OVERVIEW

Confidently crafted for long-range exploration, ROCK 90 marries the adventurous spirit of an explorer yacht with the calm spaciousness and refinement of a much larger motor yacht; conceived by Vripack and built by Evadne Yachts, her crisp, angular silhouette, pronounced bow and expansive open decks give her the stature of a superyacht wherever she ventures. Her fast-displacement hull delivers an elegant balance of speed and range, enabling a 15.5-knot top speed, an economical 12-knot cruising pace and an impressive 2,500-nautical-mile range, while a shallow draft allows equally capable bluewater passages and access into secluded anchorages and untouched cruising grounds. Internally she offers exceptional volume, presenting 164 square metres of sophisticated interior living and a further 118 square metres devoted to outdoor enjoyment; a clever half-level layout evokes the circulation and scale of a three-deck vessel and the generous 55-square-metre lounge deck becomes an ideal stage for al fresco dining, entertaining and quiet repose. Inside, Vripack's contemporary language is expressed through a restrained palette of muted textiles and maple joinery, punctuated by bold geometric details and natural stone accents, and accommodation centres on a full-beam master suite with a private fold-down balcony that opens into an intimate terrace above the sea, complemented by three guest cabins that sleep up to eight guests in comfort. With its substantial interior volume, inventive arrangement and unmistakable exterior profile, ROCK 90 Hull #5 encapsulates the signature DNA of the ROCK series as an expedition motor yacht designed to transcend the ordinary.

DETAILED DESCRIPTION

Installed options

Carefully outfitted for extended autonomy, refined comfort and effortless operation, the yacht is fitted with a solar panel system, an aft control station for pinpoint low speed maneuvering and an owner's cabin balcony that opens directly to the sea. Motion is refined by a Humphree stabilizer while tropical air conditioning maintains ideal temperatures in the warmest regions, access to the water is seamless via a hydraulic swimming ladder and deck logistics are simplified by an upper deck crane rated to 500 kg. Evening ambiance and safety are heightened by underwater lights on the aft deck, propulsion has been enhanced with a Caterpillar C12 upgrade, and everyday convenience is assured with a dedicated dayhead and a bow deck hatch.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
