OVERVIEW

The Sunseeker 82, launched in 2004 and freshly renewed in 2023, is a superbly kept example of Sunseeker's celebrated flybridge series. Measuring 25.15 m overall (82 ft 6 in) with a 6.15 m (20 ft 3 in) beam and a 1.75 m (5 ft 9 in) draft, this 48.3 t GRP planing yacht combines purposeful British styling with athletic performance: twin Caterpillar C30 engines rated at 1,550 hp each deliver a cruising speed of 22 kn and a top pace of approximately 31 kn, while the engines have accumulated 3,167 h. Registered under the Panama flag and lying in Kaş, Türkiye, she carries 5,100 L of fuel and 1,000 L of fresh water, and is configured to welcome 8 guests in four cabins with accommodation for 2 crew.

Her interior, penned by Ken Freivokh, reads as clean, contemporary and eminently practical: a full beam owner's stateroom alongside VIP, double and twin guest suites—all ensuite—provides generous private quarters, while the main saloon offers pale leather seating, a Bose sound system, a large TV and an open arrangement linking galley and dining for effortless sociability. Crew sleep aft in two berths, maintaining a compact, efficient service zone.

Decks and al fresco spaces are resolved with the same considered luxury: the flybridge is appointed with a wet bar, ice maker and BBQ for relaxed entertaining, the foredeck features a sunpad lounge beneath a folding bimini, and the aft deck hosts a sheltered dining area. A hydraulic bathing platform and a jet ski crane make water access easy, and a Wav Marine 6 m tender is carried for excursions and shore runs.

The navigation and engineering package supports extended, comfortable cruising: Furuno VHF and radio equipment anchor the comms, a Horizon Seafari watermaker increases autonomy, bow and stern thrusters assist close-quarters handling, full boat air conditioning ensures comfort, twin Kohler 23 kW generators (approx. 6,300 h) supply hotel loads, and VSAT keeps

owners connected offshore.

Recent works have refreshed her appearance and systems: a 2023 programme delivered a complete hull repaint and polish with new teak to cockpit and swim platform, while 2022 works included new carpeting throughout, re-upholstered saloon and cabin headliners, leather retrim to sofas and helm seats, and renewed varnish in the saloon and galley. Mechanically well maintained and recently upgraded, this Sunseeker 82 offers scope for further soft-furnishing personalization and represents an excellent turnkey platform for private Mediterranean cruising or boutique charter. Luxury motor yacht. Flybridge motor yacht. Performance planing GRP yacht. Charter-ready.
