OVERVIEW

Our innovative multihull Lazzara Catamarans design maximizes space, offering more square footage in an 85-foot vessel than is typically found in a 130-foot monohull yacht. The lower deck is expertly crafted to utilize the yacht's full beam, providing master suites and guest staterooms that are among the most generous in their category. This Lazzara Catamarans design not only enhances operational efficiency but also comes at a more accessible price point compared to similar yachts for sale. This allows owners to relish more time aboard with family, friends, or simply in peaceful solitude. The extra space and time available on a Lazzara Catamaran invite you to savor every moment, proving that this yacht offers the ultimate freedom to embrace the luxurious yachting lifestyle you've always desired. Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that redefines elegance and comfort.
