OVERVIEW

WATER LILLY, a Horizon Yachts FD92 launched in 2021, introduces the first FD Tri-Deck profile that blends an enclosed skylounge with an open flybridge above. Though published as a 92-foot LOA, she presents with the grandeur of a larger yacht, boasting 198 GT (ITC) and delivering the airy volume and contemporary flow usually associated with much larger vessels.

The main deck welcomes with a custom aft seating area that leads into a refined salon featuring a day head, an open dining space, and a versatile open galley that can be discreetly closed off via a hi/lo screen and side doors. Forward, an impressive on-deck king master offers his-and-hers ensuites, underscoring thoughtful livability and privacy.

Below, the forward stateroom is a queen VIP, complemented to port by a twin cabin with one sliding berth, and aft by two matching VIP queens—each with ensuite facilities. Aft again lie the engine room and the crew area, with an ensuite captain's cabin and two crew bunkrooms sharing a separate head. At the transom, a welcoming beach club opens via a garage door to a broad hydraulic swim platform.

On the upper deck, the fore area offers U-shaped seating with twin opposing tables, sun pads, and ample storage. Amidships, the enclosed pilothouse serves as the primary helm, joined seamlessly to a comfortable skylounge with a day head. Aft, the boat deck features a starboard bar with stools and, further aft to port, a hi/lo propane BBQ in an FRP cabinet; a Steelhead davit to starboard services a generous open deck that flexes between toy stowage and lounging.

Ascend to the tri-deck to discover the radar arch and hardtop shading an aft L-shaped settee with a table, while forward there's a bench and sun pad to port and a secondary helm to starboard—equally suited to passage-making or sunset cocktails.

True to the FD ethos of impressive volume, WATER LILLY is ideal for extended family cruising or charter, with five comfortable staterooms and a wealth of distinct social settings. The boat deck and expansive hydraulic swim/dinghy platform readily accommodate water toys for days at anchor—remarkable capability and comfort in a 92-foot motor yacht with 198 GT.

DETAILED DESCRIPTION

Recent Work

WATER LILLY, a 2021 Horizon Yachts FD92, measures 92 ft in length overall. The bottom was treated with a pressure wash, light sanding, two coats of anti-fouling paint, and a third coat at the waterline. Running gear was cleaned to bright metal and received PropSpeed. The swim platform underwater hardware was cleaned to bright metal and also treated with PropSpeed. Propellers were removed and inspected, and the shafts were checked for smooth rotation. Cutlass bearings were replaced and installed. ABT stabilizers underwent their annual service, including hydraulic fluid, filters, cooler, seals, and zincs. Fresh oil changes were performed on the main engines, generators, and gearboxes. A survey, including a sea trial, was completed.

Main Deck

Cockpit

The aft deck and steps are finished in teak and feature two aft bulwark side boarding doors and a Marquipt seven step side boarding sea stair. Wind doors are fitted on each side of the aft deck providing access to the side walkways. Cleats have been upgraded and strengthened for towing. Custom aft deck seating comprises four sofas and a hi/lo table, and to starboard there is a mini bar with sink, fridge and ice maker. An electric folding TV cabinet houses a Samsung 43” QLED 4K TV. The space is equipped with a marine stereo system with speakers and a stainless steel sliding door (self locking) provides entry to the main salon.

Salon/Dining

A day head is located to starboard, aft. The salon includes a crystal cabinet, a

leather L shaped sofa, coffee table and chair to port, and two chairs with a small coffee table to starboard, finished with a custom area rug. A free standing custom storage cabinet separates the salon and dining areas. The dining set is a custom convertible dining table with eight hi/lo chairs. Electric single treatment curtains are fitted and there is a hinged door to port plus a sliding door to starboard for exterior access. A 55” QLED 4K TV is installed with Bose surround sound, a Blu ray player and Apple TV.

Galley

The galley features Cambria quartz countertops and flooring. Appliances include a full height SubZero refrigerator and freezer with icemaker and stainless steel paneling, a Miele oven and dishwasher, a Miele cooktop (three burner induction/two burner electric), a Bosch over the range microwave, and a GE trash compactor. There is a stainless steel double sink with InSinkErator disposal, a U Line wine cooler, full height pantry and storage, and hi/lo screen and privacy doors to enclose the galley.

Master Stateroom

The master stateroom is appointed with a king bed and nightstands with storage drawers, a port side loveseat and a starboard side vanity and desk. The ensuite is configured his & hers with a sink/vanity and toilet on each side and a center shower with rain showerhead. Two hanging lockers are provided (port and starboard), along with electric Roman shades and three opening portholes. A home theater system includes a 49” Samsung QLED 4K TV with Bose sound bar, Blu ray player and Apple TV.

Lower Deck

WATER LILLY is a 2021 Horizon Yachts FD92 with an overall length of 92 ft. The

lower deck furnishes a forward VIP stateroom featuring a queen bed flanked by nightstands that include storage drawers, port and starboard storage cabinets, a large hanging locker to starboard, and an ensuite with sink/vanity, rain shower and toilet; entertainment is provided by a 43” Samsung QLED 4K TV with marine stereo system and speakers. A port twin guest stateroom offers twin beds—one fixed and one sliding for full conversion—a hanging locker, an ensuite with sink/vanity, shower and toilet, and a 32” Samsung QLED 4K TV with marine stereo system and speakers. Two identical aft opposing queen staterooms each feature a queen bed with nightstands and storage drawers, large hanging lockers, ensuites with sink/vanity, rain showers and toilets, and 43” Samsung QLED 4K TVs with marine stereo systems and speakers. The captain’s cabin contains a full-size bed, hanging locker, ensuite with sink/vanity, shower and toilet, and a 32” Samsung QLED 4K TV with marine stereo system and speakers.

Crew accommodations include cabins with bunk beds, hanging lockers and storage, served by a shared head with sink/vanity, shower and toilet, and a crew galley equipped with a sink and cabinet, convection microwave and cooktop.

The beach club and swim platform feature a hydraulic door with built-in pantograph, a sofa and bar area with a Vitrifrigo fridge/freezer and barstools, a 32” Samsung QLED 4K TV with marine stereo system and speakers, and a hydraulic hi/lo swim platform rated to 2,000 lb capacity. The swim platform includes four sockets for removable handrails, a built-in hot/cold shower above the platform, and teak decking. Shestakov Yacht Sales.

Upper Deck

Forward Deck

The forward deck presents heavy duty stainless steel hand rails on both sides guiding the way to the ground tackle, with non-skid surfaces on the forward

and side decks. A Portuguese bridge features U shaped seating flanked by twin tables, sun pads and storage, while forward of the seating a cabinet houses a Vitrifrigo fridge/freezer and icemaker. To port of the seating is a sink with faucet, and a sail shade shelters the seating area. Pop up secret lights (2) and a marine stereo system with speakers are fitted.

Pilot House

The pilot house is configured with frameless windows in tinted Low E tempered glass for the windshield and tinted tempered laminated glass for the side windows. A custom designed helm includes two STIDD helm chairs, a full set of engine gauges, a monitoring system for important equipment, fuel and water gauges, a Ritchie Supersport magnetic compass, a surveillance camera system (PZT cameras for aft deck and engine room), a bilge pump panel and navigation lights.

Pilot House Navigation

Navigation equipment comprises four Garmin GPSMAP 8624 24” multifunction displays, two Garmin GPSMAP 943 units, two Garmin GPS 19x NMEA 2000 antennas, a Garmin GMR Fantom 54 72 nm solid state open array radar, a Garmin XHD 36 mile radar, an MBB300C for inputting Maretron information to the Garmin displays, and a Garmin Grid 20 remote input device. Communications and navigation electronics also include two Garmin VHF 315 marine radios, a Garmin AIS 800 class B AIS transceiver, a Garmin Reactor 40 Autopilot System, Garmin GMI 20 instruments with wind transducer and Airmar UST850, a Garmin GSD 25 and fishfinder with Airmar 1 kW CHIRP transducer, and a Garmin GXM 54 XM satellite weather antenna.

Skylounge

The skylounge features two hatches above the helm and is arranged with an L shaped sofa, a day head and a desk. Appointments include electric Roman blinds, a 49” Samsung QLED 4K TV with hi/lo TV lift and a Bose sound bar, plus a Blu ray player and Apple TV.

Boat Deck

On the starboard side, the boat deck houses a full bar with sink, a Vitrifrigo icemaker, fridge and three stools, while on the port side an FRP cabinet houses a hi/lo 24” propane Airtex BBQ. A Hydraulic Steelhead Marine davit (2,000 lb.) is located aft of the bar to starboard, with an added storage box beneath the davit beam. The deck is illuminated by floodlights and equipped with an MTU wired remote plug in, a marine stereo system with speakers and a sail shade for the boat deck area. Non skid surfaces are provided throughout, and removable stainless steel rails surround the deck. Each corner features oversized drains with strainers and internal overboard drains.

Tri-Deck

WATER LILLY is a 2021 Horizon Yachts FD92 with a length overall of 92 ft. The tri-deck features non-skid decking throughout. A forward helm station to starboard provides an integrated panel with engine controls, engine start/stop, two Garmin 8612 screens, autopilot, repeaters for wind, speed and depth, two Garmin VHF units, searchlight control, windlass control, a Ritchie magnetic compass and horn. A radar arch with hardtop and antenna bracket is installed, and the windshield is fitted with a stainless steel frame and stainless steel rails. To port of the helm there is bench seating with a sun pad cushion. A wet bar includes a sink, a Vitrifrigo refrigerator and icemaker, and storage cabinets. Aft on the deck is a large L-shaped sofa with a coffee table, and a marine stereo system with speakers is fitted. Shestakov Yacht Sales.

Miscellaneous Electronics

WATER LILLY, a 2021 Horizon Yachts FD92 with an LOA of 92 ft, features a GLOMEX TV antenna mounted on the radar arch and SAT TV via a KVH TracVision UHD7, complemented by a TracPhone V7-HTS dummy dome.

Connectivity is enhanced with WAVE WIFI Wi Fi Booster, Starlink, and a Pepwave MAX BR1 4G LTE router. Communication includes five Panasonic PBX telephones with intercom capability and an exterior connector for shore phone and cable TV. Surveillance is provided by two Axis CCD cameras covering the aft deck and engine room, while entertainment is managed by a Fusion marine stereo system with speakers throughout.

Interior Decor & Equipment

WATER LILLY is a 2021 Horizon Yachts FD92 with an LOA of 92 ft. The primary wood throughout the yacht is walnut accented with wenge hardwood, while satin oak serves as the main wood in the crew areas. Fabrica carpet graces all guest staterooms. Oak flooring covers the main salon, dining area, and skylounge, with walnut flooring used for the internal stairs. Cambria quartz is specified for the countertops and flooring in all guest heads. Two stacked Miele washer/dryers are located in the guest and crew companionways, and a fridge is installed in the guest companionway. Shestakov Yacht Sales

Engines & Related Systems

WATER LILLY is a 2021 Horizon Yachts FD92, LOA 92 ft. The vessel is powered by twin MTU 10V2000 M96L 1600 HP engines with gearboxes. Propulsion components include Aqualoy 22HS stainless steel shafts and high performance S-class five blade Nibral propellers, with bronze struts fitted with backing plates. Shaft and rudder packing glands are by Tides and marine seals are installed. The rudder is stainless steel with zinc plates. Engines exhaust through an underwater system with bypass mufflers, incorporating anti noise treatment to the exhaust system. Engine loads are distributed through flexible mountings on a stainless steel engine bed bonded to the hull. An engine alarm system monitors low oil pressure and high water temperature. Fuel filtration

comprises MTU supplied fuel filters/water separators, dual Racor 75/100 MA fuel filters/water separators for each engine, and a Racor 500 MA fuel filter for each generator.

Engine Room

WATER LILLY features a Delta-T engine room ventilation system and a cleanly arranged engine room with a lightweight honeycomb floor. Stainless steel overhead grab rails run along both sides of the engine, while LED ceiling lighting is enhanced by LED accents beneath the engines. The engine room is air conditioned and includes a workbench with sink and vise. Fuel tanks are equipped with sight and electrical gauges. A 400 gallon FRP fresh water tank serves the vessel, with fresh water charcoal filters in the main supply line and galley, a fresh water hose for filling engine and generator expansion tanks, engine room strainer plumbing with a cross-over line and fresh water flush, and marine grade lines throughout the fresh water system. Two 30 gallon water heaters are installed.

Waste and drainage systems comprise a 200 gallon FRP holding tank with macerator pump, a 100 gallon FRP sump pump, electric level indicators for both the holding tank and sump tank, and a high water level bilge alarm. An air hose to the bow is provided. Fire protection includes a Seafire fixed fire extinguisher (FM200) for the engine room with remote control, fire insulation in the engine room and fire resistant treatment for piping, portable fire extinguishers in five recessed lockers, and an integrated fire alarm in the skylounge with heat and smoke detectors in each cabin.

Mechanical

WATER LILLY is a 2021 Horizon Yachts FD92, 92 ft LOA, outfitted with ABT zero speed stabilizers (370/16X) and ABT hydraulic bow and stern thrusters rated 45

hp. A stainless steel emergency tiller resides in the rudder cabin, with steering by a Hypro system. Bennett trim tabs with indicators are installed.

The vessel offers compressed air support including a dive compressor and a Swan air compressor. Two Dyson wireless wand vacuum cleaners are carried. Climate control is provided by chilled-water Marine Air air conditioning, with four dehumidification units managed by four TrueIAQ controls. Hot water is circulated by a dedicated pump.

Fuel and fluid systems feature two electric fuel transfer pumps, a Reverso FPS210 fuel polishing system, and an oil change pump system servicing engines, generators and gears. Potable water and sanitation gear includes a Dometic Seaxchange watermaker rated 1800 GPD paired with a SpotZero 2000 GPD, a high-volume Headhunter AC freshwater pressure pump with a backup DC pump, a hot water circulation pump, a HeadHunter sanitary waste treatment system, and HeadHunter Bravo toilets. Grey water is managed by a sump pump system.

Bilge and safety systems comprise five electric Rule bilge pumps, two manual bilge pumps located in the engine room and forward staterooms, bilge exhaust ventilation fans, an auto shutdown system, and an automatic fire damper system.

Anchoring and mooring equipment consists of two 100 kg stainless steel anchors with high-tensile ½" 300' anchor chains, Maxwell anchor chain counters (two), stainless steel anchor rollers and chain stoppers (two), Maxwell VWC3500 vertical hydraulic winches (two) with foot switches and remote, Maxwell VC2500 electric capstans at the bow (no reverse function), two Maxwell VC2500 electric capstans at the aft deck, and a freshwater/seawater anchor chain washdown.

Electrical Systems

WATER LILLY is equipped with twin Onan 40 kW/60 Hz generators with sound shields (port 2790 hours, starboard 2840 hours). The yacht features a 100 A shore power system with two ISO Boost 100 A transformers and two 100 A Cablemasters. Starting power is provided by four 255 Ah AGM batteries for engines and generators, each paired with a battery charger (2), while the house bank comprises eight 210 Ah Lifeline AGM batteries. DC 24 V service power is supplied via two combined inverter/chargers, and there are two 210 Ah Lifeline emergency batteries with an independent battery charger. A vapor-proof battery switch is installed.

The main electric panel includes both AC and DC circuit breakers, and an emergency power package with emergency lighting is fitted. AC receptacles are located throughout the engine room, and GFI protection is provided for all AC outlets in the heads, galley and engine room; a second two-outlet GFCI is installed in the master bathroom, with additional outlets in the port guest cabin. Protection systems include an electrolysis bonding system and cathodic protection with zinc anodes for shafts, struts and related hardware. LED lighting is installed throughout the interior and exterior, supplemented by eight underwater lights, two stern docking lights and an extra LED searchlight. A Maretron monitoring and control system is also installed.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
