OVERVIEW

A striking embodiment of contemporary Italian styling and Gulf-calibre performance, this 2025 88-foot motor yacht unites the sculptural, clean lines of Filippo Salvetti with an interior crafted by the Ferretti Group that exudes serene luxury. Built in advanced GRP/fiberglass with a refined monohull silhouette, she balances graceful poise with formidable propulsion courtesy of twin MAN inboard diesel engines, delivering a relaxed 27-knot cruise and an exhilarating 31-knot top speed. A comfortably modest draft grants access to secluded anchorages and the chic marinas of the United Arab Emirates, making impromptu weekends in Dubai or island-hopping escapes effortlessly attainable, while a hull tuned for bluewater assurance channels Riviera elegance into every nautical mile.

Inside, expansive glazing pours daylight into the salon, revealing bespoke finishes, sculpted furnishings and exquisitely considered joinery that speak to Ferretti's exacting standards. The layout encourages a natural flow from a lounge-worthy main salon through to a formal dining area and a discreetly equipped gourmet galley, with climate control and integrated entertainment systems enhancing onboard comfort. Below decks, accommodation for up to eight guests is arranged across four en-suite staterooms, highlighted by a tranquil full-beam owner's suite, a luminous VIP and flexible guest cabins that easily convert between doubles and twins. Professional service is assured by separate crew quarters featuring two cabins for three, ensuring privacy and quiet for owners and guests alike.

Exterior living is equally refined, with a shaded aft terrace set for alfresco dining, a foredeck sanctuary of sunpads and intimate seating, and an airy upper deck ideal for sundowners over the Arabian Gulf. A generous bathing platform facilitates effortless water access and houses tender and toy stowage for playful days afloat. Ample fuel and freshwater reserves support extended

coastal cruising and confident passages, while the yacht's balanced hull geometry and responsive handling produce a composed, whisper-quiet ride. Elegant, swift and impeccably finished, this 2025 performance motor yacht marries Italian artistry with Gulf-side allure to create a vessel designed to be lived in, adored and remembered.

DETAILED DESCRIPTION

Boat highlights

This Ferretti 860 represents a rare opportunity: an exquisitely equipped example of one of Ferretti Yachts' most celebrated modern designs, showing only approximately 200 engine hours, complete with full history and supported by a three-year warranty covering the engines and gearboxes. At roughly 26.95 m / 88 ft overall, she projects the scale, volume and onboard generosity of a much larger vessel, while retaining the sleek lines and sporty poise that define contemporary Italian yachting.

Her specification is exceptionally comprehensive, with an array of factory-fitted upgrades and luxury appointments that create a seamless indoor-outdoor lifestyle. A premium Bang & Olufsen entertainment installation provides high-fidelity audio throughout the yacht — in the master suite, guest cabins, main salon, cockpit, bow lounging area, flybridge and exterior social spaces — while televisions are cleverly hidden behind mirror glass, including in the master, remaining invisible when not in use to preserve the clean, modern interior. The principal living areas and cabins are fitted with a fully electrically operated double-layer curtain and blind system, combining a sheer/privacy layer with a full blackout layer and operated at the touch of a button to deliver exacting control of light and privacy and to enhance the yacht's refined atmosphere.

The salon and pilothouse feature electrically operated opening doors that recess neatly into the structure, delivering a truly fluid transition between interior and exterior living; manual operation remains available when required. Exterior styling is accentuated with premium carbon-fibre supports and detailing around the bow and flybridge, reinforcing the yacht's athletic yet sophisticated character. An extensive water-toy inventory completes the

package, including a brand-new Sea-Doo GTX Limited jet ski, a Williams 390 jet tender/jet boat, a Seabob and additional toys and equipment, ensuring she is fully prepared for immediate cruising, watersports and effortless entertaining. More than a standard brokerage listing, this Ferretti 860 stands out through its combination of low hours, documented history, three-year engine and gearbox warranty, exceptional factory specification, Bang & Olufsen system, concealed mirror TVs, electrically operated double-layer curtains and blackout blinds, retracting living-space doors, carbon-fibre exterior detailing and a comprehensive tender and toy suite. For a purchaser seeking a lightly used, highly specified and ready-to-enjoy Ferretti 860, she deserves serious consideration.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
