OVERVIEW

2021 Ocean Alexander 27 Explorer

Purpose-built for adventures that don't compromise on luxury, this Ocean Alexander 27 Explorer balances unwavering capability with a refined, contemporary aesthetic. At 88 feet overall and nearly 20 feet of beam, she delivers the volume and presence of a far larger motor yacht, wrapped in the proven craftsmanship for which Ocean Alexander is renowned. Built in 2021 and lying in the United States, she is a compelling platform for owners who want to go farther, stay longer, and arrive in unmistakable style.

Her advanced fiberglass composite construction and robust explorer profile inspire confidence offshore, while a deep, ocean-going draft and long, efficient waterline translate to a composed, quiet ride. Twin MAN diesel inboards provide the muscle and reliability demanded by serious passage-makers, with responsive handling for coastal hops and the range and efficiency for ambitious itineraries. Thoughtful fuel and water capacities support true self-sufficiency, opening up weeks of independent cruising to remote anchorages.

Step inside to a sanctuary of sunlight and space. Panoramic salon windows frame the horizon, while precise joinery, premium materials, and a soothing palette underscore an atmosphere of understated elegance. The galley—equally at home hosting a formal dinner or an easy brunch after a swim—offers generous refrigeration, clever storage, and the workspace to provision confidently for extended voyages. A raised pilothouse/sky lounge environment grants the helm sweeping sightlines and a commanding view, paired with a lounge area that becomes the favored perch under way or at anchor.

Accommodations are crafted for privacy and restorative comfort, with serene owner and guest spaces complemented by three beautifully appointed

heads—each finished with contemporary fixtures and hotel-caliber details. Discreet crew quarters for two ensure professional service when desired, leaving guests to enjoy the yacht's natural flow from the aft deck's open-air dining to the broad swim platform for effortless water access.

On deck, secure bulwarks and wide side decks make for confident movement around the yacht, while flexible exterior lounges invite everything from sunrise coffee to sunset cocktails. The engine room is meticulously organized around the twin MAN powerplants, emphasizing ease of service and long-term reliability—the hallmark of an explorer conceived for real-world cruising.

This Ocean Alexander 27 Explorer stands at the crossroads of bluewater grit and modern luxury: a capable, long-range motor yacht that doubles as an elegant seaside residence. Whether you envision months of island-hopping, an expedition to quiet coves off the map, or effortless entertaining in your favorite harbor, she is the rare platform that makes all of it feel natural.

DETAILED DESCRIPTION

Main description

This 2021 Ocean Alexander 27E represents a finely judged balance of luxury, innovation, and performance. Crafted with Ocean Alexander's renowned build quality and design, it blends timeless lines with modern engineering, making it as comfortable for extended cruising as it is for effortless local adventures—and it has been meticulously maintained and is presented in true turnkey condition. Measuring 27.45 meters (88 feet) in length, the yacht is powered by twin MAN diesel engines that deliver efficient performance with a dependable range. The interior layout provides four staterooms plus crew quarters, giving generous accommodations for owners and guests, while preserving privacy and service when cruising farther afield. The main salon invites lingering with panoramic windows, an elegant formal dining area, and seamless flow to the aft deck. A well-equipped gourmet galley features premium appliances, abundant storage, and relaxed bar seating for casual meals or conversation underway. On the flybridge, a full helm station pairs with a wet bar, grill, dining area, and lounge seating beneath a hardtop with a retractable sunroof, and there is a Jacuzzi to elevate open-air living. Outdoor spaces extend the experience with aft deck dining, foredeck sunpads and a lounge area, and the option of a beach club or a hydraulic swim platform for simple access to the water. Technology is comprehensive, including a state-of-the-art navigation suite, upgraded AV systems throughout, and stabilizers that maintain comfort both underway and at anchor—specifically Side-Power hydraulic zero-speed stabilizers. Practical capabilities include bow and stern thrusters for confident docking, wired remote docking controls accessible on the flybridge and the main deck aft, an Atlas shore power converter, and a Headhunter waste treatment system. The stern platform can

hold a jet tender along with a jet ski, with easy launch and retrieval that makes time on the water spontaneous and fun. Service has been kept current, including a one-thousand-hour MAN service completed in August 2025. Altogether, this late-model Ocean Alexander 27E presents as a sophisticated explorer—an elegant luxury motor yacht and bluewater cruiser designed for long-range cruising, a pilothouse-style flybridge/skylounge yacht with the versatility and presence to fit a wide range of cruising styles and destinations.

Accommodations

Designed with comfort and privacy in mind, the 27E offers a full-beam master suite with an en-suite bath, a forward VIP cabin, and two additional guest cabins, creating a welcoming retreat for family and friends. Dedicated crew accommodations ensure professional service on extended trips, with a captain's stateroom and an additional crew bunk thoughtfully arranged to keep guest spaces quiet and undisturbed.

Performance

Built with advanced composite materials, the 27E delivers the kind of efficiency and performance that inspires longer journeys. Ocean Alexander's engineering results in quiet operation, reduced vibration, and reassuring handling at cruising speed, while precise control makes maneuvering in tight marinas straightforward and stress-free.

Why she stands out

This yacht presents a rare chance to acquire a late-model Ocean Alexander with low hours, contemporary styling, and the full suite of features today's buyers expect. With its proven pedigree, luxurious yet practical layout,

comprehensive options list, and true turn-key readiness—including the one-thousand-hour MAN service, Side-Power hydraulic zero-speed stabilizers, bow and stern thrusters, wired remote docking, Atlas shore power conversion, a Headhunter waste treatment system, and a flybridge Jacuzzi—it is well positioned in the market and ready for immediate enjoyment.

Mechanical disclaimer

Engine hours are reported as of the date of the original listing, reflecting information provided by the owner and/or the actual reading of the hour meters. The broker cannot guarantee the true hours. It is the responsibility of the purchaser and/or the purchaser's agent to verify engine hours, any warranties (express or implied), major overhauls, and all other representations described in the listing brochure.
