OVERVIEW

A tribute to Italian styling and seakeeping refinement, this 2019, 83-foot luxury motor yacht carries the unmistakable profile penned by the Ferretti Group with interiors conceived by Fulvio De Simoni. Built with advanced fiberglass and fitted with composite decks, her Deep V hull ensures composed manners at sea, while twin MTU inboard diesels deliver the power for a comfortable 23 knot cruise and exhilarating accelerations to roughly 28 knots. Equally suited to elegant weekend escapes or extended coastal runs, she marries performance and refinement and is currently located in the United States for immediate enjoyment.

Generous glazing floods the contemporary salon with natural light, showcasing the clean lines and tactile materials that define De Simoni's signature approach. A well-equipped galley and a seamless transition from salon to cockpit create an ideal environment for entertaining, and five finely finished heads emphasize guest comfort throughout. Accommodation for six is arranged across three tranquil staterooms, each appointed with its own en suite, while separate crew quarters provide two cabins for three crew members to ensure professional, discreet service. The deck layout invites relaxed days and sophisticated evenings, with broad lounging areas, an aft cockpit tailored for alfresco dining and a swim platform giving easy access to tenders and toys. Thoughtful engineering and ample tankage—including approximately 1,320 gallons of fuel and 350 gallons of freshwater—support extended cruising, making this turnkey motor yacht a refined expression of modern yachting that blends Italian artistry with true seagoing capability.

DETAILED DESCRIPTION

2019 Pershing 8X

ON THE MOVE is a striking 2019 Pershing 8X measuring 83'10" (25.55m), a vessel that pairs Italian elegance with race derived engineering. Constructed by Pershing in Italy to a design by Fulvio De Simoni, she rests on a high performance planing hull built in carbon fiber and fiberglass, topped by a carbon fiber superstructure and finished with teak decks that speak to her high end construction and attention to detail.

Propulsion comes from twin MTU 16V 2000 M96L diesel engines, each producing approximately 2,638 hp and turning surface drives that propel the yacht to a thrilling maximum of 48 knots while delivering a comfortable cruise in the 41–42 knot range. The combination of lightweight building materials and surface drive architecture creates the taut, immediate handling Pershing is known for without compromising onboard comfort.

Measuring 19'3" (5.86m) on the beam with a draft of 4'7" (1.40m), ON THE MOVE provides notable internal volume for a performance yacht. The interior is an expression of contemporary Italian styling and a smartly executed layout optimized for socialising and longer passages. A rare dual salon arrangement — with both upper and lower living areas — enhances privacy, versatility, and everyday livability, while the upper salon's upgraded sixty five inch large screen TV establishes a dramatic entertainment focus.

Guest accommodation is laid out for up to eight guests in three well appointed staterooms served by three guest heads, and crew facilities include two crew cabins to ensure professional, discreet service. Exterior living is equally compelling, with generous aft and forward lounge spaces, a sun deck, extensive teak underfoot, and a broad swim platform for effortless water access, while a dedicated tender garage maintains the yacht's clean,

streamlined silhouette.

Practical specifications underline her capability: gross tonnage is approximately 96 GT, fuel capacity is 1,638 US gallons (6,200 liters), and fresh water capacity is 343 US gallons (1,300 liters). As a Pershing 8X, ON THE MOVE marries advanced carbon innovation, surface drive performance, and a dual salon lifestyle into a single statement of speed and refinement.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
