OVERVIEW

Discover the Epitome of Luxury: 2015 Sunseeker 92 ft Yacht

Step aboard this splendid 2015 Sunseeker, a masterful expression of naval architecture and refined taste, presently moored in the luminous waters of Mexico. With a graceful 92-foot profile and a generous 20-foot beam, the yacht presents a commanding silhouette that attracts admiration whether at anchor or slicing through the horizon.

The hull is a deep Vee, thoughtfully conceived by Sunseeker to deliver a composed and comfortable passage; at an economical cruising speed of 22 knots she moves with assured poise, yet when the mood for speed arrives she will rise to a maximum of 28 knots. Twin CAT inboard diesel engines provide the trustworthy power behind this performance, blending reliability with marine engineering excellence.

Inside, Sunseeker's own interior design creates a serene haven of luxury, accommodating up to eight guests in sumptuous surroundings and offering five beautifully appointed heads to ensure privacy and convenience for all aboard. The crew are well provided for in two dedicated cabins with berths for four, enabling attentive service and discreet operation throughout each voyage.

Built of fiberglass and plastic with a durable fiberglass deck, the vessel combines enduring construction with timeless lines. Practicality for extended cruising is evident in her substantial capacities: 2,906 gallons of fuel and 343 gallons of fresh water, allowing for long passages and the freedom to explore distant shores without compromise.

Offered for sale and ready to convey both presence and performance, this Sunseeker represents an exceptional opportunity for those seeking a refined yachting experience in Mexico. Embrace the chance to make this extraordinary vessel yours and discover the true pleasure of life at sea.
