## OVERVIEW

---

The 2012 Sunseeker 88 “Funseeker” is a premium flybridge motor yacht that marries refined styling, upscale finishes, and exhilarating capability. Sleeping up to 8 guests across 4 generous staterooms, it boasts voluminous interior and alfresco spaces, highlighted by a flybridge with relaxed seating and dining. Driven by twin MTU powerplants and fitted with advanced stabilisation, navionics, and entertainment suites, it offers a smooth, quiet cruise. With over \$750,000 in recent enhancements, “Funseeker” is thoroughly refreshed and turnkey, poised for immediate enjoyment.

## Description

---

Step aboard the 2012 Sunseeker 88 Yacht "Funseeker" and indulge in unmatched luxury on the water. This stunning eighty-eight-foot yacht welcomes up to eight guests in four beautifully appointed cabins, including a lavish full-beam master suite, while a contemporary interior of satin cherry with walnut flooring, high-quality wood veneers, and supple leather accents creates an atmosphere of refined sophistication. Expansive outdoor areas elevate every moment, from a flybridge designed for effortless entertaining with lounge dining and a wet bar to a hardtop that features an electric canopy with extension. Outfitted with ABT TRAC fin stabilizers and state-of-the-art navigation and entertainment systems, "Funseeker" delivers a smooth, quiet, and unforgettable journey.

Beneath her elegant profile lies serious capability with twin MTU 12V2000 M94 1,950 hp engines and two 32 kW Kohler generators, complemented by a shore power converter for global versatility and extra fuel capacity (2245 gal / 8500 l) to extend your cruising horizon. The layout offers four staterooms and five heads, including an on-deck dayhead, plus accommodations for crew for four. Comfort is assured by Marine Air Tropical A/C with three compressors, while a watermaker supports autonomy at sea. Precision handling comes courtesy of digital ABT TRAC stabilizers and a third docking station (starboard), and evenings are made magical by underwater lights in the transom. Over \$750,000 in recent work completed (detailed below) underscores the meticulous care and continual upgrading invested in this yacht.

In 2025, "Funseeker" received a comprehensive suite of enhancements: two new AC individual units (August 2025); a new washer and dryer (August 2025); a new dishwasher (August 2025); a complete new JBL speakers and stereo

system throughout with an operating iPad (2025); two new TVs in two staterooms (2025); new windshield and side window mesh covers (July 2025); satellite domes painted to match the hull sides (March 2025); a new water maker pump, plus a new spare (2025); a rebuilt watermaker (2025); a new freshwater pump (2025); a new Garmin radar antenna (2025); a new Garmin screen on the bridge (2025); a new MTU shifter on the bridge (2025); life rafts recertification (2025); two new stainless steel anchors (2025); new Kingsley Bate teak frame chairs, six, arranged aft around the table (2025); a complete bottom paint job (March 2025); the engine room painted and detailed (June 2025); RPM/MTU dealer-completed repairs and updates (2025); generators serviced (June 2025); and new engine room lights (September 2025).

Further upgrades in 2024 include all new soft goods on the bridge, aft area, and bow, with covers for all (2024); an installed Starlink system (2024); a new retractable sun shade on the bridge (2024); shafts tested and trued (2024); new cutlass bearings (2024); a new AC Clearline system (2024); a new automatic hull cleaning ultrasonic system (2024); and a new stainless steel lighted name "FUNSEEKER" (2024). In 2023, the yacht benefited from three new AC chillers (2023); all new teak on the swim platform, aft area, steps to the bridge, and bow walkthrough (2023); a swim platform completely rebuilt with hydraulics, lines, and fiberglass totally redone (2023); all new thru hulls (October 2023); stabilizers rebuilt (2023); fire suppression systems updated (2023); and Robert Cimpagne recertification (2023).

## Electronics

---

A comprehensive suite of electronics enhances navigation, communication and entertainment on board, featuring AIS, GPS, radar and a navigation center; an autopilot and plotter; a depthsounder, compass and log-speedometer; VHF

and radio; Wi-Fi and a computer. Entertainment is well served with a flat screen TV, a TV set, a CD player, a DVD player and a VCR, while cockpit speakers provide clear audio and repeaters make vital data readily accessible throughout the vessel.

## Inside equipment

---

The yacht's interior is engineered for comfort and self-sufficiency, featuring air conditioning paired with heating and hot water, while a battery charger ensures dependable onboard power management. Confident maneuvering comes courtesy of a bow thruster and a stern thruster, and robust redundancy is built in with both an electric bilge pump and a manual bilge pump. Extended cruising is supported by a fresh water maker and a sea water pump, and the well-appointed galley includes a refrigerator, deep freezer, dishwasher, microwave oven, and oven. For versatile onboard sanitation, a chemical head, an electric head, and a marine head are provided, and a washing machine adds the convenience of at-home living far from shore.

## Additional equipment

---

Enhanced by a responsive Touch Screen at the helm, dramatic Underwater Lights that bathe the surrounding sea in a luminous glow, and a practical Walk Around deck layout that ensures effortless, secure movement from bow to stern, this yacht elevates every moment on the water.

## Outside equipment / extras

---

Thoughtfully appointed for comfort and capability, the exterior showcases inviting cockpit cushions surrounding a well placed cockpit table, complemented by a convenient cockpit shower for effortless refreshment after

a swim. Practical handling is assured with davits, a gangway, and a dedicated hydraulic gangway, while both an electric winch and a hydraulic winch provide versatile power for line handling. A fin stabilizer enhances comfort underway, and safety at sea is underscored by a fitted liferaft. At the water's edge, a hydraulic bathing platform works in concert with a hydraulic swim step and a swimming ladder to create a seamless indoor to ocean lifestyle. Power poles add confident shallow water anchoring versatility, and the rich ambiance of a teak cockpit and teak sidedecks elevates every moment on deck.

For protection and shade, a hard top covers the lounging and helm areas with clean, modern elegance.

Electrical resilience comes from a well specified array that includes a generator, an inverter, and a shore power inlet, ensuring reliable onboard energy whether at berth or on extended passages.

## Aft deck

---

The aft deck is designed for effortless enjoyment, beginning with a hydraulic swim platform that offers seamless access to the water and is complemented by two storage lockers for neatly organized gear. Boarding is made easy with a Benzenzoni passerelle and two stainless steel boarding gates, while anchoring duties are confidently managed by two Lewmar windlasses. A generous U-shaped settee wraps around a teak foldout table that seats ten, creating an inviting setting for alfresco dining. To port, a chill box and trash bin keep refreshments and cleanup within easy reach, and the ambiance is elevated by a television and discreet courtesy lighting.

## Main saloon

---

A large stainless steel sliding door opens to a refined haven anchored by wenge wood floors and sycamore wood paneling, where a white leather sofa,

love seat, and chair are complemented by a suede leather love seat to create generous, inviting seating. At the heart of the space, a high-gloss, book-matched wood and stainless steel table provides a striking focal point, while a separate dining table with a high-gloss, book-matched design seats eight for elegant entertaining. A wine chiller with a glass storage cabinet is thoughtfully paired with two additional glass storage cabinets, ensuring flawless service, and the ambiance is artfully layered with four designer wall sconces and two designer lamps. Entertainment is effortless with a 55" TV on an electric lift, KVH Track vision Satellite with multi-receivers, Direct TV, and Bose surround sound, all orchestrated by Orca lighting controls. For added convenience, an on-deck head with a wash basin and a Tecma head is discreetly located just steps away.

## Galley

---

The galley is appointed for serious culinary pursuits, featuring a large side-by-side stainless steel refrigerator-freezer, a microwave oven, and two ovens to accommodate everything from rapid reheats to full-scale baking. A four-burner cooktop anchors the workspace, while Black Galaxy granite countertops offer a dramatic, durable surface set above wenge wood floors. A side-opening door to port brings in light and fresh air and eases provisioning, and abundant drawer and cabinet storage keeps every utensil and ingredient neatly organized.

## Lower helm

---

At the lower helm, a leather L-shaped settle with a table invites relaxed passage-making beside a side-opening door to starboard for effortless deck access. The space is framed by wenge wood floors and sycamore wood paneling and is centered around a Sunseeker ship's monitor and control panel,

with two Benzenzoni leather electric helm chairs with footrests facing a comprehensive navigation suite that includes two 24" Garmin screens installed new in 2022 and three Garmin MFD mini-screen multi-displays. Readouts and guidance are precise, thanks to a shaft speed and load percentage gauge, a Garmin autopilot, a Sanshin searchlight with remote control panel, and an analog engine and transmission gauge panel, while ABT TRAC zero speed stabilizer fins and TRAC hydraulic bow and stern thrusters are managed with poise via a joystick docking station. Command is completed by an MTU engine monitor panel paired with ZF single-lever controls.

## Master stateroom

---

The master stateroom centers on a king-size pedestal bed with an espresso leather base and headboard, complemented by four under-berth storage drawers and abundant drawer and locker storage. Matte walnut cabinets and sycamore wood paneling create a warm, refined ambiance. A vanity/desk with chair offers a dedicated spot for preparation or correspondence, while a settee to port invites relaxed moments. A large walk-in hanging locker ensures generous wardrobe capacity, and nightly comforts include two lamps and end tables along with two focused reading lights.

## Master head

---

The master head showcases an oversized shower with a black galaxy granite floor and designer fixtures, complemented by black galaxy granite countertops and a matching floor for a unified, luxurious aesthetic. Two Althea wash basins with designer faucets are paired with a Techma head and a Tecma Bidet, while a towel warmer rack, a medicine cabinet, and abundant locker storage provide thoughtful comfort and practical organization.

## Guest stateroom (port)

---

Thoughtfully appointed for comfort and flexibility, the port guest stateroom features two side-by-side single berths with Espresso leather bases that convert to form a generous large berth, complemented by four storage drawers to keep belongings neatly stowed. Warm ambient illumination comes from two reading lights, while a leather-framed mirror adds a refined touch across from a hanging locker for wardrobe needs. Natural light pours through a picture window with an opening panel to invite sea breezes, and the en-suite head with stall shower ensures privacy and convenience. Entertainment is close at hand with a TV.

## Guest head

---

The guest head is appointed with black galaxy granite flooring and countertops that set a refined tone, complemented by a reliable Tecma head for seamless functionality. A sleek wash basin with a designer fixture stands opposite a spacious stall shower, while thoughtfully integrated storage cabinets keep essentials organized and out of sight. A heated towel rack completes the space with a touch of spa-worthy comfort.

## Guest state room (starboard)

---

On the starboard side, the guest state room features two side-by-side single berths with Espresso leather bases that convert to create a large berth, complemented by four storage drawers and two reading lights. A leather-framed mirror adds refinement, while an en-suite head with stall shower ensures comfort and privacy. Natural light streams through a picture window with an opening panel, and a hanging locker provides practical stowage, with a TV for onboard entertainment.

## Guest head (starboard)

---

Finished in striking black galaxy granite across the floor and countertops, the starboard guest head combines function and refinement with a Tecma head, a wash basin accented by a designer fixture, and a separate stall shower, while well-placed storage cabinets and a heated towel rack add practical convenience and spa-like comfort.

## VIP cabin

---

The VIP cabin is a serene sanctuary anchored by a king-sized pedestal bed, distinguished by an espresso leather base, a matching headboard, and an elegant overhead feature. Two stainless steel reading lights provide focused illumination, while two large under-berth storage drawers offer discreet convenience. Rich sycamore wood paneling pairs with matte finish cabinets to envelop the space in warm sophistication, complemented by designer upgraded carpeting throughout. To port, a white leather settee invites relaxed moments, and a matte finish walnut vanity with a white leather chair forms a refined dressing area. A large walk-in closet with safe completes this private retreat, ensuring both comfort and secure stowage.

## VIP head

---

The VIP head is a refined sanctuary, appointed with Black Galaxy granite floors and countertops that create a striking, polished finish. A Techma head provides reliable modern convenience, and the large stall shower invites unhurried comfort. Abundant cabinet storage keeps essentials perfectly organized, while two wash basins accommodate effortless tandem use. A heated towel rack delivers a final, spa-like touch of warmth.

## Fly bridge

---

The fly bridge invites sociable cruising with a U-shaped dining area centered around a fold-out teak table that seats ten. To port, an elegant L-shaped cabinet houses a refrigerator, ice maker, stainless-steel sink, electric grill, and a convenient pull-out shower hose. Forward to port, a cushioned seating area is thoughtfully paired with a dedicated storage locker, maximizing comfort and stowage in equal measure.

## Fly bridge electronics

---

Commanding views and fingertip control define the flybridge helm, where an MTU engine control panel is paired with a Garmin 24-inch monitor panel and two Garmin MFD displays, backed by analog engine gauges for immediate readouts. Precise handling is delivered by ABT TRAC bow and stern thruster controls together with ZF single-lever controls, while a Sanshin searchlight control panel enhances confidence after dark. Four helm chairs provide comfortable seating beneath an opening sunroof, creating an elevated pilothouse that balances performance, visibility, and relaxation.

## Foredeck

---

The foredeck invites relaxation with a welcoming U-shaped seating area surrounding a versatile table and a generously cushioned sunpad for sun-soaked lounging. Practicality is equally prioritized, with two storage lockers for organized stowage, two Lewmar anchor windlasses for confident ground tackle handling, and two dedicated anchor lockers to keep equipment tidy and ready for swift deployment.

## Engine room

---

Power is delivered by two MTU 12V 2000 engines, each rated at 1,950 horsepower, supported by two Kohler 32 kW 60 Hz generators to keep onboard systems humming. Climate control is assured by a Dometic chilled-water air-conditioning system with two chillers, while an Idromar MC3J watermaker provides a steady supply of fresh water. Safety and serviceability are prioritized with a CO2 fire suppression system, a Marco oil transfer system for both engines and generators, and two dual Racor 1000 fuel filters to keep fuel polished and clean. Shore-power handling is effortless with a Glendinning Cablemaster, and airflow remains optimal thanks to two engine-room ventilation fans. Daily conveniences include a hot-water heater, two storage racks, four battery chargers, and a robust bank of engine and house batteries.

## Crew quarters

---

Designed for comfort and efficiency, the crew quarters feature two staterooms with upper and lower berths, ample storage, and hanging lockers. A Tecma head is paired with a separate stall shower and sink for added privacy. The dedicated galley is outfitted with a sink and a microwave oven, complemented by an additional microwave oven, and supported by a refrigerator. Daily life on board is enhanced by an L-shaped settee with table for relaxed dining or planning, while a separate washer and dryer simplify housekeeping. A Garmin monitor completes the space, providing clear oversight of essential systems.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
