OVERVIEW

Horizon FD90. Please be advised this listing describes a model specification for a new construction and not an existing hull offered for sale. For comprehensive information on the model and current build availability, please enquire for details.

Evolved from the striking FD87, the all-new Horizon FD90 fast-displacement luxury motor yacht carries forward signature attributes: an imposing 23'3" beam, a generous on-deck owner's suite complemented by four guest staterooms and two crew cabins below, and dramatic floor-to-ceiling glazing that floods the salon with light. Replacing the FD87's raised pilothouse, the FD90 introduces a walkaround, fully open or enclosed flybridge that delivers effortless circulation between the boat deck and the forward lounge to port. A large beach club and expansive aft swim platform extend the superyacht lifestyle at the water's edge, creating an idyllic setting for relaxation by the sea or for launching watersports and tenders. Offered in both open and enclosed Skyline bridge configurations. Available with enclosed or open flybridge, and with or without a beach club.
