and sump pumps operating at 24 volts DC, capable of handling up to 3700 gallons per hour. An automatic battery paralleling system, two 100 AMP 240-volt transformers, retractable shore power cords, and wireless remote controls ensure seamless power management.

The AC switching panel includes source selector switches, volt meter, ammeter, frequency meter, and generator controls, with distribution panel selector switches for comprehensive power management. The FM 200 fire extinguishing system provides automatic and remote manual controls, with

visual and audible discharge alerts for the main engines and generator room. The yacht is powered by two 27.5 KW electronic quiet diesel Onan generators, with fuel filter water separators and electric priming pumps for the engines. The freshwater system includes a pressurized 230-volt pump for AC water heaters, with tanks ranging from 6 to 30 gallons. The FRP fuel tanks are constructed with fire-retardant resin and coated with fire-retardant paint, while the FRP water and holding tanks are equipped with a 24-volt DC waste pump for dockside pump-out. The system also includes two sealed shower sumps and duplex fuel filters with water separators and a bypass manifold, ensuring efficient and reliable operation.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
