## OVERVIEW

---

Presenting ST-BARTH II, a newly delivered 26-metre tri-deck luxury motor yacht making her Riviera debut and available for private viewings. Though a 26-metre in stature, she has been kept under 24 metres for registration purposes, a thoughtful detail that renders her ideal for owner-operators and for inclusion in premium charter yacht programmes. Her layout embraces four guest suites, the crown of which is a full-beam owner's cabin, while separate berths accommodate a professional crew of three.

Inside, an open-concept saloon and galley create an inviting, sociable atmosphere tailored to family cruising and elegant entertaining. Above and out, the flybridge provides relaxed hosting areas, the foredeck offers a Jacuzzi lounge for serene sunlit moments, and aft a generous beach club leads to a broad swim platform. Performance is assured with a top speed of 28 knots and an effortless 20-knot cruising pace, complemented by fitted stabilisers, atmospheric underwater lighting, and high-spec systems throughout.

# DETAILED DESCRIPTION

---

## Detailed description

---

Specified with top of the range equipment and machinery, the ST BARTH 85 FLY brings contemporary innovation to every moment on board, with many core systems monitored and controlled via a secure app on your phone or tablet to deliver fingertip convenience and complete confidence. Registered under 24 m, she offers wide appeal to owners who relish taking the helm themselves as well as to those looking to capitalise on clear charter potential; the interior layout provides four cabins for eight guests, including a full beam master suite, a VIP and a guest double, all arranged on the lower deck, while an additional ensuite cabin accommodates two crew to ensure smooth, discreet service. An open plan saloon, lounge and galley create a welcoming heart for relaxed family cruising and sociable weekends with friends, flowing naturally between conversation, cooking and casual dining. Outdoor living is equally seductive: a spacious flybridge invites long, unhurried days in the sun, the bow hosts a convivial seating area and a Jacuzzi, and a four metre wide swim platform at the stern becomes a private beach club. For culinary theatre and effortless hospitality the yacht is equipped with a Teppanyaki grill as well as two barbecues, complemented by well placed drinks fridges, wine coolers and integrated speakers that set the mood from dawn to dusk. Driven by twin Volvo Penta engines, the ST BARTH 85 FLY reaches a top speed of 28 knots and cruises comfortably at 20 knots; at anchor stabilisers heighten comfort when you pause to swim or dine, while underwater lights provide a striking signature after dark. Crafted by the St Barth Yachting shipyard in the Netherlands and building on the yard's first model, the ST BARTH 75, the 85 FLY raises those capabilities further and is offered for sale with a full shipyard warranty, giving a buyer generous scope to customise the interior to personal

taste.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
