OVERVIEW

Discover SEVEN, a striking 2022 Sanlorenzo SL90 Asymmetric (SL90A) offered for sale in the Balearic Islands and conceived by Bernardo Zuccon, whose innovative approach to naval architecture is expressed through the yacht's asymmetric layout that removes the conventional portside side deck to create a true wide body main saloon. At 27.60 m (90'7") overall length with a shallow 1.93 m (6'4") draft and a 6.50 m (21'4") beam, this avant garde flybridge planing motor yacht delivers the airy, superyacht scale volumes normally reserved for much larger hulls while retaining the practicality to access the sheltered anchorages of Mallorca and Ibiza. Twin MAN V12 2000 engines producing 2,000 hp each propel SEVEN to a top speed of 29 knots with a comfortable cruise at 25 knots, offering an engaging mix of performance and off season efficiency; a demonstrated charter track record further enhances the vessel's appeal for buyers seeking a turnkey Mediterranean charter asset. On board, the main deck master suite is framed by expansive glazing and exquisite finishes, while a sheltered bow lounge—accessible directly from the flybridge—provides an intimate haven for morning coffee or evening cocktails. The expansive wide body saloon, flooded with light, flows effortlessly out to the alfresco deck areas, and below decks the layout accommodates eight guests in four en suite cabins, including a full beam VIP and two well appointed doubles, with sleeping quarters for four crew in two cabins to ensure discreet, five star service. Kept in turnkey condition and lying in the Balearics, SEVEN is inspection ready for clients who value Italian craftsmanship, contemporary styling and class leading comfort within a compact superyacht footprint. A comprehensive video tour begins at 0:00 with the exterior profile and the asymmetric design concept, moves to the luminous wide body saloon at 0:50, highlights the main deck master at 2:05, explores the flybridge and outdoor deck spaces at 3:20, reveals the hidden bow lounge with direct flybridge access at 4:30, visits the lower deck VIP and guest suites

at 5:45, reviews the engine room and technical specifications at 6:50, and concludes with pricing insights, charter potential, and inspection details at 7:45. Builder pedigree, model and year, LOA 27.60 m, beam 6.50 m (21'4"), draft 1.93 m, 2 x MAN V12 2000, performance 29/25 knots, accommodation for eight guests plus four crew, and Sanlorenzo's meticulous fit and finish combine to make SEVEN a rare yacht for sale in the Balearics—an elegant, contemporary superyacht that balances style, substance and seaworthiness for the modern Mediterranean lifestyle. Full specifications, the official brochure and private viewings are available upon request through professional yacht brokerage channels, with SEVEN presented as a premier Sanlorenzo flybridge motor yacht opportunity in Mallorca and Ibiza.
