OVERVIEW

The Azimut Grande 26M embodies an extended, highly specified vision of luxury propulsion, pairing a Seakeeper gyroscopic stabilizer with Humphree fin stabilizers to deliver exceptional roll reduction and uncompromising comfort whether at anchor or underway.

M/Y TAIGA stands as a premier example of Azimut Yachts' venerable superyacht range. The Grande 26M is admired not only for its unmistakable Azimut silhouette but also for a hugely practical five-cabin arrangement, anchored by a full-beam owner's suite on the main deck.

The expansive main salon is enhanced by the innovative Deck2Deck concept, which unites the aft cockpit with the interior to form a generous lounge and al fresco dining arena. When the floor-to-ceiling doors slide away, the boundary between indoor and outdoor living dissolves, yielding a dramatic, uninterrupted open-plan entertaining space.

A forward-forward bow area offers a generous social zone with plush seating and optional sunshades, creating a tranquil retreat for day-long relaxation. The flybridge is exceptionally capacious, accommodating guests with refined comfort and providing ample room for additional visitors during events or private celebrations. An adaptable aft section features a modular layout option, allowing owners to configure sofas, sunbeds, or a barbecue to suit their lifestyle.

Crew quarters comprise two cabins for three crew members on the forward lower deck. This thoughtful arrangement enables the crew to move freely through the yacht—from the wheelhouse to the galley and exterior decks via a discreet side passage—without disturbing guest privacy or traversing the main living areas.

Propulsion is powered by the latest-generation ZF POD system in conjunction with MAN engines. This modern configuration delivers superb maneuverability,

increased interior volume, reduced noise and vibration, and improved fuel efficiency, achieving up to 15% fuel savings compared with conventional straight-shaft motor yachts.

DETAILED DESCRIPTION

Additional options

A collection of premium upgrades elevating comfort, performance and onboard enjoyment, including a power package of 1650 HP from MAN engines as an alternative to the standard configuration, and Humphree fin stabilizers paired with two 28 kW generators. An optional Seakeeper 35 stabilizer further enhances ride stability, while the DECK2DECK program adds an extra folding section to the aft cockpit. A flybridge hard top and a Silver Audio/Video ensemble are available, complemented by a watermaker capable of 180 L/H. Navigation is enhanced with AIS 700 and the Raymarine Platinum package. The aft flybridge can feature a removable sun awning supported by two carbon fibre brackets, and the bow area can be equipped with a sun awning supported by two carbon fibre brackets or an alternative four-bracket setup. The crew area offers a foldable table, and the galley may be expanded with options such as a dishwasher, Miele appliances replacing the standard hood, hob and oven, plus a crew fridge. An additional cockpit helm station aids mooring, while the Cassina Pavillon model can include a cockpit seat for refined comfort. A garage door curtain cover and a tender lifting system are available, along with window net covers and privacy curtains for the aft cockpit. Water inlets for both the aft and bow shore connections are offered, and the aft flybridge sunpads can be upholstered in Batyline, with teak decking extended to the bow including anchor and mooring zones as well as on the flybridge. Underwater lighting consists of four units beneath the transom, and exterior cushions may be finished with vinyl replaced by Batyline. The salon can feature automatic Venetian blinds in place of standard curtains, while the master head can include a bidet. Porthole nets protect against insects, and a safe plus vanity unit can be added to the master cabin. A supplementary galley

fridge, cockpit bar fridge, and a washing machine with tumble dryer within the crew area round out guest and crew conveniences. A wine cooler can be installed in the salon, alongside an emergency VHF power supply and alert system, and an air filtration and purification system for enhanced indoor air quality. Four additional cleats are available in the aft area, a teak table in the bow, and the option of a sliding teak table in the cockpit. The bow can be illuminated by two lights, while a comprehensive luxury exterior lighting package enhances evening ambience. A flybridge teak countertop cabinet behind the captain's seat, and underwater side lighting—four lights in total with two per side—are offered for dramatic visibility. Additional soundproofing in the master cabin and a blackout curtain provide enhanced privacy, with a flybridge bar ice maker and an extra ice maker available, alongside a cockpit ice maker. A microwave can be added in the crew area, and an opaque door in the master cabin's head offers increased separation. Culinary performance is elevated with a Kenyon B70400 barbecue, while salon decorative cushions contribute to refined aesthetics. An extra pilot seat on the flybridge and an exclusive Williams 395 tender accompanied by a Sea Doo 3Up Trixx 90 in White and Dragon Red complete the lineup of premium enhancements. All of these options are presented to enhance comfort, performance and onboard enjoyment at the highest level.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
