## OVERVIEW

---

This immaculate 2020 Princess Y85 presents a rare opportunity: a comprehensively specified flybridge motor yacht with VAT paid and available for immediate viewings. Expertly equipped and finished to a high standard, she combines the presence and volume of a much larger vessel with the day-to-day practicality demanded for owner operation and Mediterranean cruising.

Twin MAN V12-1900 engines, currently showing approximately 1,300 hours, offer assured performance and cruising capability across the 85-foot class, while the Sleipner Vector fin stabilizers with zero-speed functionality greatly improve comfort both underway and at anchor. Close-quarters handling is effortless thanks to hydraulic bow and stern thrusters with variable-speed control, an Aventics joystick, and the convenience of a third docking station located in the cockpit.

The exterior configuration emphasises expansive alfresco living: a generous flybridge beneath a GRP hardtop with an electrically operated aft sun awning, a capacious foredeck lounge for private relaxation, and a sociable aft cockpit. Panoramic glazing on the main deck floods the salon and dining area with natural light, creating a seamless indoor-outdoor ambience. The interior, appointed in high-gloss Walnut, accommodates four guest cabins including a full-beam owner's stateroom and a versatile starboard cabin with powered conversion from twin berths to a double, while upgraded marble bathrooms and separate crew quarters ensure comfort and privacy for extended voyages. Systems and autonomy are engineered for long-range Mediterranean use: a 190 l/h watermaker and twin 27 kW ONAN generators provide excellent self-sufficiency, while navigation and communications are covered by a Raymarine Axiom XL 19" multifunction display at the upper helm paired with a Raymarine Magnum HD 12 kW radar and 48" open-array scanner. Raymarine

AIS, international VHF, KVH satellite TV and onboard Wi-Fi with 4G complete a modern, comprehensive electronics suite.

Entertainment and lifestyle features have been carefully curated for effortless hosting, with a premium Naim audio-visual package serving principal interior and exterior areas augmented by Focal and Bowers & Wilkins speakers.

Additional luxuries include extensive underwater lighting, a Miele wine cooler, an extra washer/dryer, a flybridge icemaker, upgraded interior and exterior lighting, and two flybridge BBQs, all contributing to a turnkey, highly liveable yacht.

This Princess Y85 represents a highly optioned, ready-to-cruise flybridge yacht, perfectly suited to family cruising, entertaining and longer passages around the Mediterranean. Request the full specification and arrange a private viewing in Antibes.
