## OVERVIEW

---

Introducing the 27XP, the successor to Numarine's celebrated 26XP — the yard's enduring bestseller with 30 hulls delivered. This evolved explorer motor yacht presents a wider beam and improved seakeeping, and can be specified with an enclosed upper-deck wheelhouse and an optional five-cabin configuration. Further refinements include upgraded crew quarters, full-size washer and dryer units, and an enlarged main salon. Accommodation is arranged for 8–10 guests across four or five staterooms, with four crew housed in two cabins. As a luxurious superyacht and true long-range cruiser, at frugal cruising speeds she comfortably exceeds a 1,000 nm range.

# DETAILED DESCRIPTION

---

## Summary of standard equipment

---

From the moment you step aboard, the specification reads like a manifesto for effortless cruising: electric fin stabilization keeps the ride composed while two 28 kW marine generators and a comprehensive 24 V DC/230 V AC electrical system power every comfort, and full air conditioning and heating are delivered by a central chiller with individually controlled fan coils in each cabin. The hydraulic lifting bathing platform, with a maximum lifting capacity of 700 kg, makes launching and recovery a graceful affair, and hand-laid teak sets the tone across the bathing platform and steps, side decks and foredeck, the flybridge stairway, and the flybridge and cockpit soles. Twin electric anchor winches, operable from both foredeck and helm, hold you effortlessly on station, and a hot and cold transom shower awaits after a swim. Movement and flow are enhanced by a side-opening pantograph helm access door and sliding doors to the aft and starboard side of the saloon, while the power-assisted hydraulic steering system works in concert with dual-station hydraulic trim tabs with indicators for planing configuration only. Confident close-quarters control comes from an electric 420 kgf bow thruster plus a 300 kgf stern thruster, further supported by electric stern rope mooring winches and a remote-controlled searchlight. Entertaining is elevated by a flybridge wetbar with sink, hot and cold water, electric barbecue, refrigerator, and icemaker, complemented by a flybridge sunbed and cushions beneath a manual bimini with carbon poles, and an expansive entertainment speaker system fills the saloon and exterior areas — cockpit, bow, and flybridge — with audio, augmented by sound bars in the master stateroom and forward VIP cabin and flat-screen televisions in the saloon, master, forward VIP, and crew cabins with SAT connection plus a 60 cm satellite dish TV system. The galley is

fully equipped with an electric refrigerator with freezer, ceramic hob, oven, and dishwasher, while spring/latex mattresses are fitted in all guest cabins for restorative nights. Navigation and situational awareness are assured by a Raymarine suite that includes radar with multifunction 16 inch displays — three at the main helm and one at the flybridge — Raymarine autopilot with VHF, and dual station electronic depth and speed displays. Thoughtful onboard systems include a hot and cold water service with twin fresh water pumps, a toilet system with holding tank, automatic fire extinguishing for the engine room, automatic bilge pumps, twin 230 V 63 A AC shore power inlets with battery chargers, fuel filters, isolation transformers, and antifouling. Practical detailing continues with a watertight pantograph transom door for separate access, fully fitted twin berth crew cabins, a washer/dryer, four underwater transom lights and four cameras feeding a monitor in the wheelhouse to keep watch with confidence, all underpinned by classification to CE Category A, affirming genuine bluewater capability.

## Optional extras

---

Tailor the yacht to your perfect pace with a suite of curated options that let you prioritise performance, comfort, or autonomy. Under Main, elect the planing hull version powered by MAN V8 engines rated at 1200 bhp to reach a top speed of 19.5 kn, enjoy a comfortable cruise of 16 kn and a range of 700 nm at 13 kn, add a third control station for precision docking and specify the coveted fifth cabin option on the main deck to expand guest capacity. Outside, extend your horizons with an extended hardtop, a thermal camera for night time confidence, an electro hydraulic telescopic passerelle for seamless boarding, a flybridge crane rated at 400 kg, and Glendinning shore cable recovery with twin shore lines for simple shore power handling. For Audio & Visual immersion, elevate the atmosphere with the Extreme music system upgrade across saloon, cockpit, and flybridge and stay connected through an integrated

Wi-Fi system. Convenience options include a water maker with single capacity of 230 L/hr or double capacity of 460 L/hr, a 3M bacteria purification water filter system for the galley tap and icemakers, and the Super Silent Package pairing 92.8 kW Li-ion batteries with an extended hardtop and 6 kW solar panels for whisper-quiet autonomy. Round out the specification with two aft docking lights, a main deck bow sunshade with carbon poles, tailored seat covers, and a lounge cockpit arrangement featuring two ATEP electric tables and an aft awning, each option chosen to refine the yacht to your exact lifestyle.

## US package & pricing

---

To ensure consistency both in the marketplace and worldwide, Numarine now advertises all pricing in euro, and for each model a dedicated US Package is available at additional cost; this region-specific upgrade menu comprises enhancements to the Numarine base specification such as IMO Tier III engine packages, shore power and frequency converters, US power packages, US appliances and makers list, and optional extended hardtops among other regionally tailored refinements. Pricing for the US Package is published alongside a detailed menu of options to guide a seamless, region-specific build and to ensure clarity for buyers choosing the enhancements they require.

## Disclaimer

---

The details of this yacht are offered in good faith, yet accuracy cannot be guaranteed and no warranty is made regarding the vessel's condition, specifications, or fitness for purpose. This yacht is offered subject to prior sale, price change, or withdrawal from the market without notice, and any particulars provided are for guidance only; prospective buyers should

undertake their own surveys and inspections to satisfy themselves as to condition and conformity with their requirements.

## Exterior

---

Life on deck ascends to a new plane, beginning with elevated outdoor living that turns every horizon into a private gallery: a raised bow lounge becomes a sunlit sanctuary and a supersized flybridge stretches your social canvas with space to dine, recline, and revel, while an expansive sunbed invites languid afternoons. Rear folding aft seats transform at a touch to tailor the cockpit from passage making poise to harbor side leisure, and for those who love an uninterrupted panorama the optional fully glazed flydeck floods the upper level with light and sea views, amplifying the sense of openness that defines this yacht.

## Interior

---

Within, spacious, elegant, and effortlessly flexible interiors adapt to every mood and moment: an expanded galley and dining area encourage convivial gatherings, while an enhanced master suite becomes a restorative retreat defined by volume, light, and considered craftsmanship. Those seeking ultimate versatility can select the main deck VIP option, placing a privileged guest space amid the brightest vistas, as an open plan saloon flows seamlessly between conversation and contemplation and panoramic picture windows frame the seascape with cinematic flair, ensuring that, wherever you pause, the ocean remains the ever present muse.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
