OVERVIEW

Incorrigible is a 70E yacht of contemporary refinement, her Awlcraft Stone Gray Metallic hull set against a Matterhorn White Superstructure and crowned with Carbon fiber cap rails, a palette that announces modernity both on deck and below. Propelled by robust C-18 1150HP diesel engines and carrying a substantial 3,000-gallon fuel capacity, she is prepared for global passages, returning approximately 1 KMPG at about 8 knots while able to cruise comfortably at 19–20 knots when operated at 75% power. This exceptionally enhanced example of Marlow Yachts stands among the most comprehensively appointed vessels currently offered in the yacht sales market and is perfectly suited to owners who wish to pilot their own yacht or to those who prefer a professional crew.

Inside, the ambiance is as sophisticated as her exterior, with a Savant home theater system that rivals the finest land-based installations. The galley is appointed with premier appliances from Bosch, Gaggenau, and Sub Zero, complemented by a Zip Hydro tap system delivering instant hot, cold, and sparkling water for effortless service and entertaining.

The full-beam master suite is a sanctuary of light and luxury, framed by oversized windows and finished with an opulent head featuring a Bidet, Steam Shower, heated floors, and a walk-in closet. In her current location there is no more superbly equipped cruising yacht under 100' than Incorrigible, making this an unparalleled opportunity in yacht sales.
