OVERVIEW

The 2022 Warren 87 Skylounge Motor Yacht epitomizes refined Australian boatbuilding, combining commanding performance with sophisticated, contemporary living spaces. Propelled by twin 1,250 hp MTU diesels that show only demonstrator hours, she cruises at approximately 29 knots while offering three ensuite guest staterooms and dedicated crew quarters; a fully enclosed skylounge anchors generous alfresco and interior social zones, and a versatile beach club with an integrated tender garage extends the yacht's adaptable leisure areas. Thoroughly upgraded and exquisitely presented, she is in pristine turnkey condition and ready for immediate bluewater exploration.

DETAILED DESCRIPTION

Warren 87

Built in Australia by Warren Yachts, this striking motor yacht fuses the brand's athletic DNA with the generous volume, refined comfort and comprehensive amenities expected of a top-tier luxury vessel. Propelled by twin MTU 8V 2000 M94 shaft-drive engines producing 1,250 hp each and recording only demonstrator hours, she offers spirited acceleration, precise handling and a top speed of approximately 29 knots.

Her owners have invested extensively across interior, exterior and engineering systems, and the result is a meticulously maintained yacht styled by Christie Projects and presented in exceptional condition. The interior palette is defined by contemporary finishes, natural stone accents, bespoke furnishings, layered ambient lighting and considered detailing that together evoke the atmosphere of a five-star hotel.

Guests embark via an expansive, teak-laid swim platform that flows straight into a versatile Beach Club and toy garage. This waterside entertaining area is equipped with a wet bar, a Dometic drawer refrigerator, custom storage lockers, overhead storage baskets, Fusion audio, LED lighting and dedicated fender storage. The hydraulic garage door doubles as a sunshade, creating an idyllic waterside retreat, while the included Grand 340 centre-console RIB, powered by a Yamaha 40 hp outboard, is handled by the ADC 350 kg crane for effortless launching and retrieval.

Teak-clad stairs ascend to a spacious cockpit conceived for relaxed alfresco living and effortless entertaining. A substantial stone dining table, custom forward-facing lounge, wet bar with BBQ and sink, plus a fixed Black Stamoid shade extension create an inviting setting for dinner or sunset gatherings with family and friends.

Floor-to-ceiling curved stainless steel-framed sliding glass doors open seamlessly between the cockpit and the expansive main saloon, where new custom lounges, designer furnishings, natural stone surfaces, stainless accents and independently controlled ambient lighting establish a sophisticated yet welcoming environment. Entertainment amenities include a concealed electric hi/lo television, a second TV that lowers from the ceiling for cockpit viewing, a premium Yamaha multi-zone audio system, Starlink satellite internet and onboard Wi-Fi.

Forward of the saloon the formal dining area features a bespoke diamond-stitched dinette surrounding a natural stone table with polished stainless detailing, and a feature floating staircase with natural stone treads and custom stainless handrails rises to the enclosed skylounge. A second staircase provides direct access to the lower-level galley, lounge and accommodation.

The lower deck houses an expansive open-plan galley centred around an island bench equipped with a Miele induction cooktop, twin Miele ovens, a dishwasher, generous refrigeration and abundant storage. Opposite, a spacious lower lounge framed by large oval hull windows and an overhead skylight is flooded with natural light and offers a comfortable retreat.

Sleeping accommodation comprises three beautifully appointed guest staterooms, each with private ensuite access, complemented by a separate two-berth crew cabin. The forward VIP suite is fitted with an island double bed, an overhead circular hatch, custom upholstery, luxury bedding and a private ensuite. A starboard guest stateroom features a double bed and private access to an ensuite that also functions as the yacht's day head. The full-beam midship owner's stateroom is the centerpiece of the accommodation, offering a queen-sized island bed with a custom upholstered bedhead, luxury linens, a reading lounge, a walk-in wardrobe, television, electric blinds and refined soft wall finishes; the generous ensuite includes a double shower with a

ceiling-mounted shower rose, mirrored walls and extensive natural stone detailing.

The enclosed skylounge provides an additional private entertaining area with a helm station that incorporates dual 19-inch Raymarine Axiom XL multifunction displays, MTU engine instrumentation, FLIR night vision, Raymarine autopilot and two custom-upholstered Stella helm chairs. Aft of the helm, a custom L-shaped lounge with coffee table, designer rug, hi/lo television, drawer refrigerator and an upgraded audio system extends the space for relaxed socialising, and sliding doors open to a teak-laid aft skylounge balcony that benefits from a fixed Black Stamoid shade extension and a stainless steel Vitrifrigo drawer refrigerator. The foredeck presents a further tranquil outdoor lounge with a newly upholstered sunpad accessible via safe walkaround side decks.

Under the skin, the yacht is equipped for confident handling and efficient operation: hydraulic bow and stern thrusters, an MTU wired docking remote, a Zipwake interceptor trim system and upgraded variable-speed engine-room ventilation sit alongside twin 45 kW generators and CruisAir air conditioning to ensure comfort and reliable service onboard.

Recent maintenance and upgrades include servicing of the main engines and generators, fresh antifoul and PropSpeed, upgraded window tinting, a new onboard camera system, stainless steel gunwale trim, a hot and cold cockpit shower and a comprehensive professional detail. Presented in outstanding turnkey condition, with demonstrator engine hours, luxurious accommodation, expansive entertaining areas and strong performance, this Australian-built Warren 87 offers a rare opportunity to enjoy late-model ownership without the wait and complexity of new construction.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
