OVERVIEW

PRINCESS S80 – 2025 BUILD – FOR SALE IN LIKE NEW CONDITION

We are delighted to introduce this standout Princess S80, delivered in 2025 and presented in like new order. This luxury motor yacht features a full specification, state of the art systems, and exquisite detailing, embodying the latest evolution of the Princess S Class sportbridge line and performance sport yacht category.

What makes this opportunity exceptional is the chance to secure a factory fresh yacht at a brokerage figure — saving around £700,000 versus a comparable new commission — already on the French Riviera, fully commissioned and truly turn key. A rare find among sportbridge motor yachts and premium sports cruisers.

Currently berthed in Antibes, France, and available for immediate viewing.

DETAILED DESCRIPTION

Flagship performance & elegance

The Princess S80 fuses the exhilarating poise of a true sports yacht with the generosity of space and comfort expected of a flybridge, delivering an experience that is as thrilling as it is refined. Driven by twin MAN V12-2000 engines, she unleashes spirited performance while preserving exceptional stability and efficiency, her dynamic exterior lines, expansive glazing, and generous deck spaces making her equally at home sprinting between coves or settling into relaxed, extended passages. A cockpit expressly designed for socialising on the water—one of the largest in her class—creates a spectacular stage for entertaining, dining alfresco, and savouring life at sea.

Step aboard an expansive main deck where a vast cockpit dining area flows into an open-plan saloon with panoramic windows and a sociable galley complete with breakfast bar, creating a bright, seamless saloon-cockpit connection. Below, four spacious en-suite guest cabins welcome up to eight guests in consummate comfort, comprising a full-beam master suite, a forward VIP, a port cabin with convertible sliding berths, and a starboard twin cabin. Well-appointed crew accommodation with private access and dedicated amenities ensures professional discretion, while a tender garage and bathing platform enable effortless launch and recovery of a Williams Sportjet 435.

Precision technologies elevate every mile. The Joystick Control Aventura system simplifies close-quarters manoeuvres for effortless docking, complemented by hydraulic bow and stern thrusters with a hold function docking system for confident, fingertip control. Gyro stabilisation via Seakeeper 26 provides serene comfort both at anchor and underway, while sliding doors can enclose the lower helm to create a private wheelhouse, maintaining full crew privacy when desired. Long-range autonomy and redundancy come courtesy of two

Kohler 28 kW generators (upgrade), a comprehensive Raymarine navigation suite with triple 16" multifunction displays, Cyclone radar, AIS, and autopilot, plus reverse-cycle air conditioning (162,000 BTU) and a watermaker (190 L/h). Styling upgrades, including the Shadow Pack, impart a refined, contemporary finish, and an electrically operated sun awning shades the aft cockpit at the touch of a button. A CCTV system oversees operations with a pan/tilt/zoom cockpit camera, fixed engine room cameras, and remote access for complete peace of mind.

Entertainment and relaxation are equally assured. A premium sound system and LED TVs grace every cabin, electric blinds in the master stateroom and main deck saloon dial ambience to the moment, and underwater lighting lends evenings a cinematic glow. Cockpit privacy screens and reticulated foam cushions amplify comfort and durability outdoors, while an eight-place china, cutlery, and glassware set is ready for elegant service the instant you cast off. Available immediately on the French Riviera, this exclusive 2025 Princess S80 is presented in as-new condition. An exceptional sportsfly that unites the generous liveability of a flybridge with the sleek profile and performance of a sports yacht, she represents a rare opportunity to acquire a brand-new model at a brokerage price—around £700,000 less than an identical new build. Her main deck showcases a vast, sociable cockpit—the largest in her class—perfect for entertaining, relaxing, or dining alfresco, while the seamless saloon-cockpit connection, panoramic windows, and convivial galley create a bright, inviting living space. Below deck, four beautifully appointed en-suite cabins accommodate up to eight guests, including the full-beam master suite and forward VIP, alongside well-equipped crew quarters for two.

The Princess S80 offers an unmatched blend of speed, space, and sophistication. With her innovative layout, premium finish, and cutting-edge systems—and a £700,000 advantage over an identical new build—she is an opportunity not to be missed. Contact us today for the full specification,

photography, and a video tour, and to arrange your private viewing in Antibes.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
