OVERVIEW

2025 Sanlorenzo SL90A — Available Now

Sanlorenzo's SL90A ushers in a new era of Asymmetric refinement, its unconventional layout yielding noticeably greater interior volume and natural light than a traditional 90-foot superyacht. The profile is defined by bold, purposeful lines and an expanded beam that creates a loft-style main salon, producing the spacious, airy sensation of a much larger cruiser while retaining the brand's signature agility and spirited performance. A carefully appointed sun deck/flybridge and a planing hull complete the composition, giving this sophisticated sport yacht both poise and pace with effortless elegance.

This 2025 delivery represents a rare opportunity to acquire the sought-after Asymmetric SL series without a lengthy wait—an ideal prospect for an owner desiring immediate entry into the most in-demand motor yacht segment, with a modern superyacht ready for the season.
