OVERVIEW

OUTRAGEOUS is a 2005 Hatteras 80 Motor Yacht, an original-owner vessel cared for with evident devotion and cruised between the Northeast, South Florida, and the Bahamas. Renowned as a superb platform for family and entertaining, she is powered by twin engines rebuilt less than 400 hours ago for confident, reliable performance. A professional paint job in 2023 complements her Bristol presentation, reflecting a no-expense-spared maintenance ethos. The original build sheet remains aboard, detailing a comprehensive suite of upgrades that underline her exceptional pedigree. A recent survey noted only minor items, all promptly remedied, underscoring her turnkey status.

Notable features include four ensuite staterooms; upgraded electronics at both upper and lower helms; all-new diamond-stitched upholstery on the flybridge, Stidd chairs, and barstools; new teak on the swim platform, cockpit, and exterior stairs; fully replaced galley equipment; new carpet throughout; and refreshed lounge cushions at the lower helm.

DETAILED DESCRIPTION

Description

OUTRAGEOUS is a 2005 Hatteras 80 Motor Yacht, with an overall length of 80 ft. She has been owned and meticulously cared for by her original owner, and operated by the same captain since purchase. The twin CAT C30 engines were rebuilt less than 400 hours ago, and the yacht underwent a professional repaint in 2023. The accommodation layout offers four staterooms, each ensuite, while electronics have been upgraded at both the upper and lower helms. The flybridge showcases all-new diamond-stitched upholstery, including Stidd chairs and barstools. New teak has been installed on the swim platform, cockpit, and exterior stairs. All galley equipment has been replaced, and new carpet has been fitted throughout, with lounge cushions at the lower helm recovered. A recent survey identified only minor items, which have been addressed. The original build sheet, containing a comprehensive list of upgrades, is onboard. The vessel is presented turnkey and inspections are welcome; serious offers are encouraged. Shestakov Yacht Sales.

UPGRADES & REFITS

OUTRAGEOUS is a 2005 Hatteras 80 Motor Yacht, length overall 80 ft.

Additional Options List available upon request.

Exterior work includes a complete paint job of the superstructure and hull completed by LUU MARINE; a newly made full set of upper helm seats and couch cushions along with two wooden couches and two wooden chairs; a new full enclosure for the flybridge; a new teak swim platform and aft stairs; new flybridge grills; a new flybridge freezer/refrigerator; and a new removable handrail installed around the aft area of the flybridge.

Interior upgrades comprise new galley appliances including microwave, stovetop, stove, dishwasher and trash compactor; new lower helm settee lounge backs and seats; replacement countertops and sinks in three lower forward heads and replacement of all drain and water fixtures in all heads on the boat; a new TV and sound bar in the main salon; a new satellite radio for the flybridge; new headliners and wall coverings throughout the vessel completed by Powless Draperies; all new mattresses throughout; all new carpet; main salon couch recovered; and new mirrors in the master room and VIP stateroom.

Crew quarters work includes new flooring; a new freezer and refrigerator; a new washer and dryer; and new wall coverings in the captain's and crew quarters.

Electronics have been replaced with all new Garmin equipment, consisting of four screens on the flybridge plus the Hatteras information screen, four screens on the lower helm plus the Hatteras information screen, readouts for depths, radar, ASI and Noble Tech, two new VHF radios, and new antennas.

Engine room and propulsion work comprises a complete engine overhaul carried out by Fabick Caterpillar; complete rebuilds of both transmissions by ADR; engine alignment and engine sea trial vibration analysis by Datum; Naiad stabilizers fully serviced and the entire system serviced by Naiad; new shafts and new propellers; two new air compressors in the engine room; a new davit pump serviced by Marquip; a bottom job including removal of shafts and propellers for reconditioning; and fuel tank cleaning with fuel centrifuged.

Hours on engines as of March 1, 2025: port engine serial number 00505 — 4,705 hours; starboard engine serial number 00500 — 4,711 hours.

Services after engines rebuilt:

Broker: Shestakov Yacht Sales.

SWIM PLATFORM

OUTRAGEOUS is a 2005 Hatteras 80 Motor Yacht with an 80 ft LOA. The swim platform is molded fiberglass with a nonskid sole and Teak Decks. A freshwater wash down outlet with hose connection and Hatteras patented quick disconnect is fitted, along with a handheld hot/cold cockpit shower with cover. Molded-in fiberglass steps with DC lights lead to the aft deck. Two fixed cleats and a centerline boarding ladder are provided, and a weathertight Pacific Coast door gives access to the crew's quarters and engine room. Shestakov Yacht Sales

COCKPIT

The cockpit of OUTRAGEOUS, a 2005 Hatteras 80 Motor Yacht with an 80 ft LOA, features an AC duplex outlet and AC lighting integrated into the hardtop. Dual molded fiberglass steps, port and starboard, lead to the swim platform and are fitted with lights. Welded and polished 316L stainless steel gates secure the area, and the molded fiberglass surfaces—including the sole, decks and steps to the flybridge and swim platform—are finished with nonskid. A curved polished stainless-steel sliding door opens to the salon, and a full hardtop shelters the space. A molded lounge with vinyl-covered polyfoam cushions provides seating and includes storage beneath with a cover. A door with a stairwell gives access to the crew's quarters and engine room, and additional steps lead to the side decks, port and starboard. Two molded flood lights are installed in the overhang.

SALON

OUTRAGEOUS is a 2005 Hatteras 80 Motor Yacht whose salon blends display-worthy elegance with comfortable living. A lighted china cabinet graces

the forward bulkhead, housing a wine chiller, sink and storage, all set beneath Old Gold granite countertops surrounding the sink. The salon ceiling is adorned with a custom decorative headliner treatment and a Whisperwall headliner, while finished wood bulkheads in African mahogany receive a high gloss polyester finish. Custom-designed decorative wood valances with roman shades and silhouettes sit in recessed pockets, and bespoke African mahogany columns with distinctive bases provide architectural emphasis. A custom soffit sits above the dining table.

Large welded and polished curved stainless-steel sliding doors open to the aft deck, and fixed frameless windows of tinted safety glass invite light. The space is carpeted and furnished with throw pillows. Climate comfort is maintained by chilled water air conditioning dispersed through decorative valances to port and starboard, complemented by AC and DC light fixtures, AC dimmable lights, and AC duplex outlets. Convenience items include an icemaker and a telephone outlet.

Entertainment is provided by surround sound speakers and an entertainment center featuring a new 50" 4K TV with AM/FM surround sound stereo receiver and DVD/CD player.

GALLEY

Outrageous, a 2005 Hatteras 80 Motor Yacht, presents a galley defined by finished wood bulkheads with a high gloss polyester finish in African mahogany and a Whisperwall headliner. Fixed frameless windows with tinted safety glass invite natural light, while Old Gold Granite countertops and backsplash harmonize with stainless sinks and finished wood storage cabinets. In 2024, all GE kitchen appliances were replaced. Refrigeration is provided by a stainless steel SubZero Model 685 upright AC refrigerator with freezer and icemaker. A 1/2 hp continuous feed garbage disposal and a trash compactor are installed. Electrical and service fittings include a telephone outlet, AC and

DC light fixtures, AC dimmable lights, AC duplex outlets, SMX HVAC compartment control, and audio control with speakers. The galley is arranged in a U-shape with upper cabinets.

DAY HEAD (On Main Deck)

Outrageous is a 2005 Hatteras 80 Motor Yacht, 80 ft LOA. The day head on the main deck features Old Gold granite countertops and backsplash, custom vinyl wallcovering, an upgraded glass mirror in lieu of plexiglass on the aft side and ceiling, an integral sink with storage cabinet, a Headhunter freshwater toilet, a recirculating fan, AC and DC light fixtures, AC duplex outlets, and an air conditioning vent. Shestakov Yacht Sales.

MASTER STATEROOM

OUTRAGEOUS is adorned with Whisperwall padded panel bulkheads and finished wood bulkheads in African mahogany with a high gloss polyester finish, complemented by Whisperwall headliner and carpeting. The suite features an upholstered berth base supporting a king-sized berth with an upholstered headboard and cedar-lined storage beneath accessed via pneumatic cylinders, and is outfitted with an HMC coil spring mattress with spread, throw pillows, pillows and pillow shams. Bowed front nightstands with drawers flank bowed front built-in dressers to port and starboard, and a full-length mirror is provided. Stowage includes twin cedar-lined wardrobes with arched passage doors and automatic lights, plus a safe.

Guest amenities include decorative wood valances with fixed Roman shades and duettes, AM/FM audio access with a local DVD/CD changer and speakers, AC and DC light fixtures with AC dimmable lights and DC low-level lights, AC duplex outlets and a telephone outlet. The suite is served by an SMX HVAC compartment controller, and features an arched sketch-faced interior passageway door to the head and arched sketch-faced doors with door stops to the companionway. Safety and convenience items include a smoke detector.

Shestakov Yacht Sales.

MASTER HIS AND HERS HEAD

Outrageous, a 2005 Hatteras 80 Motor Yacht, presents Blue Pearl Stone countertops and backsplashes throughout the master his and hers head. The flooring features 12x12" White Thassos with 2" Blue Pearl accent keys, while the showers are tiled in 12x12" White Thassos with a Blue Pearl bench seat. Walls are dressed in custom wallcovering, complemented by integral sinks with storage cabinets. The showers are granite with frameless doors, and towel bars are thoughtfully fitted. Headhunter freshwater toilets are installed, supported by recirculating fans. Both AC and DC light fixtures and AC duplex outlets are provided, along with air conditioning vents. A holding tank indicator light shows when the tank is 3/4 full. Shestakov Yacht Sales

BOW GUEST STATEROOM

OUTRAGEOUS is a 2005 Hatteras 80 Motor Yacht, LOA 80 ft. The bow guest stateroom presents a refined, carpeted interior finished with Whisperwall padded panels on the hull side, a Whisperwall headliner, and Whisperwall padded bulkheads. It features a queen-sized tapered berth with an upholstered headboard and a cedar-lined storage drawer beneath, accessed via pneumatic cylinders, an upholstered berth base and an HMC coil spring mattress with spread, throw pillows, pillows and pillow shams. The stateroom includes a full-length mirror, nightstands to port and starboard, a mirrored forward bulkhead, and cedar-lined hanging lockers with arched doors and automatic lights on both port and starboard. A screened overhead hatch with privacy cover provides ambient light and ventilation.

Audio-visual equipment comprises AM/FM audio access with a local DVD/CD changer, a 20" TV with MATV outlet, stereo speakers, and a telephone outlet.

Lighting and power are provided by AC and DC light fixtures, AC dimmable lights, AC duplex outlets, DC low-level lights under the berth, and DC low-level lights on the steps to the bow stateroom. Safety and environmental controls include a carbon monoxide detector and a smoke detector. Additional interior appointments include overhead storage cabinets port and starboard, a fluted wood valance with air conditioning dispersed through soffits port and starboard, and SMX HVAC compartment control. The stateroom provides access to the port head; the private head features granite countertops and Amtico floors.

PORT VIP STATEROOM

The PORT VIP STATEROOM aboard OUTRAGEOUS, a 2005 Hatteras 80 Motor Yacht, presents padded bulkheads and wall to wall carpeting beneath a Whisperwall headliner, complemented by a fluted wood valance with a fixed Roman shade and a duet. Air conditioning is dispersed through the soffits, with climate control managed by an SMX HVAC compartment. The cabin hosts a queen walk around berth with an upholstered headboard and berth base, an HMC coil spring mattress, a coordinating spread, throw pillows, pillow shams and pillows, and storage beneath the berth. A ventilating portlight with screen, along with a cedar lined hanging locker with arched doors and an automatic light, enhances practicality and comfort. Nightstands with drawers flank the berth, while a full length mirror and a mirrored aft bulkhead amplify the sense of space. Lighting and power are supplied by AC and DC light fixtures, AC dimmable lights, and AC duplex outlets. Entertainment and communications equipment include a 20" TV with MATV outlet, AM/FM audio access with a local DVD/CD changer, a telephone outlet, and cabin speakers. Safety features comprise a smoke detector and a carbon monoxide detector, and private access to the head is afforded by an arched door.

STARBOARD STATEROOM

The starboard stateroom on the 2005 Hatteras 80 Motor Yacht OUTRAGEOUS features Whisperwall padded bulkheads and headliner, a carpeted sole, and upper hull side cabinetry. Sleeping arrangements include polyfoam mattresses with spreads, throw pillows, pillows and pillow shams atop an upholstered berth base, with DC low level lights beneath the berth and a sketch faced door to the stateroom. Storage consists of a cedar lined hanging locker with automatic light, a full length mirror, and a dresser. The room is equipped with an audio system control accompanied by an LCD keypad and two Boston Acoustics loudspeakers, AC and DC light fixtures with AC dimmable lights, AC duplex outlets, a telephone outlet, a 20" LCD TV, smoke and carbon monoxide detectors, private access to the head, and SMX HVAC compartment control.

GUEST HEADS

OUTRAGEOUS is a 2005 Hatteras 80 Motor Yacht. Each guest head is finished with Old Gold Granite countertops featuring an integral sink and African Mahogany lower cabinetry. Flooring is 12 x 12" Thassos white tile with Old Gold keystones. Each head includes a full height shower, towel bars, a holding tank 3/4 full indicator light, AC and DC light fixtures, AC duplex outlets, air conditioning vents, a recirculating fan, and a Headhunter freshwater toilet. Shestakov Yacht Sales

CREW QUARTERS

OUTRAGEUS, a 2005 Hatteras 80 Motor Yacht carrying an LOA of 80 ft, offers crew accommodations finished with wall-to-wall carpeting, padded vinyl hull-side coverings and a vinyl headliner. The sleeping arrangements feature a queen island berth with a padded berth base and a polyfoam mattress,

complete with spread, pillow and pillow shams. Storage comprises a cedar-lined hanging locker with doors and an automatic light. Crew communications and entertainment are provided by telephone outlets to port and starboard, a television, AM/FM audio access with a local DVD/CD changer and Boston Acoustics loudspeakers. Lighting and power include AC and DC light fixtures and AC duplex outlets. Access and circulation are via a curved stairwell from the aft deck and a watertight door to the swim platform. HVAC is managed by an SMX compartment-controlled system.

SKYLOUNGE

OUTRAGEOUS is a 2005 Hatteras 80 Motor Yacht with a molded fiberglass bridge. The skylounge showcases custom welded and polished 316L stainless-steel rails and stanchions, a starboard L-shaped lounge, and L-shaped raised seating aft of the helm with a teak table. Three helm chairs and a forward control station are installed, the latter equipped with switches, single-lever electric clutch and throttle controls, a synchronizer, backup controls, power assisted steering, a compass and an electronic console. A U-shaped bar contains a sink, refrigerator, icemaker and bottle and glass storage. Entertainment and display equipment includes AM/FM stereo with radio access and a local DVD/CD changer, speakers and a PC monitor.

SKYLOUNGE ELECTRONICS include a Nobletec chartplotter; two Icom VHF radios with remote microphones; two ACR R100 remote spotlights; a Simrad AP25 autopilot; a Simrad black box sounder; a Garmin black box radar with 6' open array antenna; depth log; Garmin sea temperature; and port and starboard wing station controls.

DECK

OUTRAGEOUS is a 2005 Hatteras 80 Motor Yacht boasting an overall length of

80 ft. The deck showcases a 1500 lb fully hydraulic davit and a Miele grill. An access stairwell to the aft deck includes a hatch and upgraded teak steps.

EXTERIOR FINISH

OUTRAGEOUS is a 2005 Hatteras 80 Motor Yacht, its Awlgrip hull gleaming in "Snow White" and protected by a blister-resistant vinylester resin in the hull bottom skin coat. The hull and superstructure wear a polyurethane finish in "Snow White," while the boot stripe presents a red and black polyurethane coating. The bottom benefits from a polymer/copper-based antifouling paint, and the decks offer a nonskid surface achieved with polyurethane paint embedded with polymeric beads.

The construction presents a solid fiberglass hull bottom and hull sides, with the superstructure laminated around a PVC foam core. Fiberglass stringers are incorporated, with steel laminated into key locations to secure engine mounts. Engine room bulkheads and decks are formed through resin-infused composite methods that utilize PVC foam core and layers of fiberglass laminate on either side.

ENGINE/ BILGE

The 2005 Hatteras 80 Motor Yacht OUTRAGEOUS is powered by twin CAT C30 1650 hp diesel engines with freshwater cooling, electrically controlled marine gears, neutral interlocks, exhaust silencers, engine hour meters, alternators, fuel filters and seawater strainers. Propulsion and steering features include a pultruded fiberglass rudder shelf with stainless steel rudder tie bar, stainless steel steering tie bar with pivoting self aligning ball joint connections at all cylinder and tie bar connections, and discharge sea chests. The vessel has variable speed air induction fans with ducting to the flybridge for engine combustion air and two 21 vane axial fans that are pressure and temperature

controlled.

Electrical generation is provided by two Onan 27.5 kW freshwater cooled Electronic Quiet Diesel generators with shock mounts, sound enclosures, remote start, seawater strainers, fuel/water separators, hour meters and water lift mufflers. The yacht also features AC distribution panels, DC distribution panels, AC fluorescent lights, DC lights and DC exhaust blower. Two AC ventilation fans, AC compressed air system with airline and regulator, and two 4 ton chilled water air conditioning compressors are included.

Fuel, water and fluid handling systems comprise U.L. Marine listed fiberglass fuel tanks constructed with fire retardant resin and bronze fittings and coated with fire retardant paint; U.L. Marine listed fiberglass water tanks constructed with bronze fittings and Title 21 compliant materials; polyethylene water lines; bronze/chrome ball valves through bolted in solid fiberglass on all underwater through hull fittings with electrical bonding throughout; U.L. Marine listed fuel filter/water separator for generators; U.L. Marine listed duplex fuel filters/water separators with bypass manifold for engines; electric fuel priming pumps, 24 volt DC, for engines; electric fuel transfer system with filtration and dry tank protection for two pumps; and a 110 volt AC oil changing system for engines, generators and gears with Hatteras patented quick disconnect. A freshwater fill hose for engines and generator and dockside water inlets with pressure regulating valve, automatic dockside tank fill and Hatteras patented quick disconnect are also fitted.

Bilge, sewage and gray water systems include 24 volt DC bilge and sump pumps, sealed shower sump, sewage holding tank with 230 volt AC sewage pump plumbed for dockside pump out with 3/4 full display and alarm as part of the systems monitor, and two gray water tanks plumbed (126 gallons each) with 230 volt AC sewage pump plumbed for dockside pump out with 3/4 full display and alarm as part of the systems monitor.

Safety and monitoring equipment features an FM 200 fixed fire extinguishing

system for the engine/generator compartment with automatic and remote manual controls plus audible and visual discharge signals. Hatch and structural details include welded and polished 316L stainless steel overhead grab rails and insulation in the deck.

Additional systems include pickup sea chests, freshwater pump system with a 230 volt AC freshwater pump and pressure tanks located in strategic areas with a central charcoal filter with back flush capabilities, two 27.5 kW Onan generators noted above with associated components, AC compressed air system, and variable speed components as listed.

HARDWARE MISC

OUTRAGEOUS is a 2005 Hatteras 80 Motor Yacht. The interior is finished with African Mahogany bulkheads in a high-gloss polyester to create a refined, timeless ambiance. All hardware is chrome on brass or welded and polished stainless steel, with a welded and polished stainless-steel boarding ladder on the swim platform. An anchor chute and roller, welded and polished stainless steel, accompany a 110-pound plow anchor, anchor line, and deck hawse pipe. A 4,000-pound hydraulic windlass with 300 feet of stainless steel chain is installed and controlled at the deck-mounted switches. An integrated hydraulic digital thruster/stabilizer system is provided.

Six polished stainless-steel spring line cleats with chafing strips are through-bolted into aluminum backing plates, and bow and stern cleats are likewise through-bolted in aluminum backing plates. Polished 1 1/4 stainless-steel rails run along the bow, side deck, and flybridge, drilled and tapped into aluminum backing plates, with boarding gates on the port and starboard side decks. The vessel is equipped with a fog bell and dual Kahlenberg air horns. Propulsion hardware includes Alloy 22 high-strength propeller shafts, manganese bronze dripless shaft and rudder seals, stainless-steel trim tabs, manganese bronze struts and an Alloy 22

high-strength shaft with zincs, stainless-steel rudders, and Nibral high-performance propellers. Heavy-duty bronze engine couplings are fitted.

MarQuipt Tide Ride eight-step sea stairs with storage brackets are installed. Additional systems and equipment include a central vacuum, a 1500-pound davit, a holding tank with sewage pump and overboard discharge, and a freshwater bow wash down with Hatteras patented quick disconnect. Fender tracks and deck plates for fuel and water fills and waste pump-out are provided. Engine and generator exhausts exit through the hull side near the transom, and the generator exhaust includes a water separator. A rope locker storage hatch is located on the bow deck, with deep storage port and starboard in the bow trunk. Access to the crew's quarters from the swim platform is via a Pacific Coast door.

Listing presented by Shestakov Yacht Sales.

ELECTRICAL

OUTRAGEOUS is a 2005 Hatteras 80 Motor Yacht featuring three water heaters—a 30 gallon unit, a 20 gallon midship unit, and a 6 gallon aft unit for crew. The vessel's battery system consists of two 24 volt banks, formed by four heavy duty 12 volt marine batteries, housed in fire retardant fiberglass boxes. All boat cable is UL 1426 listed, tin coated, and insulated. A gel/lead acid compatible 240 volt automatic programmable battery charger operating at 50/60 Hz is installed, together with an automatic battery paralleling system controlled from the helm, and two 100 amp transformer connected retractable shore cords stowed under a forward cover hatch.

AC and DC light fixtures are installed throughout, and battery control panels are equipped with fuses and isolation switches. DC electronics panels employ magnetic circuit breakers, as do the AC distribution panels. The AC switching panel provides source selector switches, a digital voltmeter, an ammeter, a

frequency meter, generator start/stop controls, a voltage boost tap switch, and interlock selector breakers. Navigation lights meet U.L. certification to United States Coast Guard and ABYC specifications, with ground fault protection provided on AC receptacles and lighting circuits.

Climate control is provided by chilled water air conditioning with reverse cycle heating; the system uses soft starting AC compressors that are automatically staged and individually controlled with SMX controls in each compartment. Communications and entertainment fittings include an SSB radio ground screen laminated in the cabin top, one telephone inlet and one CATV inlet forward, a telephone and CATV shoreline cord each, and an omni directional TV antenna.
