OVERVIEW

Imagine the opportunity to co-own the state-of-the-art Spaceline 88T, an exquisite €19.5 million (Charter Ready) luxury catamaran that epitomizes sophistication and supreme comfort. This is your invitation to become part of an elite circle of yacht enthusiasts and experience the joys of superyacht ownership like never before. ****Why this opportunity stands out:**** - ****Exclusive Limited Offer:**** The asking price of €19.5 million (Charter Ready) is a rare chance from Ultimate Catamarans, significantly lower than the charter-ready market value of at least €25 million. - ****Shared Ownership, Full Luxury:**** Enjoy up to 10 days of personal use each year ****for every share****, with operational expenses shared fairly among owners. Clients can acquire as many shares as they desire, up to a maximum of 50%. - ****Unmatched Cost Efficiency:**** The estimated weekly cost onboard is approximately €50,000, already covered by the annual operational budget. This is a fraction of the charter fees for a similar yacht, with only the APA (Advance Provisioning Allowance) as an additional expense. - ****Premium Destinations:**** Sail to Monaco, the Balearics, and Sardinia in summer, and Dubai in winter, with itineraries crafted by owner preferences. - ****Hassle-Free Management:**** A1 Superyacht Consultancy Ltd takes care of everything—maintenance, crew management, and chartering—ensuring your ownership experience is completely stress-free. - ****Smart Investment:**** As a charter-ready vessel, this yacht offers the potential to offset costs while preserving its value for future resale. With only 20 shares available and construction commencing once 50% are sold, this is a truly unique opportunity to own a share in a luxury superyacht without the full financial commitment. 1. ****Exceptional Space and Comfort:**** - ****Generous Guest Areas:**** Over 225 sqm of living space guarantees unmatched comfort and versatility, comparable to most 45-meter superyachts. - ****Large Cabins with Balconies:**** Each cabin, located on the main deck (minimum 24 sqm), features private balconies for guests to relish

brehtaking sea views in seclusion, a luxury typically found on 100-meter superyachts. - **Ceiling Heights:** Expansive 220 cm ceiling heights create an airy atmosphere throughout the interior, a feature usually reserved for superyachts of 80 meters and above. - **Spacious Beds:** Extra-large king-size beds (200 cm x 220 cm) ensure ultimate relaxation, a standard usually seen in 100-meter superyachts. - **Full-Beam Bridge with Captain's Cabin:** A dedicated captain's cabin behind the bridge ensures safety and guest privacy, with no helm station intruding on guest areas. 2. **Advanced Eco-Friendly Technology:** - **Hybrid Propulsion:** This system combines electric and diesel engines for reduced fuel consumption and lower environmental impact, supported by solar panels and rechargeable batteries for full-electric operation at anchor and during short cruises, as quiet as a sailing yacht. - **Very Low Fuel Consumption:** Optimized for efficiency, the Spaceline 88T offers long-range cruising with minimal emissions at 12 knots for at least 2,500 nm, extendable to 3,500 nm. - **Rooftop Exhaust:** Generators emit exhaust through the rooftop, avoiding disturbances from fumes, noise, or oily water at the bathing platform—a feature akin to 100-meter superyachts. 3. **Reliability and Redundancy:** - **Double Installed Equipment:** Critical systems, including generators, air conditioning, and navigation equipment, are redundantly installed to prevent downtime and ensure continuous operation. 4. **Luxury Amenities:** - **Expansive Sunbathing Areas:** A spacious forward deck and multiple lounging zones provide ample space for relaxation and socializing. - **Versatile Bridge Area:** The area behind the bridge is multifunctional; glass windows can be retracted to offer either a protected interior or an open-air experience. - **Jacuzzi:** The central deck jacuzzi provides a perfect setting for unwinding while enjoying stunning views. - **Garage for Water Toys:** A fully enclosed garage with a fold-out platform ensures easy access to water toys and tenders. 5. **Design Excellence:** - **Award-Winning Interior Design:** Laura Pomponi and Luxury Projects create bespoke interiors tailored to the unique needs of each owner. - **Panoramic**

Views:** Large, wraparound windows flood the interiors with natural light and connect guests to the surrounding seascape. - **Modern Wide-Body Structure:** This design combines sleek aesthetics with maximized interior space for a refined and contemporary look. 6. **Safety and Performance:** - **Raised Bow:** A commanding bow height of over 5 m ensures safety and excellent seaworthiness, even in challenging conditions. - **Class Standards:** Built to the highest industry standards for safety and quality. **Eco-Conscious Design and Operation** The Spaceline 88T sets a new benchmark for sustainable luxury yachting: - **Fuel Efficiency:** Consumes significantly less fuel compared to yachts in its class. - **Hybrid Systems:** Reduce reliance on diesel engines, enabling silent cruising in sensitive areas. - **Smart Energy Management:** State-of-the-art systems optimize power usage for extended cruising. **Unmatched Guest Experience** Every detail of the Spaceline 88T has been meticulously crafted to enhance the guest experience: - **Dedicated Crew:** Ample crew quarters and service areas ensure seamless hospitality. - **Privacy and Comfort:** Smart layouts separate guest and crew areas for maximum privacy. - **Customization:** The yacht can be tailored to the owner's preferences, from decor to equipment. - **Enhanced Space and Natural Light:** The guest interior space is equivalent to a 45-meter aluminum superyacht, offering more room and natural light, as guest cabins are not positioned at the waterline with small windows. **The Ultimate Investment in Luxury Yachting** The Spaceline 88T is more than just a yacht; it is a symbol of innovation, luxury, and sustainability. With its: - **Spacious design** - **Advanced technology** - **Eco-conscious systems** - **Customizable luxury** It offers an unparalleled experience for owners and guests while maintaining long-term value and appeal in the luxury yacht market. Explore yacht sales in the current boat location and seize the chance to buy a yacht that redefines luxury.
