OVERVIEW

Built in 2010, the Ocean Alexander 83 motor yacht “Relentless” unites classic lines with contemporary conveniences and effortless refinement. Broad, light-filled interiors display superior joinery and elegant finishes, creating a warm, inviting atmosphere throughout. Thoughtfully arranged to allow a seamless flow from salon to open decks, she provides generous venues for entertaining, relaxation, and sophisticated dining. Equipped with both fin and gyro stabilization and designed with a convenient shallow draft, Relentless features an airy four-stateroom layout accommodating up to eight guests plus two crew, making her perfectly suited to extended Bahamas and Caribbean cruising. Meticulously maintained and continually refreshed—including more than \$250,000 in upgrades completed in 2025—this Ocean Alexander 83 is presented in exceptional mechanical and cosmetic condition. A Luxury Yacht, Motor Yacht, and Superyacht-caliber cruiser, Relentless sets a high standard for elegance and performance.

DETAILED DESCRIPTION

Notable features & recent upgrades

This yacht is distinguished by serious blue water hardware, including Seakeeper 7000 gyro stabilizers in twin configuration, Northern Lights 25 kW generators in twin configuration, Keypower fin stabilizers, powerful hydraulic bow and stern thrusters, a Steelhead SM1750 davit, and a dependable Bluewater Legend watermaker, all specified for long range confidence and redundancy. The upgrade path is equally compelling: in 2025 she received Starlink connectivity, FLIR night vision, refreshed A/V, an extensive yard period, new aftercoolers on the mains (10/25), and renewed teak. The 2024 works introduced a new Whisper Wall and ceiling installation, new port and starboard generator exhaust manifolds and elbows, new heat exchanger cores, and a new davit controller luffing cylinder assembly SM1500/2000. The 2023–2024 program delivered a thoughtful interior refit with a new sectional couch in the salon, new carpet throughout, new Whisper Walls and ceiling, a new master mattress, and a new galley countertop and sink, complemented by new exterior soft goods and covers and four new LED lights. In 2022 the electronics suite was elevated with a Garmin GMR 424 xHD2 open array radar and pedestal, Garmin autopilot, one Garmin GPSMAP 8616xsv 16" chartplotter/sounder combo with mapping and sonar plus two additional Garmin GPSMAP 8616xsv units, alongside a full OctoPlex system update and four Avycon ball cameras installed, creating a modern, integrated navigation and monitoring platform.

Salon

The salon welcomes with a new L shaped sectional couch installed in 2024 opposite cocktail tables and refined lighting sconces, framed by a mirrored

wall and a coffered ceiling that together accentuate volume and light. Comfortable armchairs and rich cherry cabinets anchor the room, while a sliding glass door and expansive windows with blinds draw in natural illumination. New Whisper Wall and ceiling treatments introduced in 2024 elevate acoustics and finish, a television provides effortless entertainment, and the carpeted sole renewed during 2023–2024 underpins the space with fresh sophistication and comfort.

Galley & dining area

The galley is chef ready with a Jennair convection microwave, over under Fischer dishwashers, and a stainless steel faced Jennair refrigerator/freezer, all set against ample new countertops installed during the 2023–2024 refit and a stainless sink with matching faucet. Beautiful cherry cabinets provide generous stowage, while the adjacent dining area centers on a tasteful two tone table with comfortable seating for seven, creating an elegant and practical flow for both intimate meals and entertaining.

Helm

The helm centers on a commanding captain's chair and a suite of Garmin electronics installed in 2022, including radar, autopilot, sonar, and three Garmin GPSMAP 8616xsv 16" chartplotter/displays, providing crisp situational awareness. Control and comfort are enhanced by Seakeeper 7000 gyro stabilizers and Keypower fin stabilizers, the OctoPlex integrated system, and the addition of Starlink connectivity and FLIR night vision, while a seating area with a table invites guests to share the passage in comfort.

Master stateroom

The full beam master stateroom showcases a walk around king size berth, a desk with a mirrored vanity and chair, and a mirrored coffered ceiling that amplifies light and perceived volume. Underfoot, the carpeted sole renewed in 2023–2024 complements warm cherry cabinets, while a television, end tables, and a closet with mirror round out modern comforts. Privacy is paramount with en suite his and hers heads and an enclosed shower positioned between, delivering a luxurious, private owner's retreat.

VIP stateroom

The VIP stateroom features a queen island berth with storage beneath and a skylight overhead, framed by cherry cabinets and served by a television, creating a bright, welcoming atmosphere. Portholes lend additional natural light, while a closet with mirror and a private en suite head complete this refined retreat suited for honored guests.

Guest stateroom

A welcoming guest stateroom presents two twin berths and a television, set over a carpeted sole updated in 2023–2024 to ensure comfort underfoot. Portholes with blinds admit natural light, while a hanging locker and cabinets and a private en suite head provide storage and autonomy, making the space practical and restful for visitors.

Guest stateroom

Another guest stateroom mirrors the thoughtful layout with two twin berths and a television over the 2023–2024 carpeted sole, offering consistent comfort

and finish throughout the accommodation areas. With portholes fitted with blinds, a hanging locker and cabinets, and a private en suite head, it provides a serene haven underway.

Companionway

The companionway is smartly appointed with a washer and dryer, keeping long range cruising tidy and effortless and supporting extended independence at sea.

Flybridge

The flybridge invites open air living with a generous sunpad, a grille, and a davit alongside the upper helm, creating a flexible entertaining and lounging area. A sociable bar area with a sink, faucet, fridge, and bar stools pairs perfectly with a television, while the new teak sole installed in 2025 and a seating area with two tables set the scene for effortless relaxation and memorable gatherings.

Foredeck

Forward, a broad sunpad crowns teak decks renewed in 2025, while the anchor and windlass stand ready to set you gently on the hook, providing both comfort for lounging and reliability for anchoring.

Cockpit

The cockpit is tailored for alfresco moments with a seating area comprising a couch, table, and four chairs, creating an inviting outdoor living room. A sink and faucet with dedicated storage and a fridge streamline service, while the new teak sole and a teak swim platform on the transom complete this versatile

waterfront terrace for dining, relaxing, or boarding.

Crew quarters

Well considered crew quarters offer cabins with twin berths, easy access to the engine room, a comfortable couch, and a storage closet, designed for operational efficiency and crew comfort. Daily life is supported by a television, microwave, sink with faucet, and an en suite crew head, keeping operations discreet and efficient.

Engine room

The immaculate engine room houses two Cat C 32 engines with all services up to date, backed by Northern Lights 25 kW generators in twin configuration and a Bluewater Legend watermaker, delivering power and autonomy worthy of extended voyaging and supported by recent mechanical service items noted in the upgrade history.

Disclaimer

Engine and generator hours are stated as of the date of the original listing and reflect information provided by the owner and/or actual readings from the hour meters; true hours cannot be guaranteed. It is the responsibility of the purchaser and/or the purchaser's agent to verify engine hours, all warranties, major overhauls, and any other representations referenced here. The details of this vessel are offered in good faith, but accuracy and the vessel's condition are not guaranteed or warranted; buyers should instruct their agents or surveyors to investigate any details they wish to have validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
