OVERVIEW

Step aboard the SL88, a 2004 creation from the celebrated Italian yard Sanlorenzo, and you enter a world where timeless elegance and naval engineering converge. This motor yacht, measuring 26.82 meters (88 feet), embodies the builder's reputation for meticulous craftsmanship and robust construction, her fiberglass hull offering long-lasting durability and resistance to corrosion while supporting a silhouette of refined proportion and modern poise.

The exterior spaces unfold with effortless sophistication. A generous deck invites sunbathing and convivial gatherings, centered on a comfortable seating arrangement sheltered by a retractable roof that lets natural light be tailored to every mood. Alfresco dining is arranged with a fully equipped barbecue and a devoted dining set, creating a seamless transition between service and leisure under open skies. A hydraulic swim platform enhances the yacht's functionality, simplifying tender and water toy deployment while doubling as an additional sunning area for carefree days at anchor.

Inside, the salon is a study in Italian refinement, fitted with plush Italian sofas and a top-of-the-line entertainment system for relaxed evenings or lively company. The interior palette favors warm tones and light-hued materials, enriched by exquisite wood finishes and soft leather that together forge a welcoming, luxurious atmosphere. Contemporary lighting design accentuates surfaces and volumes, balancing intimacy with an airy sense of space.

Accommodations are arranged to host up to eight guests in four well-appointed cabins: a sumptuous master suite, an elegant VIP suite, and two twin guest rooms. Each cabin benefits from its own ensuite bathroom and an onboard entertainment system, while the master suite is distinguished by a particularly spacious ensuite and a private study, providing a serene retreat for extended cruises.

Adjacent to the generous dining area, the galley is both practical and beautiful, equipped with state-of-the-art appliances to support a range of culinary pursuits. Rich wooden cabinetry and high-quality stone countertops reflect the same attention to detail that defines the yacht's overall finish, marrying functionality with the refined materials expected of Sanlorenzo.

As a Motor Yacht designed for confident handling, the SL88 is prized by crews for her maneuverability and stability in varied sea conditions. Twin MTU engines propel the vessel to a comfortable cruising speed of 23 knots and a top speed of 29 knots, while advanced navigational aids, including radar, GPS, and autopilot, ensure safe and efficient passage planning and execution.

Onboard amenities extend to comprehensive electronics, an array of water toys, sophisticated entertainment options, and Wi-Fi throughout, all arranged with an emphasis on comfort, safety, and convenience. Launched in 2004, the SL88 marries classic lines with contemporary refinement, a testament to Sanlorenzo's dedication to innovative design and impeccable finish. For discerning buyers seeking a yacht that blends luxury and performance, this SL88 presents an exceptional opportunity in the current market and location.
