OVERVIEW

Launched in 2018 from Sanlorenzo's Ameglia shipyard, the 26.7m Lady Larisa is an arresting SX88 crossover flybridge that blends forward-thinking lines with timeless Italian craftsmanship. Styled by Officina Italiana Design with interiors by Piero Lissoni, she offers the uncommon advantage of a main-deck owner's suite for a yacht of this size, alongside three additional staterooms arranged to accommodate eight guests. Expansive teak-clad decks, a 7.2m beam and a shallow 1.7m draft create seamless indoor-outdoor living and effortless access to hidden coves. Driven by triple Volvo Penta IPS 1050 engines, she sustains a composed 20-knot cruise and delivers approximately 1,000 nautical miles at 10 knots. Fastidiously maintained and run by a seasoned crew of three, Lady Larisa is a turn-key flybridge superyacht for those seeking a polished yet adventure-ready yachting experience.

DETAILED DESCRIPTION

Lady Larisa detailed description

Delivered in 2018 from Sanlorenzo's celebrated Ameglia shipyard, motor yacht Lady Larisa is the perfect fusion of avant garde design and timeless craftsmanship, combining the modern comfort of a floating villa with the solid engineering of an acclaimed Italian builder. At 26.7 metres (88 feet) overall, this SX88 presents a striking silhouette by Officina Italiana Design and a generous 7.2 metre (24 foot) beam that creates expansive teak decks for effortless relaxation and entertaining, while a shallow 1.7 metre draft grants access to secluded bays and coves that larger yachts can only admire from afar. Unusually for her size, Lady Larisa features a master cabin on the main deck, while below deck aft sits a full beam VIP with a walk in wardrobe and forward are two twin guest cabins, delivering elegantly configured accommodation for up to eight guests, with every interior detail crafted for serenity and ease; a professional crew of three ensures discreet, attentive service. The galley is thoughtfully located on the lower deck and reached by a separate staircase to preserve discretion during service. Lady Larisa is powered by three Volvo Penta IPS 1050 units with only 830 engine hours to date, offering a comfortable cruise at twenty knots and top speeds up to twenty three knots, while a range of up to one thousand nautical miles at ten knots, a nine thousand three hundred litre fuel capacity and two thousand fifty litres of freshwater provide excellent autonomy for extended cruising. Her additional batteries enable up to twenty four hours of silent hotel services without a generator, and her CE Category B classification underlines stability and peace of mind at sea. Fastidiously maintained by her current owner, Lady Larisa is a ready turn key investment that blends performance, elegant indoor outdoor flow and shallow draft freedom to explore the Mediterranean, hop between Caribbean

islands or settle into a secluded anchorage with sophisticated ease.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
