OVERVIEW

Heliophilia presents an uncommon opportunity to own one of the most generously proportioned vessels in the 27 metre category. Delivered by Sirena Yachts in 2024, this 27 m motor yacht marries understated elegance with intelligent engineering and exceptional range, capable of reaching up to 2,290 nautical miles at 9 knots thanks to an upgraded 14,000 liter fuel capacity. A custom interpretation of the Sirena 88, she has been conceived for true long range cruising and extended time aboard.

Her individualized interior plan enhances functionality: a dedicated office, a separate TV lounge and a rarely found second day head on the lower deck make her perfectly suited to family passages and on board work.

Accommodation is arranged for 9 guests across 4 finely appointed cabins, while 4 crew are accommodated in 2 crew cabins to guarantee smooth service. The yacht strikes a refined balance between intimate private quarters and generous social areas.

The sweeping flybridge and sundeck are a highlight, appointed with a hardtop dining area, a full bar, grill and jacuzzi, equally apt for lively entertaining or tranquil evenings. Forward, a private bow dining terrace links directly to the owner's suite via a sliding door, creating a peaceful, secluded retreat.

Inside, light filled, open spaces emphasize a full beam main deck master and three guest cabins below. With only 70 engine hours, Heliophilia has the feel of a new vessel and is turnkey for her next voyage — at once a polished flybridge yacht, a true long range cruiser and a mini superyacht.

DETAILED DESCRIPTION

Tender and toys

Unfold adventure aboard a North Star Axis 3.40 m tender, powered by a 40 hp Yamaha, which delivers agile, dry and confident runs for swift shore transfers and playful coastal exploration. Elevate the excitement with a Sea-Doo Spark jet ski producing 90 hp for spirited bursts across the bay and effortless carving. After the thrills, the hydraulic swim platform descends smoothly to water level, transforming the stern into a private beach and making boarding and water access effortless.

Details

Confident seakeeping is delivered by two Humphree fin stabilisers operating on 24 V, providing composed roll control both underway and at zero speed. Climate comfort is assured by two 230 V Dometic chiller units, each paired with a dedicated fan coil for every zone — the salon and the galley — ensuring even, almost whisper-quiet cooling throughout. Precise close-quarters handling is effortless thanks to hydraulic Side-Power bow and stern thrusters, giving assured control in tight marinas and when faced with crosswinds.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
