# OVERVIEW

---

Crafted in 2018 and introduced as a 2019 model, this 85-foot luxury motor yacht melds contemporary Mediterranean refinement with the assurance of proven engineering. A generous 23-foot beam shapes an exceptionally open interior and sweeping deck areas, producing a refined sanctuary for entertaining, repose, and exploration along Greece's storied coastlines.

Built from GRP composite from keel to coachroof, the construction is chosen for its strength, minimal upkeep and excellent noise-and-vibration damping, delivering a composed, quiet ride and a tranquil onboard atmosphere that enhances every passage. Expansive glazed surfaces flood the salon with daylight, while an open-plan, flowing layout encourages effortless transition between interior comfort and alfresco living.

Driven by a single MAN engine, she settles into an easy 18-knot cruise and is capable of 21 knots when a brisker pace is desired, striking a balance between spirited performance and sensible efficiency. The wide beam provides notable stability and volume, improving comfort underway and at anchor and permitting generous headroom and thoughtful storage that make the most of her dimensions.

Deck spaces are broad and sociable, inviting sunlit afternoons and elegant nights beneath the stars. The aft deck is arranged for open-air dining and relaxed conversation against cinematic sea views, while safe, wide side decks ensure confident guest circulation. Water access is simple and welcoming, turning each anchorage into a private retreat.

Interiors are clean, contemporary and warm, suited to intimate escapes or lively gatherings. Accommodation is carefully considered and complemented by two well-appointed heads finished with quality fittings and refined materials for a residential level of comfort. Intelligent storage and the benefit of her length and beam underscore a sense of generous volume throughout.

Now lying in Greece, she is perfectly placed for immediate Mediterranean adventures—from secluded bays of the Ionian to the iconic anchorages of the Cyclades. With her GRP construction, modern styling and dependable MAN power, she presents an engaging combination of luxury, performance and ease—an ideal platform for owners who prize style, space and the freedom to follow the horizon.
