OVERVIEW

An 83-foot marriage of speed and refinement, this 2006 performance motor yacht is intended for those who choose the fast lane without surrendering refinement. Lying in the United Arab Emirates and drawn on a deep V planing hull, she combines lively agility with a steady, confident motion through Gulf chop—the hallmark of a true sport yacht built for discerning owners.

Twin MTU inboard diesels propel her to a brisk 44 knots at full throttle while a relaxed 30 knot cruising pace makes short work of weekend escapes and longer passages alike. A generous 19 foot beam affords impressive interior volume and rock-solid stability, and the composite fiberglass construction with fiberglass decks keeps the structure robust, acoustically quiet, and reassuring underfoot.

Deck life is designed around sunlit leisure. Broad lounging areas invite long afternoons at anchor; the cockpit is laid out for easy alfresco dining and convivial conversation underway. Wide, secure side decks and clear, purposeful sightlines reinforce a feeling of command and seakeeping competence that underlines her express cruiser pedigree.

Below, the atmosphere is warm and contemporary, with a luminous salon arranged for effortless entertaining and unhurried repose. A practical, well-conceived galley supports extended cruising without compromise, while the accommodations strike a considered balance between privacy and comfort. Two well appointed heads serve the guest areas, and a dedicated crew section with two cabins ensures professional service and discreet operation—ideal for owners who prize seamless hospitality.

Practicality underpins the luxury: a substantial fuel capacity of approximately 1,585 gallons is matched with a 301 gallon freshwater supply to extend your cruising range, whether jumping between exclusive marinas or pursuing the horizon across the Arabian Gulf. Engineering access is straightforward,

systems are arranged for dependable operation, and the overall impression is of a yacht designed to be driven, savored, and admired.

For buyers seeking a high performance Motor Yacht—part Sport Yacht, part Performance Yacht, wholly luxury—this deep V, composite, MTU powered express makes a striking statement. Confident, swift, and beautifully balanced, she is perfectly suited to spirited passages and stylish arrivals in the vibrant Middle East yachting scene.

DETAILED DESCRIPTION

Introduction

2006 Sunseeker Predator 82 — where the power of ARNESON DRIVES meets prestige. Step aboard and discover how timeless British craftsmanship pairs with exhilarating performance, as this iconic motor yacht fuses sleek, aggressive lines with lavish comfort. For those who demand both speed and sophistication on the water, the Predator 82 is an uncompromising statement of intent.

Key features

Driven by twin MTU 16V 2000 M91 diesel engines delivering up to 4,800 hp combined, the Predator 82 surges to approximately 44 knots on ARNESON DRIVES and settles into an effortless 30–35 knot cruise. Redundant onboard power is assured by twin Kohler 28 kW generators, while bow and stern thrusters make close quarters maneuvering precise and stress free.

Interiors

Below deck, four luxurious cabins—including a full beam master suite, a VIP stateroom, and two twin cabins—sleep 8 guests, with en suite bathrooms in every cabin. The expansive salon frames the horizon through panoramic windows and invites relaxation with plush seating, while a retractable sunroof transforms passages into open air cruising. A fully equipped galley with premium appliances and generous storage keeps service seamless. Dedicated crew quarters for up to three, with two cabins featuring wet heads, ensure discreet, professional hospitality around the clock.

Exterior highlights

Outside, an expansive aft deck sets the scene for alfresco dining and sun-soaked lounging, while private foredeck sunpads invite secluded relaxation. A generous garage carries a tender and a jet ski, and the hydraulic swim platform streamlines every launch and swim. Teak underfoot wraps the decks all around, underscoring the yacht's warm, timeless aesthetic.

Additional information

Whether you are chasing the horizon or hosting sunset soirées, the Predator 82 delivers rare versatility. Its deep-V hull carves confidently even at high speed, while the refined interior remains a sanctuary of style and comfort. Meticulously maintained and turnkey, this 2006 example was fully refitted in 2022 and presents in excellent condition inside and out. With no mechanical or cosmetic issues, the next owner steps aboard to enjoy it as if it were a brand-new yacht—ideal for coastal cruising, island hopping, or making a statement in any marina.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
