## OVERVIEW

---

Please be aware that this listing showcases a model specification for a new build and not an actual vessel available for purchase. For further details regarding this model and its availability, please reach out to us.

The latest design embodies contemporary elegance, offering a seamless blend of space and style, with thoughtfully designed interior and exterior areas perfect for entertaining. As the smaller counterpart to the acclaimed FD85 motoryacht, the newly introduced Horizon FD80 Skyline optimizes interior space with its striking floor-to-ceiling glass panels, flooding the salon, dining area, and on-deck master stateroom with natural light and breathtaking views. Below deck, three additional staterooms, including two VIP suites, maintain the spacious ambiance, while a cleverly placed window in the garage brings sunlight into the beach club area.

Offered in both Skyline and Open Bridge configurations, the FD80 features outdoor spaces that rival those of larger motor yachts exceeding 90 feet. The side wing stations enhance visibility during docking, and the expansive bridge deck aft is designed to accommodate a 16-foot tender. This innovative motoryacht combines the luxury of a megayacht with the practicality desired by owner-operators, making the Horizon FD80 an exceptional choice in the current boat location for those looking to buy a yacht. Explore yacht sales in the current boat location and discover the allure of this remarkable yacht for sale.
