OVERVIEW

Confident and assured, this 2020-built 80 foot luxury motor yacht epitomizes an elevated approach to modern cruising, offering rare proportions, meaningful range, and refined styling. Her hull is fashioned from advanced composite fiberglass and she carries a matching fiberglass deck, a construction that yields strength and stiffness offshore while keeping noise and vibration beautifully muted for composed passage-making. A generous 22 foot beam translates into exceptional interior volume and notable stability, and her purposeful hull form and appreciable draft give a steady, seaworthy motion in open water.

Underway she is driven by twin MAN inboard diesel engines, a propulsion package that combines dependable power with efficient long-range performance—ideally matched to extended passages or unhurried coastal exploration. Tankage has been laid out for serious cruising: 2,700 gallons of diesel and 400 gallons of fresh water are incorporated into the design, putting distant horizons well within reach without concession.

Step aboard to find a calm, contemporary environment where fine joinery, clean lines, and considered ergonomics create inviting communal spaces. The expansive salon welcomes relaxed entertaining—an elegant setting for sunset cocktails, leisurely brunches at anchor, or quiet conversation. Below decks the accommodation plan prioritizes privacy and comfort with a flexible stateroom arrangement served by four well-appointed heads. Two dedicated crew cabins allow for professional service and efficient operations while preserving owner and guest privacy.

On deck the broad beam produces generous exterior living areas: al fresco dining, tranquil morning coffee spots, and lively social spaces flow naturally from cockpit to flybridge. Secure, thoughtfully arranged passageways and a raised pilothouse layout enhance visibility and ease of movement, while the

yacht's refined acoustic and vibration characteristics reinforce the sense of tranquil luxury at sea. Whether hosting a celebratory weekend or embarking on a longer itinerary, she moves with an effortless poise that lifts every moment.

Located in the United States and available for inspection, this motor yacht blends the best of a luxury yacht, sport yacht, and cruiser into a single raised pilothouse platform with real range, real comfort, and unmistakable presence. The seller will consider clean trades.

DETAILED DESCRIPTION

Preliminary listing

This is a preliminary listing while we finalize specifications, photography, and a comprehensive equipment inventory; equipment, dimensions, performance figures, and pricing are currently being verified and may be revised without prior notice. The yacht is undergoing professional market preparation with fresh service, detailing, and documentation underway, and additional imagery, a walk through video, and the complete specification will be published shortly. Early inquiries are welcome — register your interest to receive priority updates and to arrange a private viewing, a sea trial, and a survey as soon as scheduling permits.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
