OVERVIEW

Introduced in 2022, the Sanlorenzo SX88—26.7m and currently in Dubai, UAE—reimagines what an 88 foot luxury motor yacht can be by replacing a conventional wheelhouse with a flowing open-plan main deck, locating four ensuite cabins on the lower deck, and presenting a waterside beach club conceived for authentic waterfront living. Privately owned from new and never offered for charter, FOUZ elevates that concept with a bespoke Bentley Home interior and Fendi Casa outdoor furnishings, exhibiting a level of finish and meticulous detailing seldom seen on yachts of this size. Enquiries are invited to arrange an exclusive private inspection by appointment.

DETAILED DESCRIPTION

Interiors

The main saloon is appointed in a full Bentley Home scheme, where an L-shaped sofa, a dedicated smoking table and a 65-inch television are wrapped in materials rarely found on a yacht of this size. The adjacent dining area is anchored by a white Carrara marble-topped table and flows seamlessly into an all-white, fully equipped galley fitted with a dishwasher, washing machine and oven, while blackout curtains provide immediate, effortless privacy when required. Below deck four ensuite cabins sleep eight guests, led by a midships master suite whose expansive hull glazing floods the space with natural light and complemented by a VIP double with its own private bathroom. Two crew cabins, offering three berths and one head, ensure practical, discreet support. Throughout the interior, bespoke Bentley Home furnishings, the signature Carrara marble dining table and the generous entertainment installation preserve the yacht's refined, effortless ambience on every voyage.

Exteriors

The defining exterior hallmark of FOUZ is the SX88 beach club aft—a broad teak platform set close to the waterline that brings guests virtually into the sea, with tenders stowed on the stern for rapid launch while at anchor. Above, the flybridge is furnished throughout in Fendi Casa pieces and can be fully enclosed and air-conditioned; the helm can likewise be sealed and climate-controlled, liberating the main deck below into an uninterrupted loft that runs from stern to bow in keeping with Sanlorenzo's "social yacht" concept. The flybridge layout marries a dining area with a mobile bar and is complemented by a fixed bar that houses a teppan-yaki grill, while underwater lighting, a teak cockpit and a hydraulically operated gangway complete a deck

scheme designed for effortless entertaining at anchor and relaxed cruising.

Technical specifications

Propelled by three Volvo Penta IPS3 1050 (D13B) units, each producing 800 hp for a combined 2,400 hp, FOUZ has recorded just 633 engine hours, reflecting the early stage of her mechanical life. She sustains a comfortable cruise at 20 knots and reaches a maximum of 23 knots, while CMC Marine zero-speed fin stabilisers deliver composed, steady behaviour at anchor. Navigation is elegant and user-friendly with a Diamond Raymarine navigation package, and control is intuitive thanks to dual Volvo IPS joystick stations, including a dedicated cockpit station for effortless close-quarters manoeuvring. Extended cruising is supported by 9,300 litres of fuel and 2,000 litres of fresh water, ensuring autonomy without compromise.

Introduction

FOUZ is a 2022 Sanlorenzo SX88 that reimagines what an 88-foot crossover yacht can deliver. Owned from new by a single proprietor and never entered into charter service, she presents in genuinely immaculate condition. Her standout attribute is the fully air-conditioned flybridge helm, engineered to be entirely enclosed when desired, thereby liberating the main deck into one seamless living area that extends uninterrupted from transom to bow—a layout Sanlorenzo conceived with entertaining and a more convivial, social onboard lifestyle in mind. This hull elevates that concept with a fully bespoke interior, marrying Bentley Home pieces in the main saloon with Fendi Casa appointments on the flybridge, where a movable bar with teppan-yaki adds both flair and functionality, resulting in a level of customised finish seldom found on a yacht of this size. Practicality and performance mirror the aesthetic: accommodation comprises four ensuite cabins providing eight berths,

supported by two crew cabins, while propulsion is delivered by three Volvo Penta IPS3-1050 units with 633 engine hours. Comfort at anchor is assured by CMC Marine Zero Speed fin stabilisers, and the SX88's signature beach club sits at near-waterline level, complemented by an open-plan main deck loft that remains completely flush from stern to bow. The specification is completed by the Diamond Raymarine navigation package. Currently located in Dubai and available for worldwide delivery, private viewings can be arranged on request.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
