## OVERVIEW

---

This luxury motor yacht presents expansive, welcoming living areas and has been meticulously cared for with annual servicing.

Her interiors have been renovated to reveal a sleek, contemporary ambiance that balances style and comfort.

Accommodating up to 12 guests in five ensuite cabins, plus crew quarters, she is equally at home as an elegant cruiser and a refined charter yacht.

## DETAILED DESCRIPTION

---

### Equipment:

---

The yacht's navigation and systems package is engineered to inspire confidence and simplify long passages, anchored by dedicated radar and GPS antennas that feed a Raymarine radar/plotter screen at the interior helm, backed up by an independent Raymarine plotter at the fly helm and a Raymarine autopilot with a repeater on the flybridge for seamless course-keeping. Voice and safety communications are provided by Sailor VHF radios at both helm stations while Raymarine ST60 depth and speed instruments, a Navtex JCR J Nav 500 receiver, a rudder angle indicator and an EPIRB ensure layered situational awareness, and a TVCC camera in the engine room streams live to the interior helm display for real-time monitoring. Above, the flybridge is sheltered by a hard top with an electric opening for sun and ventilation control, and power generation is robust with Kohler generators delivering two by 19 kW to maintain hotel systems and redundancy underway. Maneuvering in tight quarters is effortless with a hydraulic BCS bow thruster working in concert with a two-speed electric Sidepower Sloop stern thruster, while the anchoring package includes an anchor winch with two chains and two anchors supplemented by stern mooring winches for secure handling. Guest comfort and autonomy are supported by a 100 l water heater, twin Mastervolt 24/3500 converters and two Mastervolt battery chargers, and deck operations are made simple by a crane for the tender on the fly, a hydraulic pasarelle and a swim ladder, with a winter cover for the flybridge and liferafts ready for all-season readiness. Leisure and seakeeping are elevated with a Yamaka Jet ski onboard and CMC Zero Speed Electric Stabilizers installed in July 2024, while the ambiance benefits from LED lighting upgrades in 2024 including white LED underwater lights and a new air conditioning system fitted

in 2024. Entertainment is equally considered: the saloon centers on a 55" LG flat-screen TV and a sound bar with Bose speakers, driven by two Denon amplifiers managed via Wi-Fi to mirror audio from a phone or similar device to the Bose speakers in the saloon as well as exterior JL speakers and a flybridge subwoofer, while a Fusion MS AV750 linked to the Denon amplifier provides synchronized interior and exterior sound for a cohesive premium audio experience. The galley and domestic arrangements are specified for extended cruising and gracious hosting, featuring two Samsung fridges and two Samsung freezers, a Samsung ceramic hob, a Balay oven, an AEG dishwasher and an ice maker together with a full complement of cutlery, plates and glasses, and the flybridge wet bar with a large ceramic hob and sink plus a fridge and a washing dryer in the crew area complete a practical and luxurious onboard service infrastructure; interior upholstery and carpets were renewed in 2018, exterior cockpit and fly upholstery refreshed in 2016, and a new teak deck on the bow was laid in 2024.

## Accommodation;

---

Designed to host in style, the yacht comfortably accepts up to twelve guests across five en-suite cabins, arranged to offer privacy and flexibility for family or charter use. The accommodation configuration comprises a full-beam main cabin with a double bed and en-suite bathroom, two VIP cabins each furnished with a double bed and en-suite facilities, and two guest cabins fitted with twin beds plus a Pullman berth and en-suite bathrooms, resulting in a total of nine berths and six heads that balance social spaces with personal retreats. Crew quarters are arranged for discreet service and efficient operation, with two crew cabins, two crew berths and one crew head ensuring the team can perform seamlessly. The main deck is planned for convivial living and effortless circulation, flowing from a welcoming bow solarium through an aft cockpit with dining table into an inviting lounge with a large sofa and coffee

table opposite the TV furniture, complemented by a formal dining area, a fully equipped galley, a convenient day head and the interior helm with further seating, while the flybridge above invites open air living with a generous seating area, a wet bar and the fly helm. Below decks the owner and guests enjoy private staterooms on the lower deck alongside the crew cabins, preserving comfort and seclusion throughout the vessel.

## **Renuncia:**

---

The Company presents the information on this vessel in good faith and believes it to be correct, yet prospective buyers are advised that specifications and particulars are subject to verification and do not form part of any contract.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
