# OVERVIEW

---

One Owner, Never Chartered, U.S.-Flagged, with Complete Service Records Available.

A refined example of contemporary yachting, this 2022 Azimut Grande 25 Metri embodies the pinnacle of a Luxury Motor Yacht, Flybridge Yacht, Superyacht Class performance cruiser. Crafted using advanced carbon-tech construction, she presents the signature long, flowing lines penned by Stefano Righini and an interior wholly conceived by Achille Salvagni—an uncommon and coveted collaboration in this size range. The result is a harmonious interplay of sculpted exterior form, sumptuous interior finishes, and an abundance of natural light.

Generous alfresco living spaces and a sweeping panoramic flybridge invite relaxed socializing and effortless circulation between inside and out. Below, a full-beam owner's suite affords expansive sea vistas, while richly appointed guest cabins deliver opulent accommodations for family and friends. Impeccable Italian workmanship is evident throughout, complemented by state-of-the-art systems that ensure quiet, confident performance and reliability underway.

As one of the rare yachts whose entire interior was executed by Salvagni, she offers bespoke details and refined materials no longer available in this category. For a private inspection and to appreciate the unique combination of artistry, engineering, and service pedigree, arrange a viewing to experience this outstanding Grande 25 Metri firsthand.

# DETAILED DESCRIPTION

---

## Description

---

One owner, never chartered and U.S.-flagged with full service records available, this 2022 Azimut Grande 25 Metri presents timeless Italian design matched to modern innovation and uncompromising quality. Built with advanced carbon tech construction, the yacht captures the soul of the Azimut Grande line, marrying Stefano Righini's sculpted exterior with Achille Salvagni's refined interior architecture to produce exceptional control of space and light. Guests are welcomed by expansive exterior lounges and a panoramic flybridge while a full beam master suite offers breathtaking sea views and indulgent guest accommodation throughout; every element from fine Italian craftsmanship to cutting edge systems has been curated to deliver an unrivalled onboard lifestyle. Uniquely, this vessel is one of the rare examples finished entirely with an interior by Achille Salvagni, the New York-based Italian designer, offering bespoke materials and detailing not commonly found in this size category. Contact us to schedule a private viewing and discover why the Azimut Grande 25 Metri remains the benchmark of contemporary yachting.

## Main system

---

Power is delivered by twin 1800HP MAN engines that provide authoritative thrust with refined manners, ensuring confident cruising and flexible performance. Close quarters handling is simplified by a cockpit docking station featuring an easy docking joystick with integrated thruster control, complemented by a Marex maneuvering joystick for intuitive fingertip command. Practical installations include extra conduits for future systems integration and a comprehensive smoke detection network for enhanced

safety, while stabilizing fins are fitted with the required generator upgrade already included to guarantee calm passages both underway and at anchor. A fifteen kilowatt stern thruster provides decisive lateral control for precise berthing in challenging conditions.

## Exterior

---

On deck the yacht is configured for effortless entertaining and seaworthy practicality, with additional midship cleats to simplify line handling and an extra control for the electric searchlight to enhance night operations. The aft area of the flybridge is furnished to host an American barbecue and an American bar with two stools on the fly, creating an open air social hub, while forward an electrically operated convertible bench in Batyline fabric integrates a foldable table that pairs with a bow sunshade supported by removable carbon fiber poles to protect the sunbathing area. The cockpit is appointed with three Oskar model chairs and exterior lighting throughout the cockpit and flybridge features dimmers for tailored ambiance, while shade is at your command through an electric awning for the aft fly (requiring the hard top) and an electric folding bimini above the bow seating. Nautical details such as a flagpole, a flybridge stairs hatch and a full hard top on the flybridge ensure all weather enjoyment, and practical solutions include a hauling launching system for the tender, hidden scenic lights on the bow and Seavision underwater lighting on the transom with four underwater lights installed in two units. Visual refinement continues with a painted boot stripe in URALS GREY, painted flybridge furniture, pop up cleats on the swimming platform, spreader lights on the aft fly and teak decking on the flybridge, while upgraded exterior cushions in Batyline fabric complete the comfort package.

## Interior

---

Below deck a series of thoughtful upgrades enhances livability and flexibility, beginning with the portside guest cabin which gains an additional folding bed for adaptable accommodation and a galley on starboard that benefits from extra storage with a shelf. The salon welcomes a designer coffee table and a statement table lamp while the main helm is enhanced by a co-pilot seat to improve onboard navigation comfort. In the master suite bespoke furniture includes a single drawer unit, dedicated designer storage, a vanity table and an extra-size master bed, all supported by a draw curtain with a blackout system, a Roman blind and a safe for peace of mind. Privacy for the main helm is achieved via a smart-glass enclosure and the main deck is specified in the lounge version to promote relaxed social flow. Practical storage solutions continue with fitted furniture in the day toilet and in the master head (not compatible with a bidet) plus storage dividers beneath the master, VIP and guest beds, while crew spaces are optimized with a third bed in the crew cabin. The VIP benefits from a vanity with pouf and the main deck receives a wooden floor that matches the principal timber selection, seamlessly unifying the yacht's interior palette.

## Appliances

---

Entertaining and daily life aboard are supported by a premium appliance package led by a MIELE dishwasher together with a MIELE range, oven and microwave that form a refined culinary suite. Additional cold storage comprises a drawer refrigerator in the crew area and a refrigerator in the lower lobby, while ice service is ensured by an icemaker in the cockpit and a clear icemaker integrated into the flybridge furniture. Practicality for extended stays is addressed by a washer and dryer combo located in the lower lobby of the guest area and a dedicated wine cooler in the salon preserves your

collection at serving temperature, while a microwave oven in the crew area supports independent crew service and smooth operations.

## Electronics

---

Navigation and situational awareness are centred on the Raymarine Platinum package, augmented by Raymarine AIS 700 for traffic intelligence, four Raymarine videocameras for comprehensive visual coverage and a Raymarine FLIR M332 thermal camera that reveals critical detail in darkness and adverse weather, together creating a reliable, modern bridge fit for extended cruising.

## Video / TV / hi-fi

---

Entertainment aboard reaches new heights with a full size sundeck TV that transforms open air evenings, an integrated Audio/Video package for rich immersive sound and DirectTV decoders configured for the USA. Satellite reception is secured by a TracVision HD7 USA SAT TV antenna with predisposition for a second antenna so connectivity and entertainment remain uninterrupted wherever you cruise.

## Extras

---

The yacht arrives with a series of refined extras and predispositions to elevate both comfort and resale value, beginning with the flybridge predisposition for a hot tub and elegant Corian frame with synthetic marble inserts on the flybridge bar furniture top, cockpit furniture top and flybridge storage furniture top. Matching Corian frames and synthetic marble inserts finish the flybridge table, cockpit table and bow openable table, while on the main deck the Clara Flos light feature above the dinette table is supplied with full electrical predisposition although not installed, and the salon Sonos sound bar

has been replaced by two ceiling speakers above the TV for a cleaner aesthetic. All heads are elevated by Calacatta Gold marble on floors, tops and shower columns and Royal 16 carpet dresses the stairs from main to lower deck and all cabins, while the galley worktop is executed in Palissandro marble and the salon receives Azimut stools, decorative cushions and a custom backrest for the sofas. Shade upgrades include an electric awning for the aft fly and a bow sunshade in Cloud Grey F4313 20218 with removable carbon fiber poles replacing white, and the helm is configured in the dining version with an upgraded seat featuring hydraulic feet vertical adjustment. Power access has been broadened with an additional socket in the master cabin vanity area, another socket in the master head at the starboard side of the sink, an extra outlet in the galley on the bow starboard side, two additional sockets in the dinette area and two more in the galley aft (one inside storage and one above). The flybridge is appointed with Aldus furniture comprising two armchairs and one pouf while the salon showcases leather dining chairs, closet detail includes a hanging bar in the master closet at the bow side with portside entrance, and the master head is equipped with two towel holder bars. Connectivity is comprehensive with a WiFi system supported by five access points and a Starlink Internet system for always on communications, complemented by a removable Eisenglass enclosure for the sundeck and additional outlets in the cockpit and on the sundeck. Safety and readiness are reinforced by two Revere Life Rafts for four pax each with current certificates, a privacy curtain at the cockpit and a custom dining table protection pad, while finishing touches include a full set of decorative pillows, a full size sundeck TV replacing the original smaller unit, two brand new and unused VEEM propellers made for this vessel and a Pittsburgh hydraulic propeller remover.

## Features

---

Electrical equipment aboard is comprehensive, with a shore power inlet and a

generator supplying reliable energy for hotel loads and underway systems, while the electronics suite features radar, a flat screen TV set, a plotter, radio, GPS, VHF and AIS to provide complete navigational confidence. Interior equipment extends comfort with a stern thruster, dishwasher, oven, microwave oven, full air conditioning and heating, hot water, refrigerator, deep freezer, a sea water pump and a battery charger to ensure power system health. Outdoors, teak cockpit surfaces combine beauty and non slip grip, electric winches streamline line handling, a hydraulic gangway welcomes guests aboard, cockpit cushions and a cockpit table invite al fresco living and a swimming ladder simplifies access to the sea, while ride quality benefits from a fin stabilizer and additional equipment includes a garage for tender and gear.

## Propulsion

---

Twin MAN powerplants deliver commanding performance and deep reserves of torque, with Engine One and Engine Two each rated at 1800hp, combining muscular acceleration with refined cruising manners to produce effortless passages and confident handling at all speeds.

## Specifications

---

Dimensions are optimised for volume and seakeeping with a length overall of 87.25 ft, a maximum draft of 6.08 ft and a beam of 20.33 ft, the hull constructed in fiberglass for strength, efficiency and longevity. Tankage supports extended cruising with 220 gal of fresh water and 1902 gal of fuel and a holding tank is fitted. Accommodation is laid out for comfort and service with four guest cabins and five guest heads while the crew is accommodated in two cabins with one head to deliver professional and discreet service.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
