OVERVIEW

Horizon Elegance 82S – 2001 – VAT Paid

Lying in Barcelona, Spain, this 25 metre motor yacht presents a rare opportunity to acquire a VAT paid, privately used vessel that marries timeless lines with solid construction and a host of recent upgrades. Delivered in 2001 and carried on the German register, she has been meticulously maintained throughout her life. Powered by twin Caterpillar 3412E V12 engines (2 x 1,420 HP) with approximately 1,600 hours, she offers confident performance, settling into an effortless 18–20 knot cruise and reaching a top speed of around 25 knots — firmly within the planing motor yacht and flybridge/skylounge yacht class ideal for swift Mediterranean passages.

A thorough 2025 refit has refined systems and comfort alike: three new Raymarine navigation displays now anchor the helm suite across four control stations, a remote docking solution simplifies tight manoeuvres, a new firefighting installation and a 130 l/h watermaker increase self sufficiency, Starlink satellite internet ensures seamless connectivity, fresh interior and exterior upholstery refresh the ambiance, and a full engine service completed in 2025 confirms her mechanical readiness. Technically current and prepared for the season, routine antifouling is scheduled.

Accommodation is both elegant and practical, sleeping up to eight guests in four beautifully appointed cabins: a full beam owner's suite, a welcoming forward VIP, and two generously proportioned twins, each with its own en suite bathroom. Separate aft crew quarters preserve privacy and facilitate smooth service. The main saloon is bright and spacious, with ample seating and a refined dining area that together create an inviting setting for relaxed evenings or longer voyages, marking this yacht as a superb family cruising and luxury vessel.

Deck spaces are arranged for Mediterranean living, with teak soles underfoot,

a large sociable cockpit, a hydraulic passerelle for effortless boarding, a broad bathing platform for easy water access, and a tender garage to stow toys neatly. Movement around deck is intuitive and multiple helm positions contribute to easy handling and confident command whether underway or during close docking — characteristics expected of a versatile 80 foot flybridge cruiser.

With low engine hours, a comprehensive 2025 refit, VAT paid status and private only ownership, this Horizon Elegance 82S stands out in today's market as a pedigreed, modernized 80 footer offered at a compelling value. For discerning buyers seeking a luxurious planing yacht that combines enduring elegance with contemporary upgrades, an early inspection is highly recommended.

DETAILED DESCRIPTION

Features

EU VAT paid and privately used only, this yacht is presented in exceptional condition after a major refit completed in 2025. Power is provided by twin Caterpillar 3412E V12 engines, each rated at 1,420 HP, with approximately 1,600 hours, and the vessel is complemented by four helm and control stations plus a remote docking control system for confident maneuvering. The bridge was refreshed with three Raymarine navigation displays in 2025, while key systems were renewed, including a new watermaker rated at 130 l/h installed in 2025 and a new firefighting system fitted in 2025. Always connected via Starlink satellite internet, the yacht also benefits from new interior and exterior upholstery completed in 2025 that elevates comfort and style. The family-friendly layout offers four staterooms accommodating eight guests, highlighted by a full-beam Master stateroom and separate crew quarters for discreet service. Outdoor living is effortless with a hydraulic passerelle, a hydraulic bathing platform, beautifully laid teak decks, and a tender garage that keeps the foredeck uncluttered and ready for adventure.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
