## OVERVIEW

---

The Extra X90 Fast from Extra Yachts is a masterful rebuke to convention, reshaping the line between velocity and calm. Imagined by Hot Lab, this luxury motor yacht marries sprightly performance with expansive livability. Its vertical profile, refined for exacting proportion, creates a striking, sculpted bow that underscores an athletic yet thoroughly marine character. Across 86 sqm of carefully arranged deck space from bow to stern, life is lived outdoors. An over-50 sqm beach club erases the barrier to the sea as cockpit steps descend in three graceful tiers to the waterline. The aft galley opens onto the cockpit through a retractable glass wall, fostering effortless conviviality for alfresco dining and spirited gatherings. Equal parts refined superyacht, sport yacht and fast cruiser, she embodies contemporary yachting.

# DETAILED DESCRIPTION

---

## Machinery

---

The yacht's machinery suite is specified for dependable, hygienic operation, combining a dedicated water softener for the sanitary water circuit with a UV sterilizer system to assure pristine onboard hygiene. Access and tender operations are simplified by an Opacmare multifunctional ladder engineered for versatility and stability, while onboard safety is enhanced by flame detectors, one covering the galley and another monitoring the engine room. A compact 24 L air compressor provides three air sockets to power service and maintenance tasks, delivering practical utility in a restrained, efficient package.

## Electric system

---

An integrated AV suite centered on a Sonos media server delivers seamless entertainment across the yacht, all managed through iPad mini remotes positioned in the VIP cabin, the owner's quarters, the main-deck and upper-deck salons, and exterior areas. The same iPad-based domotic interface controls climate, lighting and, where fitted, electric curtains, placing complete environmental command at your fingertips. Connectivity is elevated by an internet upgrade package built around a Peplink 5G platform with two active SIMs, complemented by either one Starlink hardware installation or one OneWeb solution to extend reliable high-speed coverage offshore.

## Appliances

---

Entertaining on deck is elevated by a sundeck teppanyaki grill table that transforms open-air dining into a showpiece experience, supported by an adjacent ice maker and a second ice maker dedicated to the main-deck

cockpit. Wine coolers in both the salon and the galley keep vintages at their ideal serving temperature throughout the day, while practicality meets premium finishes in the upgraded laundry, which features a Miele washing machine and dryer for efficient, quiet performance.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.

For more information and to view available yachts, you can visit the company's official website: <https://shestakovyachtsales.com>
