## OVERVIEW

---

The 2010 Aicon 85 is an elegant motor yacht that has been thoroughly refreshed to feel far younger than her years, with new timber flooring underfoot, replaced headliners, refinished exterior teak and newly upholstered outdoor cushions producing a virtually new ambience both inside and out. Designed with luxury charter in mind, the main deck features a convenient day head, a salon intelligently arranged to separate lounging and dining areas, and a well-appointed galley equipped with twin fridge/freezer capacity to support service. Accommodation is generous and private: five en-suite staterooms comprising a full-beam master forward, two twin cabins and two double cabins aft sleep up to 10 guests with generous headroom throughout, while an immaculate dedicated crew quarter ensures discreet, professional service. The flybridge completes the entertainment offering with a fully equipped bar, a grill, a Jacuzzi and a davit-launched RIB. Presented in superb condition, she represents compelling value for a vessel of this size and specification.

# DETAILED DESCRIPTION

---

## Introduction

---

Presenting the 2010 Aicon 85 Fly, the flagship of Italian builder Aicon Yachts—an 87 ft Class A motor yacht that epitomizes refined Italian craftsmanship and is presented in excellent condition at an exceptional price. Polish-flagged and currently lying in Jakarta, Indonesia, she offers accommodation for eight guests across four beautifully finished cabins, while two crew cabins with a dedicated pantry ensure discreet, efficient service. The flybridge has been elegantly arranged to include a jacuzzi and a davit crane, and the yacht is delivered with a RIB tender powered by an outboard engine. Twin Caterpillar C32 ACERT engines provide propulsion, generating 1,800 hp (1,340 kW) at 2,300 rpm; the port engine shows 2,065 hours and the starboard engine 2,677 hours as of 8 Sep 2026. Meticulously maintained, attractively priced and primed for a quick sale, this true Italian flagship is ready to impress.

## Interiors

---

Below decks the Aicon 85 offers accommodation for eight guests across four thoughtfully appointed cabins. A full beam master suite amidships provides generous privacy and comfort, complete with an en suite bathroom that includes a separate toilet and a walk in wardrobe, while forward in the bow a VIP stateroom enjoys its own private en suite. Two further twin cabins also feature en suite facilities, ensuring every guest has convenient access to comfort. The main saloon is conceived for both relaxation and entertaining, with a five seat sofa, four ottoman style puff chairs and a chaise lounge arranged around a central coffee table and a formal dining area for six. An electric tilting 28" television and a bar equipped with a 30L fridge enhance the onboard experience, and the whole space is served by five Bose speakers for

refined audio throughout. A main deck head provides added convenience—particularly useful for owners considering charter—and two separate crew cabins together with a dedicated pantry keep the crew quarters discreet, self-contained and operationally efficient.

## Exteriors

---

The Aicon 85 presents a generous flybridge crowned by a jacuzzi and fitted with an Opacmare crane capable of handling both the tender and its davit, while beneath lies a dedicated tender garage whose hydraulic door has been fully serviced and operates smoothly. That garage is configured to accept a RIB tender with an outboard, allowing for rapid, effortless launching whenever desired. Aft, the cockpit is conceived for refined alfresco living, underfoot and throughout the seating areas in rich teak, centred by a teak table, four chairs and generous sofa seating arranged for relaxed dining and lounging. Teak-clad side decks echo the cockpit's finish, producing a warm, uninterrupted flow around the exterior. For ease at the dock, a shorepower connection with an integrated shower is located at the swim platform, and an electric door opens directly from the cockpit into the saloon to maintain a seamless connection between indoor and outdoor entertaining.

## Technical specifications

---

Propulsion is delivered by twin Caterpillar C32 ACERT main engines, each rated at 1,800hp (1,340kW) at 2,300 rpm, paired with ZF 3050 V-drive transmissions that turn two four-blade propellers—an enduring and capable arrangement. The driveline is built around ZF 3050 V-drive units with a 2.036:1 reduction ratio, while the engines benefit from turbo-supercharging, post-cooling, a water closed-loop cooling system and direct injection technology. Engine hours register 2,677 on the port unit and 2,065 on the starboard unit as of 8

Sep 2026. Hotel power is supplied by two Yanmar MASE S.24 generators, each providing 24kW at AC 220V. Fuel is carried in two tanks of 5,950L apiece, and fresh water capacity is 528L. This Aicon 85 presents a technically sound specification and is offered at an attractive price relative to her size and outfitting.

## Broker visit notes 26 August 2026

---

The interior is defined by newly installed hardwood floors and an overall appearance that feels as if the yacht has just left the shipyard, with headlinings, joinery and leatherwork all presenting in pristine condition. Externally, fresh teak decking spans every exterior surface and new outdoor cushions elevate the comfort of every seating area. The arrangement of spaces is highly practical and, notably for a vessel of this size, includes a main deck head. The generous saloon is elegantly divided into distinct lounge and dining zones, while the fully enclosed, comprehensively equipped galley houses two large fridge/freezer units. The crew quarters are immaculate and practical, comprising a mess, a cabin and a bathroom. Guest accommodation features roomy cabins with ensuites and impressively high ceilings. Above, an expansive flybridge provides a complete leisure package with a bar, barbecue, jacuzzi, davit and hardtop. A RIB with outboard is included, and overall the yacht is exceptionally well presented, offering remarkable value.
