DETAILED DESCRIPTION

About the yacht

The 2019 Sanlorenzo SL86 is a 26.76 metre motor yacht that embodies refined Italian design and bespoke craftsmanship, offering an atmosphere of understated luxury for owners who appreciate timeless style. Sleek contemporary lines and perfectly balanced proportions define her silhouette, while expansive glazing and large panoramic windows flood the interior with light and frame uninterrupted views, creating a seamless connection between onboard living areas and the surrounding seascape.

Her exterior has been conceived to maximise both form and function, with a spacious flybridge serving as the primary entertainment area equipped with generous lounge seating, an alfresco dining arrangement, a wet bar and plentiful sunbathing space—an ideal setting for hosting guests or enjoying relaxed days at anchor. Forward, the elegant foredeck functions as a private retreat for peaceful repose and sweeping vistas, while aft the cockpit transitions smoothly to a hydraulic swim platform that facilitates easy water access and provides an inviting waterfront space for swimming and watersports.

Inside, the main salon presents an open-plan environment furnished with contemporary pieces, luxurious finishes and carefully considered social zones that enhance comfort and livability. Accommodation for up to eight guests is arranged across four en-suite staterooms, centred on a magnificent full beam master suite that affords exceptional privacy and generous volume with a residential feel. A spacious VIP stateroom and two well-appointed guest cabins maintain the same elevated standard, ensuring every guest enjoys a comfortable and memorable stay.

Underway, the Sanlorenzo SL86 is propelled by twin high-performance diesel

engines that deliver smooth, confident cruising, notable efficiency and responsive handling. Advanced engineering and a proven hull design ensure excellent seakeeping, making her equally suited to private cruising or luxury charter and well prepared for extended coastal voyages, island-hopping and longer offshore passages. The combination of timeless Italian styling, meticulous craftsmanship, expansive entertaining areas and luxurious accommodation positions this 2019 SL86 as a standout in her class, offering an elevated yachting experience where comfort and prestige are paramount.

Equipment

A substantial hard top forms an elegant canopy over the deck, while a fin stabilizer preserves calm and comfort underway. Precise handling in crowded marinas is effortless thanks to bow and stern thrusters paired with a third control station. A hydraulic platform makes launching the tender and accessing the water simple, and a pasarella provides gracious boarding in every port. Self-sufficient cruising is supported by an onboard watermaker and inverter, navigation is assured by a dedicated chart plotter, and entertainment continues offshore via satellite TV. The specification is completed by a capable, sea-ready tender.

Other details

Power aboard is provided by twin generators—a 27 kW Onan with 1,550 hours and a 25 kW Kohler with 8,709 hours—engineered to deliver consistent, full-service electrical performance for all onboard systems. Offered for sale by the second owner together with the yacht's original captain, the vessel is accompanied by a Williams 3.95 tender showing 566 hours, and all servicing and upkeep have been carried out exclusively by authorized service centers.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.
