## OVERVIEW

---

Available in Istanbul, the 2024 Riva 82' Diva combines Riva's unmistakable sporty profile with expansive alfresco living areas and a refined, contemporary interior. A generous flybridge, broad cockpit and waterside terraces provide plentiful space for entertaining and relaxation, while extensive open-air lounging zones enhance the connection between sea and yacht. Inside, a thoughtfully appointed four-cabin layout delivers comfortable accommodation for weekend escapes or longer cruises, offering both privacy and ease for guests.

This yacht has been lightly used, with her main engines recording only 95 hours and the generators showing 1,270 hours. Diligently maintained and presented in very good overall condition throughout, she offers immediate availability in Istanbul. For buyers seeking a nearly new Riva 82' Diva without the lead time of a factory build, this example represents a compelling and ready-to-enjoy opportunity.

## 2024 Riva 82' Diva

---

The 2024 Riva 82' Diva is a superb example of Italian craftsmanship and performance, stretching 25.3 m in length overall with a gross tonnage of 67 GT and currently lying in Istanbul, Türkiye, offered in very good condition. Designed to accommodate eight guests in four exquisitely appointed cabins, she blends graceful lines and refined interiors with a purposeful engineering brief; the accommodation layout comprises one master cabin for two, one VIP for two and two twin cabins sleeping four in total. Underway propulsion is provided by twin MAN D2862LE476 diesel engines, each rated at 1,900 HP for a combined output of 3,800 HP, and the vessel shows light use with just 95 main engine hours recorded. Electrical generation is handled by two generators showing 1,270 hours, supported by a Mastervolt inverter to ensure smooth power management throughout the yacht. Navigation and communications are built around an integrated Simrad suite — GPS, VHF, autopilot, depth gauge and compass — while Side-Power bow and stern thrusters deliver precise low speed maneuverability and a Seakeeper 18 gyroscopic stabilizer markedly improves onboard comfort. Connectivity is provided via Turkcell Wi-Fi and auxiliary systems include a dedicated sea water pump for added reliability. The galley is comprehensively equipped for extended cruising with Miele appliances including dishwasher, oven and microwave, complemented by Vitrifrigo refrigeration and freezer units and an Isotherm ice maker; laundry needs are covered by a Haider washing machine and a High Pressure dryer, and two fresh water makers further extend autonomy at anchor. Climate control is entrusted to Dometic air conditioning and entertainment is provided through a Yamaha system, while practical boarding is made effortless with an Opacmare passerelle. For shore excursions and effortless transfers, a Williams

Jet tender measuring 3.95 m and powered by a Rotax engine is carried aboard, completing the package of a modern, luxurious and capable yacht.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
